

"Every Picture Tells a Story"

BAD BACKS DO MAKE WORK HARD

Backache makes the daily toil, for thousands, an agony hard to endure. Many of these poor sufferers have kidney trouble and don't know it. Swollen, aching kidneys usually go hand in hand with irregular kidney action, headache, dizziness, nervousness and despondency.

Just try a box of Doan's Kidney Pills, the best-recommended special kidney remedy. This good medicine has cured thousands.

HERE'S A TYPICAL CASE—
Walter J. Stanton, 1139 Pear St., Camden N. J., says: "Kidney trouble bothered me 15 years. If I stooped, sharp twinges shot through my back and it was hard for me to arise. I began using Doan's Kidney Pills after doctors had failed to help me and soon noticed improvement. I continued until entirely cured."

Get Doan's at any Drug Store, 50c. a Box
DOAN'S Kidney Pills

Some men never brag about themselves—and don't blame them.

Health is the fashion. Take Garfield Tea, the herb laxative which purifies the blood and brings good health.

A girl can be sentimental even about the way she eats pickles.

A better thing than tooth powder to cleanse and whiten the teeth, remove tartar and prevent decay is a preparation called Paxtine Antiseptic. At druggists, 25c a box or sent postpaid on receipt of price by The Paxton Toilet Co., Boston, Mass.

A Correction.
"We are drifting toward a paternal form of government," said the economist.
"Pardon me if I correct you," responded the suffragette, gently; "to be accurate, you should say a maternal form of government."

THEN HE WENT.

Myrtle—Have you ever tried to figure out what Shakespeare meant by the words, "Stand not upon the order of your going?"
George—No. Have you?
Myrtle—Yes. The definition is "Don't wait for a house to fall on you."

THANKSGIVING PSALM
A Rhythical and Grateful Chant.

A teacher in a Terre Haute public school joins in the chorus:
"Teaching is a business which requires a great deal of brain and nerve force. Unless this force is renewed as fast as expended the teacher is exhausted before the close of the year. Many resort to stimulating tonics for relief."
"For 3 years I struggled against almost complete exhaustion, getting what relief I could from doctors' tonics. Then in the spring of 1903 I had an attack of la grippe and malaria which left me too weak to continue my work. Medicine failed to give me any relief, a change of climate failed. I thought I should never be able to go back in school again."
"I ate enough food (the ordinary meats—white bread, vegetables, etc.), but was hungry after meals."
"I happened at this time to read an article giving the experience of another teacher who had been helped by Grape-Nuts food. I decided to try Grape-Nuts and cream, as an experiment. It was a delightful experience, and continues so after a year and a half of constant use."
"First, I noticed that I was not hungry after meals."
"In a few days that tired feeling left me, and I felt fresh and bright, instead of dull and sleepy."
"In three months, more than my usual strength returned, and I had gained 15 pounds in weight."
"I finished the year's work without any kind of tonics—was not absent from duty even half a day."
"Am still in best of health, with all who know me wondering at the improvement."
"I tell them all 'Try Grape-Nuts!'" Name given by Postum Co., Battle Creek, Mich. "There's a reason."

Ever read the above letter? A new one appears from time to time. They are genuine, true, and full of human interest.

Statistics Show Right-Handed Pitchers Issued Almost as Many Passes—Leifield Steadiest.

The weird performances of some left-handed pitchers have given bugs the impression that practically all southpaws are of the wild and woolly variety. The averages tell a different story. A comparison of the records of the five leading right-handed pitchers of the major leagues with those of the five best left-handers shows that the control of the southpaws is almost as good as that of the starboard flingers.

National League right-handers were somewhat steadier than left-handers, and the port hurriers of the National were a trifle wilder than those in the American.

Bender, Coombs, Ford, Johnson and Walsh are the leading American league right-handers. The five gave 459 passes in 1,525 innings, or 169 nine-inning games, making an average of two passes for every nine innings. Marquard, Sallee, Wiltse, Rucker and Leifield, the crack left-handers of the same organization, averaged two and two-thirds bases on balls a game.

Christy Mathewson, the steadiest of National League pitchers, averaged one pass for every nine innings he pitched. Ed Walsh's average was about one and one-half per battle. "Doc" White was the steadiest of all left-handers, with only one and one-half passes per nine innings. Leifield of the Pirates was the steadiest National left-hander, with two and one-third passes per nine innings.

