Reed Sloan Cremated.

We publish the following extract of a notice of the death of Reed Sloan, published in the Salinas (Cal.) Gazette of January

"As a man he stood high in the community and was esteemed by all who knew him. He was of an even temperament, and made friends wherever he went, and his demise is mourned by not only a host of friends in Salinas but throughout the state; and along the telegraph wires north and south sped the news yesterday, saddening the hearts of the operators who were his personal friends. Probably no man in the employment of the Western Union Telegraph Company was more esteemed by the officials and worthily did he merit the marks of favor shown by them, for it was in the performance of his duty in the capacity of a lineman that he impaired his health, which from that time gradually failed until the end came."
