Health and Beauty. A poor complexion is usually the result of a torpid liver or irregular action of the bowels. Unless nature's refuse is carried off it will surely cause impure blood. Pimples, boils and other eruptions follow. This is nature's method of throwing off the poisons which the bowels failed to remove. DeWitt's Little Early Risers are world famous for remedying this condition. They stimulate the liver and promote regular and healthy action of the bowels but never cause griping, cramps or distress.
