USEFUL HOUSEKEEPING HINTS.

A wholesale dealer in eggs says one may easily, with a little practice, tell a good egg from a bad one, says the Ledger Monthly. Hold it between you and the light. A lamp or candle is better than a strong, diffused sunshine. The ico.' fresh egg will have a clear look all over. When an egg is so old that it begins to lose its substance by evaporation, there will some force. be a hollow space at one end. If not disappear when lightly sha. my instructions?" ken you may be certain the egg has lain undisturbed so long in cold storage that the volk adheres to the shell. Discard any eggs which do not look clear and full.

They will keep better, and when warm.

Make a poached egg look as delicate as possible. Cut the toast on which it is to be dropped into a round with a muffin ring, and with the ring cut the ragged edges of white from the egg him to die, and a son riding for yesterday-namely, "My esteemwhile it is still in the water. Then lift it carefully on the toast, and
