#### Army Reports on Filipines Murdered by Filipinos.

Washington, (Special) -Among the latest reports received by the War Department is a statement from the commanders of the military districts showing the number of natives killed or as-saulted by the Filipinos because of real or suspected sympathy with Americans. These reports, which extend to the These reports, which extend to the middle of last December, show that the number of natives murdered was 504, while 513 were assaulted. In addition to these, 90 municipal officials were murdered by natives, it is alleged, because they took office under the American offi-

cials, and 32 were victims of assault.

The records also show that up to August last 31 enlisted men and 3 civilians had been tried by court-martial for offenses committed against natives. Ten of these were sentenced to death, four to life imprisonment and 20 to terms of imprisonment ranging up to 20 years.
