A new and important enterprise has just been launched in Kansas City, of which Bruce E. Nace, son of our former townsman, D. B. Nace, is one of the incorporators. Will Merrill, the shares being equally divided among these gentlemen, who are experienced business men.

Persons who suffer from indigestion can not expect to live long because they cannot eat the food required to nourish the body and the products of the undigested foods they do eat poison the blood. It is important to cure indigestion as soon as possible, and the best method of doing this is to use the preparation known as Kodol Dyspepsia Cure. It digests what you eat and restores all the digestive organs to perfect health. Trout's drug store.

A series of strange occurrences are reported from a funeral in a part of Franklin county last week, says Public Opinion. On the way from the train to the house where services were to be held, one of the mourners accidentally thrust his elbow through the pane of glass in the back; at the house the undertaker broke the glass in the coffin lid; at the grave a mourner accidentally dropped her handkerchief in the open grave after the coffin had been lowered; and at dinner, after the funeral, thirteen persons were about to sit down to the table. A fourteenth was soon procured. Now, the mourners and friends are looking for something to happen.

To The Public.

Since the beginning of the New year, I have not been able to work in my shop on account of rheumatism. As many of the people about town, at least, know, some persons are circulating a wicked and slanderous report about my having other reasons for not being at my shop. For the benefit of any who may be interested, I submit the following from my physician, Dr. Mosser: "With reference to the report that Isaac Watson's illness is the result of a wounded arm, and not rheumatism, I hereby state that upon my examination of Mr. Watson in the presence of disinterested persons, there was not a scratch to show that there was the slightest suspicion for such a charge."

JNO. W. MOSSER.

This examination was made in the presence of J. George Tritle and William Baumgardner. The parties manufacturing the report and aiding in its circulation have been located.

It is owned, edited, and managed by Mrs. Belle Wolf. A dozen years ago, upon the death of her husband who was at that time editor of the paper, she stepped in to the sanctum, took up the quill, and has proven herself entire master of the situation. May the year upon which the Chronicle has just entered be one of continual prosperity and favor.
