

Still Making Hay.
Says our Sonestown correspondent: "Samuel Smith is busily engaged making hay. The weather having been so unfavorable that he has not yet completed his haying." He must have planted his hay rather late last summer.

Hi Hung.
The Chinese general who is leading the rebel army is named Hi Hung. When he gets through with this outbreak his name will be Hung Hi.—Canton Sentinel.

Dora Crist visited her parents at Sonestown over Sunday.

Leben, leben, leben, Saturday is the eleventh day of the eleventh month of the eleventh year of the twentieth century.

Great Cabbage.
Says the New Albany Mirror: J. J. English exhibited a head of cabbage last week which was grown on Henry Woolsey's farm at North Street. This specimen of raw material for sauerkraut weighed 22 pounds and measured 47 inches in circumference. We call that great cabbage.

WAVERLY GASOLINE

SPECIAL MOTOR 76

No matter what car you use, be sure of the best gasoline.

The three famous Waverly Gasolines—**76° — Special Motor**

are best because they have no carbon deposits—the explosion is instantaneous, powerful, clean—the ignition is quick. No "natural" gasolines used in Waverly.

We know from years of experience just what it costs to manufacture good stoves. Our prices are as low as it is possible to make them without sacrificing quality. This we will not do. We have been in business for forty years. We have a reputation to maintain. We guarantee our stoves to give perfect satisfaction and, what is more, you know what our guarantee stands for and you know we will protect you.

Winter is Coming! Be Warm! Be Comfortable! Be Well!

Windsor Stoves and Ranges

FROM FOUNDRY TO FAMILY—AT ONE SMALL PROFIT

Windsor Stoves and Ranges are Sold Over Our Satisfaction-or-Money-Back Guarantee

"Blizzard Coming! Heavy snow accompanied by zero temperature is expected before morning!" This is the sort of a weather report we can look for before many more days have rolled around. Makes a fellow feel sort of "chilly" even to read it, doesn't it?

How about that old stove that gave you so much bother last winter? Remember, it will be worse than ever this year. Or that range that never has baked well and will not draw properly—that old "bunch of junk" that is making your wife almost hate to go into the kitchen? Be prepared! Be comfortable!

What's the use of shivering through another winter when a few dollars will put the new Windsor stove that never left a foundry right on the very spot where that poor, inefficient coal man's friend "now stands"? Replace your old, worn out range that will not bake your wife's delicious bread and cakes or dainty desserts the way it should do. Replace it with a Windsor range.

Never before was a range built so well fitted to cook "a mouthful of food to the queen's taste" as a Windsor.

Experts make the stoves we sell. They are men who have devoted their lives to manufacturing stoves.

So you see that Windsor stoves and ranges must be as nearly perfect as science can make them.

Some manufacturers build stoves to meet a "price". Windsor stoves are built to meet "perfection" and the price is fixed afterwards. Even so, our prices are no higher, and in many cases lower, than the prices many stove concerns ask for a cheaply made, indifferent product.

We know from years of experience just what it costs to manufacture good stoves. Our prices are as low as it is possible to make them without sacrificing quality. This we will not do. We have been in business for forty years. We have a reputation to maintain. We guarantee our stoves to give perfect satisfaction and, what is more, you know what our guarantee stands for and you know we will protect you.

HELP YOURSELF! YOU CAN HAVE ANY MONEY SAVER YOU WANT

Here is a Splendid Range

This is the Select "Windsor" Polished-Steel Range. It has double walls, lined with thick asbestos mill-board, is closely riveted together and will not warp or buckle. The fire-box has one piece fire-back and fire-front and the Duplex grate can be used with either hard or soft coal or with wood.

The oven is broad, deep, high, square in form and is thoroughly ventilated. The plated ornamental front of pure nickel, durable and attractive.

In buying this range you save fully one-third on the first cost of the stove alone, to say nothing of the money saved in using a price to us. Then we sell direct to you with only one small, legitimate profit added. Safety is yours when you buy from us. A guarantee—a broad, legitimate guarantee that takes away the element of risk—is your safeguard. Here is how we eliminate the element of risk—we guarantee every purchase will meet your every requirement. If for any reason it does not, we will make any exchange or alteration you wish or refund your money. Furthermore, we will repay you any transportation charges you have had to pay. Fair, square dealing.

