MILDRED AND BERNICE.

A fatal accident happened at the Connell breaker on Friday night by which a foreigner lost his life. He was one of the loaders. While stepping from one car to another the engine started the cars resulting in his falling between the cars. One of his legs was cut off in two places between the ankle and knee. The other was cut off close below the knee. He lived from 10 p. m. to 4 a. m. Saturday Saturday morning. He came to this country three months ago, and had only worked about three weeks at the Connell breaker. He was buried in the St. Basil Cemetery on Saturday afternoon.

NOTICE.

John B. English, the last editor and Publisher of the News Item on All Fools day took his departure without leaving any notice as to where he wants his paper sent. He left most of the type, locked in forms, piled on galleys or hidden away in boxes. Owing to the more than scarcity of available printers this is the first paper we were able to get out since. We hope our many patrons will be patient with us until we can get the paper in proper running order again. The departure of Mr. John was entirely unexpected to us, and the fact was not brought to our attention for several days after he had left the town. The management of this paper has been entirely in his hands since last July, and it will take some time to get things again in proper running order, accounts looked after, correspondence attended to and many other things we cannot at present mention. Give us time and we will try and see that everything comes right in the end.

Estate of Thomas J. Ingham.

We hope next week to have a full line of correspondents. Write and tell us who you are if nothing else. Remember we furnish stationery.

This week's Item is just to tell you why we have not been around to see you before this month. We don't intend to neglect you again; but we have had mighty hard hustling to get out as much as we have and get it out this week. Next week we'll do better and improve a little each week.

H. J. Schaad was a Buffalo visitor last week.

Electric Sparks.

President Taft cares not who makes the loudest noise provided he gets the delegates.

The Republican Presidential campaigns are making so much noise it is hard to hear anything in the Democratic camps.

Nothing ever surprises a newly married man much after he gets used to seeing his wife lay down half her hair.

Maybe you are one of those chaps who want the earth. If so what would you do with the old thing if you had it?

One touch of base ball makes the whole world kin.

If you don't know all about the baseball leagues just ask the first boy you meet.

Some Senators will vote to expel Lorimer because they hate to sign their own political death warrants by voting to keep him in the Senate.

QUALITY

When people realize that it is not the quantity for the money, so much as the quality that counts, then they will patronize the store which does business in good pure goods. Cut prices often mean cut quality. Our prices are as low as good goods will allow. Our goods are not of the cheap mail-order variety. When comparing prices do not forget to compare qualities. If you find the prices lower than ours, the you will find the quality inferior—generally "bargain base" job lots.

Ask us to show you why our to. k is superior.

SULLIVAN COUNTY FOR ROOSEVELT

Below we give the official vote of Sullivan County. The Item favored Roosevelt and we are pleased with the result because that we believe that his nomination is not for the party and for the interest of the common people.
