QUALITY

When people realize that it is not the quantity for the money, so much as the quality that counts, then they will patronize the store which does business in good pure goods. Cut prices often mean cut quality. Our prices are as low as good goods will allow. Our goods are not of the cheap mail-order variety. When comparing prices do not forget to compare qualities. If you find the prices lower than ours, then you will find the quality inferior—generally " bargain hunter" job lots.

Ask us to show you why our stock is superior.
