### Is Chief of Police.

The many friends of George W. Magargel of McKees Rocks will be interested to learn that he has resigned his position with the Pressed Steel Car Company of that place in order to accept the appointment of Chief of Police of Stowe township, the suburban district of Pittsburgh in which his home is located.

Mr. Magargel, who was formerly of Muncy Valley, where his parents still live, is well qualified for his new position. He served six years in the U. S. Army, four years in the Pennsylvania State Police and in February would have completed two years as a coal and iron police. The fact that the appointment was made while his residence in that locality was yet so new is a high tribute to his character and ability.

His last visit to the county was made in July of this year, and his oldest son is now at Sonestown, the home of his wife, formerly Miss Myrtle Edgar, for several years a teacher in the public schools of Davidson township.

Mr. Magargel's new position is for three years and the general opinion of all who know him in police work is that he will make good and leave the township the better for his administration.

### "DAFFODILS."

We Demand That You Smile Once-in-A-while.

If some one should pinch a barber would Julius Bahl.

Morgan's uncle gave him ten cents, Morgan Gavitt to A. H. Buschhausen for a tin whistle, now if the editor has a black eye next week will it mean that Morgan Gavitt to him.

The following daffodil was heard upon the street, author unknown, presumably one of the Carpenter Brothers: If it takes three quarts of water for Clarence Harvey to bathe in, how much would it take to Duck Eddy.

If Guy Crossley can step six feet how far can Henry Stepp.

If you should knock the props out from under Williamsport, would it Dump Crossley?

The following daffodils taken from the New Albany Mirror, reflect personally on the News Item force: If Lake Mookoma should sink, where would Raymond Sum[er]?

If the young ladies of Laporte find Latin and Greek disagreeable, we recommend them to study English.

### QUALITY

When people realize that it is not the quantity for the money, so much as the quality that counts, then they will patronize the store which does business in good pure goods. Cut prices often mean cut qualities. Our prices are as low as good goods will allow. Our goods are not of the cheap mail-order variety. When comparing prices do not forget to compare qualities. If you find the prices lower than ours, then you will find the qualities inferior—generally "bargain house" job lots.

Ask us to show you why our stock is superior.
