Regarding the new store at Hughesville.

THE PUBLIC AMAZED

This Great Sale started with a regular jam of eager buyers who came from every section of this locality. The store jammed full every day since the opening. But it was a jolly and happy crowd. Hundreds of people carried away the extraordinary bargains and went home to spread the news and so the daily crowds are continuing. They find the bargains even better than they anticipated.

KEEP 1/3 OF YOUR GROCERY MONEY AND GET MORE AND BETTER FOOD

"I do not know what we will do if the cost of living keeps on increasing as it has in the past few years." Have you ever heard anyone make a remark like this? Of course you have. No doubt you yourself are trying to solve this problem. Perhaps you have lain awake nights trying to figure out some way to feed and clothe your family as you would like to and still make ends meet. The high cost of living problem is a serious one. Prices on food and other necessities are high, if you buy in the ordinary market. The papers are full of all sorts of schemes for solving this problem, but most of these plans overlook the important—the vital—feature. Prices are high principally because it costs too much to get merchandise from manufacturer to consumer. The ordinary selling system is too cumbersome—too round about—too expensive. There are too many middlemen to take out a profit—"too many fingers in the pie." Montgomery Ward & Co. have solved the high cost of living problem. This sounds like a big claim, but it's true, as thousands and thousands of our customers will testify. How did we solve it, you ask? Simply by cutting out unnecessary expense. We buy direct from the source of supply at prices which are but a slight advance over actual manufacturing cost. We sell direct, at one small profit. This is why we can cut your grocery and all other bills down one-third. You get better food, too, because we buy in quantities so large that we can demand the best, the choicest and the purest food made. Then, we test all this food in our big laboratory to be doubly sure that it is pure and wholesome. We even go so far as to make certain products ourselves because we cannot buy quite the quality we want. These are our Red Star products, purer than the pure food law demands.

OUR PLAN WORKS THIS WAY

It's easy to try our plan. We have a big grocery book. Let us send it to you and put your name on our regular grocery mailing list. Then you will get our special grocery catalogue every two months and can take advantage of all our special bargains. To the left of this announcement you will find a coupon, listing our 38 money-saving books. Look it over carefully—select and check the books you need and we will send them to you free of charge. Study these books carefully. Compare qualities and prices—convince yourself that what we say is correct; that we can save you money on everything you use. Then send us an order. Make it a small one if you are in doubt as to the quality of our goods. Remember that we back up every article we sell with our guarantee of satisfaction. You must be pleased or we will refund your money and pay all transportation charges. So, you see, you run no risk whatever in trading with us. Give our plan a trial. This is all we ask. We know we can save you money and want you to know it, too.
