TROUBLES OF A BRIDAL PARTY.

"Say, what kind of a hotel do you keep?" said a green looking man, as he stepped up to the counter and registered his name...

that looked like a porter, came in the room and told her to fly, and save herself, and follow her husband. She felt awful when she found there was no trouble and we went back to our rooms half frozen.

MOTHERS OF GREAT MEN.

Raleigh said that he owed all his politeness and deportment to his mother. Chopin's mother, like himself, was very delicate.

Saves Woman's Life.

To have given up would have meant death for Mrs. Lois Cragg of Dorchester, Mass. For years she had endured untold misery from a severe lung trouble and obstinate cough.

CATTLE RAISING PAYS OUR FARMERS.

As a result of the high prices ruling for beef, cattle raising has considerably increased throughout southern Pennsylvania and promises to attain its old-time importance.

Don't Fail To Try This.

Whenever an honest trial is given to Electric Bitters for any trouble it is recommended for a permanent cure will surely be effected.

Two Bottles Cured Him.

"I was troubled with kidney complaint for about two years," writes A. H. Davis, of Mt Sterling, Pa., "but two bottles of Foley's Kidney Care effected a permanent cure."

The annual commencement of Central State Normal school, Lock Haven, Pa., was held Wednesday morning. Seventy-six young women and twenty-seven young men received diplomas.

CATCH PHRASES.

There are many instances of where a suitable catch line, well drilled into people, has been of great value in building business.

You can make people believe about what you like if you go about it properly. If a man comes to you to-day and tells you there will be a panic inside six months, you will pay no attention to him.

Possibly you yourself could not be influenced in such a manner, but the common run of people are built that way, and will believe what they are told often enough, that is why an expressive catch phrase does good.

As ordinarily used, such a phrase is of little value, because it is not properly hammered into people. Such a line should go on letter heads, bill heads, stationery, envelopes; should go into every ad. or circular, should be seen about the store, should appear on labels.

Vacation Days.

Vacation time is here and the children are fairly living out of doors. There could be no healthier place for them. You need only to guard against the accidents incidental to most open air sports.

Mother Always Keeps It Handy.

"My mother suffered along time from distressing pains and general ill health due primarily to indigestion," says L. W. Spalding, Verona, Mo. "Two years ago I got her to try Kodol. She grew better at once and now, at the age of seventy-six, eats anything she wants remarking that she fears no bad effects as she has her bottle of Kodol handy."

Orders have been issued by the Pullman company prohibiting the placing of banners on their cars. They maintain that hot cinders and particles of burning material from the engine, lodge between the cloth and car, causing much damage to the woodwork of the equipment.

Treat Your Kidneys For Rheumatism.

When you are suffering from rheumatism, the kidneys must be attended to at once so that they will eliminate the uric acid from the blood. Foley's Kidney Cure is the most effective remedy for this purpose.

The Londonderry Diamonds. It is expected that the most re-splendent diamonds at the coming coronation will be worn by Lady Londonderry.

INDIANS KEEP BEAD ART.

An art in which their forefathers were more perfect than any other people, but which has since retarded in prominence, is now being taught the Oneida Indians in Wisconsin.

The scholars have, since the first introduction of the work in the schools, made such progress and taken such interest in it that they are now, under supervision, able to do the work for their lighter-skinned brethren in the outside world, and many orders are being filled at the schools.

A.R. Bass, of Morgantown, Ind., had to get up ten or twelve times in the night and had severe backache and pains in the kidneys.

CATS HAVE GOVERNMENT JOBS.

On the pay-roll of the Syracuse Post office are three cats—Doty, Beeswax and Paraffine. That is to say, once a year, upon requisition made by the Government officials, the United States Postoffice Department makes allowance of \$10 for the comfort and maintenance of the trio of feline employes.

The Government profits greatly by their services, for if it were not for their presence rats and mice would run riot over the Government building and destroy great quantities of letters for which the postal service is responsible.

The three cats were given to the postoffice by Mrs. Charles C. Wheeler, of Syracuse, who also bestowed upon them their names, although irreverent postal clerks soon nicknamed them Jim, Tom and Kit. Every man feels under obligations to foster the pets, and there were never three humble workers who have received more attentions or greater privileges.

Gen. D. H. Bruce, postmaster of Syracuse, is a member of the S. P. C. A., and his assistant, Edwin H. Maynard, is a lover of cats, so the three little animals are sure of life jobs.