Pitcher Leifield of Pittsburg.

age of little over two passes per game. Gregg, Plank, Collins, Vaughn and White, the leading southpaws, gave 296 passes in 1,056 innings, or an average of two and one-half per game in 117 nine-inning games.

Alexander, Mathewson, Brown, Adams and Suggs, five of the crack right-handers of the National league,

HOW TO FOOL MAJOR LEAGUE SLUGGERS

Emil Richter of the Chicago Cubs.

"Go, get a curve ball to mix with your smoke." That's the admonition given with the best approved managerial intent with the view of doubling the slab effectiveness of Emil (Reggy) Richter, Cub right-hander. With more zip to his curve Reggy should develop into a whale of a pitcher. He now has the speed; in fact, he tops all the other Cub hurlers in this particular department.

Prior to catching on with the West Side club "Rick" starred in several close games for the Louisville Colonels, where, under the tutelage of Heine Peitz, former Cincinnati backstop, he learned the rudiments of serving an outcurve and outdrop which blended successfully with his known

LEFT-HANDERS NOT SO WILD

smokeball prowess. Reggy will tell you he possessed little more than speed and a prayer when he was identified with the Rogers Parkers, appearing on semi-pro fields around Chicago.

Sometimes more than "smoke" is needed to win ball games in major society. Hence the instructions given Reggy to keep busy. Much is expected from the giant this year and just as soon as he masters a sharper curve his name will likely be seen at regular and stated intervals in box scores of championship combats. Jimmy Archer, who has been working with Reggy, reports the latter as well advanced in his pursuit of greater curving knowledge.

Connie Mack has announced that he intends to keep Hart, Maggert and Gipe.

The most consistent hitter on Griffith's team to date has been Jack Flynn.

Cornell's baseball prospects are poor. The team lost every infielder by graduation last year.

Aside from his pitchers, Griffith has but three regular left-handed hitters with his Washington team.

George Mullin says he has set his heart on this being his best year. To make it that he will have to go some, all will admit.

George Kahler it is and not Kaler. The Nap pitcher says he is German and that his name contains all the letters that go with it.

Washington sent a scout to sign Pitcher Moran of Washington Lee university, but Hughey Jennings beat him to the prize and landed Moran for Detroit.

Tom Stark, last year manager of Monmouth and this year slated to manage Rock Island until that town lost its franchise, has signed with Wichita.

An investigation of the baseball trust is all very well, but many a ball player is in favor of the conviction of umpires for unreasonable restraint of bases on balls.

Complaints are already coming from the Detroit inner circle that Outfielder Hank Perry, secured from Providence, lacks ambition and he may not fill the bill as Jennings expected.

GAME HAS GONE BACK

Anson Says Baseball Not Up to Standard of Old Days.

So Many Leagues Requiring Players That There Are Not Enough Stars to Go Around—Gives Names of Old Players.

"You can state it as emphatically as you desire as coming from me, that the article of ball being furnished in the major leagues today is not up to the standard of play when I was in the game," was the statement made by Captain Adrian C. Anson, one of the grand old men of the game.

Pop added:

"There is a reason for this. The National League was organized in 1876, and the cream of all the players in the country were gathered together in the eight clubs. The National League had full sway for about ten years. Each season we skimmed off the stars and brought them into the ranks. Then the old American Association was launched and more players were needed. The skimming of players continued.

"The American League started off by grabbing all of the stars of the National League. Other leagues grew up and the demand was greater than the supply. At the start the American League furnished a better article of ball than the National, because the ranks of the latter had been raided. The parent organization had to go out for new blood. It takes years to develop a ball player, even after his natural ability has been demonstrated. The National League has improved until today it is a toss up whether it or the American League is playing the better ball.

"The game is fast getting back to where it was when I quit. It may take a few years, but it is bound to get there. Ask a fan of the present generation to pick stars, who compare with the old ones, and he will probably name Cobb, Wagner and Collins and stop there. Not so in my time. The equal of Buck Ewing as a catcher has never been known to the game. They try to tell me that Johnny Kling was the equal of Buck, but he never was in his class. I can name quite a few catchers who were equal, if not better, than Kling. It is the same down the line, McCormick, Clarkson, Radbourne, Keefe, Welsh, Ferguson and Rusie were better pitchers than they have today. No one was ever in King Kelly's class as a base stealer. For hitters look over this bunch and see how they compare with the swat artists of today; Brouters, Connors, O'Rourke, Delahanty, White, Rowe, Richardson, Thompson. Many others could be named.

