# FOR TAX REFORM

Real Estate of Public Utility Corporations May Taxed Locally

Suggestions have been made to the joint committee of the Senate and House of Representatives of Pennsylvania, that the real estate of corporations, such as electric light, heat and power companies, railroad and railway companies, gas companies and other utility corporations should be taxed locally in addition to the other taxes which they pay.

Requests have been made to the committee for legislation imposing

County officials have requested the committee to recommend legisturn to the county a larger portion.

#### Fired Three Bullets Into Body of Grace Stidfole at Williamsport

Williamsport was filled with excitement Friday morning of last week about 8:45 o'clock, when several shots were fired on East Canal street in the vicinity of the house kept by Mame Irvin and it became known on the streets that an attempt to murder had been made. The victim was Miss Grace Stidfole, an inmate of the Irvin house, and the man who did the shooting was John Erble, a steel worker, who has been a lover of Miss Stidfole for about two years. After the shooting Erble walked away and for several hours the city was stirred while a hunt for him was being made by the police. The girl was shot three times by Erble. At the hospital it is stated that she cannot recover and her death is looked for at any time.

Miss Stidfole is the daughter of Mrs. Anna Stidfole, of 111 Arch street, Newberry.

As soon as the report of the shooting was sent to the police station Chief of Police Harder called out all of the night men and sent them in all directions to look

for Erble. All the men were cautioned to act with care when they made the arrest as it was known that Erble had reloaded his revolver before he left the East Canal street house. Officer William A. Berry learned that Erble was seen on Arch street and was at that time walking toward the river.

Officer Berry went to the river bank and then walked slowly up the old toe path. When he reach-ed a point a short distance east of the Williamsport boat club house he saw Emble in the heat of he saw Erble in the bushes between the tow path and the river. About the same time Erble saw the officer who was in citizens clothes, and at once pulled his revolver and prepared to fight.

Here Officer Berry used a great deal of judgement and also proved that he had his nerve with him. He saw that that was not the time to advance upon the fugative and so he delayed the attack and looked around for a time and then Erble seemingly took the second thought, decided not to resist arrest, for he placed his revolver back in his pocket and then at this point Berry covered him with his revolv r and demanded Erble to hand over his gun to him, which he at once did. Officer Berry was alone at the time

prisoner to the police station on the trolley car and placed him in a cell. John Erble and Grace Stidfole
