An interesting base-ball game was played on Saturday afternoon between Laporte and Nordmont. Since the Laporte team was gotten up hurriedly and have had no practice, their defeat to the tune of 11-10 was not so bad. Hart Anderson pitched a very good game, and Ellery Minnier made a fine catcher. Clarence Taylor was undoubtedly the feature of the game, his batting adding a great deal to Laporte's score. Mr. Pennock deserves a great deal of credit for the good game he played. In fact all the players rose to the occasion thoroughly, and showed that if they had had an opportunity for practice they could have reversed the score and then some.

Two Prisoners Break Jail

On last Saturday morning, at an early hour, Thomas Haus and Edward Slouskey, two prisoners held in the County jail awaiting trial at the September term of court made their escape.

Thomas Haus, a few weeks ago, picked the lock in some manner on the door in the room in which he was locked and made his escape. He was captured in Williamsport by the city police on Aug. 17th, and was brought back to this place the following morning by Sheriff Cott and placed in a cell by himself.

Sometime during last Friday one of them played a mouth-organ while the other one filed the lock nearly through, then filled it with soap, on the cell which Haus occupied, then after the other three prisoners in the same room were fast asleep, they, with the aid of a scrub broom, an iron brace about ten inches in length broken off of the wash stand and a file, the file getting in the jail in some way unknown to anyone, bursted the lock on Haus' cell, then they pried out the brick in one end of the jail large enough for them to squeeze through, taking a bed sheet tied it to a cell which left them down on the outside and made their escape without any of the other prisoners hearing them. They are still at large.

## Death of Mrs. Rosanna Allen

Y., where she grew to womanhood, and was married. She and her husband then moved to New Albany, about 40 years ago, where she has since resided. ## Open Letter to the Supervisors of Laporte Township

Eagles Mere, Pa., Aug. 26, '12  
Gentlemen:  
I think we will agree with this statement. "No chain is stronger than its weakest link."  
The roads, (taken as a whole) are better than they have ever been before, of course they are not perfect. I doubt if you have the funds to bring this about. But notwithstanding, we (the traveling public) wish to call your attention to what should, could and can be done at once without any delay.

For weeks and week, some culvert have been N. G. especially one Iron Culvert near the Shrewsbury line because the gutters were stopped up, also the side ditches between Celestia and the Shrewsbury line. Two men in one day could do that much and I think more.

Of course if you were able to fill up those low places with small stone, it would be fine. Although a poor man, I would throw in a dollar to bring it about.

Gentlemen don't let what can be done grieve the rest of the road a "Black Eye."

Yours respectfully,  
A. C. JENKINS.

## DASH INTO TRAIN HORSES ARE KILLED

Excursionists on W. & N. B. Railroad Given Scare by Exciting Collision

## PASSENGER CAR DAMAGED

A brown team, the property of Alvin Cramer, dashed into an excursion train on the Williamsport & North Branch railroad last Saturday morning. One of the horses was instantly killed by the force of the collision and the other was so badly injured that it had to be shot.

The pole of the wagon damaged a passenger coach somewhat and the passengers of this car received somewhat of a scare. The team was in charge of Mr. Cramer's son and a load of lime was being placed on the wagon at the Chippewa lime kilns. Shortly before the excursion train reached the Chippewa crossing the engineer sounded his whistle and it is believed that the noise frightened the team.

The driver was in the lime kiln when the horses started away and never had a chance of stopping his team. The kiln is a short distance from the railroad crossing and the team plunged headlong into the train as it passed this point. They struck the next to the last passenger coach and the one horse dashed out his brain against the side of the car. The other horse had its legs broken and he was shot by a Mr. Artley. The pole of the wagon itself was damaged but little. The train was stopped and an inventory taken of the damage, after which it proceeded on its way.

## SCHOOL GROUND IMPROVEMENT FUND

Early last spring the teachers of the Borough schools decided to start a fund for the improving of the school grounds. By entertainments and donations they have raised about fifteen dollars and the money is on deposit in the bank here. The following directions accompany the deposit: "This fund is raised for the exclusive purpose of grading, clearing, improving and beautifying the public school grounds, at Laporte. As the fund is increased, the money is to be deposited in the First National Bank, of Laporte. It is understood that the fund is not to be used or drawn upon until the amount of same shall be sufficient to do the work desired, which amount shall not be less than one hundred dollars.

A committee, to consist of the teachers and two other persons, is to be appointed by the President of the School Board, when said fund shall reach one hundred dollars, which Committee shall decide upon the work to be done and procure estimates and let the contract therefore. And the said Committee shall then have power to use all or such portion of this fund as may be needed. If any portion of the fund remains, it shall be used as the teachers of the school shall direct."

The receipts from the ball game played by the juveniles last Thursday were turned over to this fund. Any one desiring to contribute to this most worthy purpose can hand the money into the bank and it will be properly credited.