"The great trouble with the major league teams today is the fact that they are forced to pick players before they are ripe for fast company to fill the ranks. In a few years these youngsters will develop into stars, and then they will give a good account of themselves. Young men are beginning to realize the great field which is open to them in baseball, and they are learning to play the game, which is bound to get better and stronger in the years to come."

JOE JACKSON IS SPEEDIEST

Professional Timer Declares Cleveland Outfielder is Fastest Man on Bases in League.

George Dietrich, a professional timer of anything that is in motion, from pacers, trotters, automobiles to aeroplanes, has become interested in the speed of ball players, and he declares that in his opinion Joe Jackson of Cleveland is the fastest man in baseball.

"I am positive," said Dietrich, "that if this is not a record time, it is preciously close to it. I have timed a good many other players over the same route, and I never caught another man under two and three-quarters seconds. The only men who, according to my watch, made the distance from the plate to first in two and three-quarters seconds are Ty Cobb and Wilbur Good."

"I have timed Jackson from the plate to second base in '— and one-quarter seconds."

Joe Jackson.

HER IDEA.

Mrs. S. Clete (teaching her whist)—Have you any diamonds?
Mrs. Newriche—Well, I guess. I've got nearly \$40,000 worth of 'em upstairs.

TO KEEP THE SKIN CLEAR

If your dealer cannot supply W. L. Douglas shoes, write W. L. Douglas, Brockton, Mass., for catalogue. Shoes sent everywhere delivery charges prepaid. Fast Color Eyelets used.

SUFFERED EVERYTHING

For Fourteen Years. Restored To Health by Lydia E. Pinkham's Vegetable Compound.

Elgin, Ill.—"After fourteen years of suffering everything from female complaints, I am at last restored to health. I employed the best doctors and even went to the hospital for treatment and was told there was no help for me. But while taking Lydia E. Pinkham's Vegetable Compound I began to improve and I continued its use until I was made well."
—Mrs. HENRY LEISEBERG, 743 Adams St.

Kearneysville, W. Va.—"I feel it my duty to write and say what Lydia E. Pinkham's Vegetable Compound has done for me. I suffered from female weakness and at times felt so miserable I could hardly endure being on my feet. After taking Lydia E. Pinkham's Vegetable Compound and following your special directions, my trouble is gone. Words fail to express my thankfulness. I recommend your medicine to all my friends."—Mrs. G. B. WHITTINGTON.

The above are only two of the thousands of grateful letters which are constantly being received by the Pinkham Medicine Company of Lynn, Mass., which show clearly what great things Lydia E. Pinkham's Vegetable Compound does for those who suffer from woman's ills.

If you want special advice write to Lydia E. Pinkham Medicine Co. (confidential) Lynn, Mass. Your letter will be opened, read and answered by a woman and held in strict confidence.

REAL ESTATE

WESTERN CANADA FARM LANDS for \$12-18 the finest mixed farming district in Canadian West. Close to Prince Albert, Sask., splendid market port. Free government homesteads also with 20 miles of City, crops excellent, settlement coming in fast. For free literature and maps write to the Woodward, Sec. Board of Trade, Dept. L, Prince Albert, Sask.

44 Bu. to the Acre

is a heavy yield, but that's what John Kennedy of Edmonton, Alberta, Western Canada, got from 40 acres of Spring Wheat in 1910. Reports from other districts in the province showed other excellent results—such as 40 bushels of wheat from 120 acres, or 53-1/2 bu. per acre, 25,30 and 40 bushels yields were common. As high as 132 bushels of oats to the acre were threshed from Alberta fields in 1910.

The Silver Cup

At the recent Spokane Fair was awarded to the Alberta government for its exhibit of grain, vegetables, reports of excellent yields to be had in the choicest districts. Schools throughout the province excellent, climate excellent, soil the very best, railroads close at hand, building lumber cheap, fuel easy to get and reasonable in price, water supply abundant, mixed farming a success.

Write to best place for settlement, settlers' low railway rates, descriptive illustrated "Last Best West" sent free on application and other information. In Sup'l of Immigration, Quito, Canada, or the Canadian Government Agent. (36)