Check No. 23.

Here is a Perfect Heater

The Palace Windsor is the best value we ever offered in a high grade hard coal stove burner. We have sold thousands of them and our customers voluntarily testify to its faultlessness and efficiency of these stoves.

The Palace Windsor is made with an extra heavy fire-pot that will not burn out, has extra large flues and is a powerful and economical heater. This means a large extra large and will save you much time and labor in keeping it lit.

The ash pit is large and will not need.

All nickel plating is heavy and durable.

The nice doors extend the full length of the fire chamber allowing the bright, cheerful light from the glowing coals to illuminate the room.

The base burner will be a source of constant comfort and pleasure to you and will save you money, time and labor.

Price, according to size, range from \$26.05 to \$33.75

KEEP HALF THE MONEY YOU HAVE BEEN IN THE HABIT OF PAYING FOR LIVING EXPENSES

SOLVE THE VITAL HIGH COST OF LIVING PROBLEM

HERE IS THE WAY

THE problem of supplying a family with plenty of food of the best quality is a perplexing one. To the man and woman of moderate means it may seem a problem that cannot be solved. If you are a housewife, you understand how discouraging it is to have the price of beef or butter or lard go up. You know that if the rise in prices is very much, your plans are upset. It is unpleasant to cut down on the quantity or quality of the food your family eats. Yet, you must when this happens. You must if you want to make ends meet and are still a slave to the old-time plan of paying four or five profits to four or five middlemen for food.

Now, look here! This cost of living problem is vital to you, isn't it? It really is a problem that you must solve!

Then you've got to save money, haven't you? But, do you know the real way to economize? Do you know a way to economize that will not inconvenience you one bit?

There is a way. Over two million people have discovered it. Over two million people, every year, buy food, clothes, furniture, stoves—almost everything they need to use in any way—from Montgomery Ward & Co. on the one profit plan.

Now, how have they solved the serious "high cost of living" problem? How will you be able to solve it by buying life's necessities from us?

Simply by doing this—by paying only one-half to four-fifths of the money you have been spending elsewhere for life's necessities, and getting in return from us better merchandise than you heretofore have been using.

We will explain the matter to you. The reason you can save 20 to 50 per cent on the dollar from us, is, of course, because our prices are lower—because we buy and sell 60 carloads of stoves, for instance, in a year where a small dealer only buys and sells half of one carload in a year. Now, you yourself know that if you buy a dozen pairs of stockings you will get a lower price on each pair of stockings than if you had only bought one pair.

That is the way we do business. But, we buy and sell hundreds of thousands of pairs of stockings, for instance, and get the rock bottom price.

Then, we give you the advantage of our ability to buy in such great lots. We ask you to pay only a very slight advance over the prices we pay.

Is that clear? Do you see that you really can save money by buying from Montgomery Ward & Co.? Well, just try it once. Just send us a small order. See for yourself that every article is of first quality. Begin to save. You must.

THIS UNLIMITED GUARANTEE PROTECTS YOU—"SATISFACTION—OR MONEY REFUNDED"

Remember that we guarantee—positively guarantee—that every purchase you make will please you. In filling your order, we will make every effort to satisfy your requirements. But, if by any chance you should not be fully pleased, send your purchase back. We will refund your money without question, or we will make any exchange or alteration of the merchandise that you wish. Furthermore, we will pay all the transportation charges you have paid.

The way to start buying from us is to get from us as many of our money-saving books as you can use.

The grocery book is number 11. We issue a new grocery book every two months. When you send us your name, we will put it on our list to receive this book regularly.

There are 37 other books—clothes, stoves, furniture, sewing machines, organs, pianos, wall paper—everything you need and want to make your winter months pleasant.

Mark the books you want on the coupon. Tear or cut out the coupon, fill it out with your name and address. We will send you the books that will help you as soon as we hear from you. The sooner you send the coupon, the sooner you will get the books that will start you on the right way to solve the serious "high cost of living" problem.
