Last Sunday a week a deer came down off the mountain and was taking a stroll through the streets of Rainsburg, Bedford county. Elmer Shriner the school teacher at that place saw the deer, and while the horns on the animal suggested that it might put up a pretty stiff fight, Elmer concluded the deer was not worse than many an unruly boy in school and in a moment he had the deer by the horns. Elmer won, but it cost him a new suit of Sunday clothes.

A girl that can bake a loaf of bread, cook a well prepared meal and educate herself in housework in its numerous details is the one who will make a model wife for any deserving young man. Away with the parlor girls and street runners who let their poor aged mothers do all the work about the house.

We take the subjoined from the Pennsylvania Methodist: "Mr. Walter B. Carver, son of the Rev. W. A. Carver, of the Central Pennsylvania Conference, who is a junior in the post-graduate class, John Hopkins University, has made a remarkable discovery of an error in the mathematical calculations of the great German mathematician, Kantor. The heads of the department are greatly delighted with this rare piece of work by one of its students." Rev. Carver was formerly pastor of the M. E. church in this place.

When Miss Ella Linton, formerly of Ayr township, but now a teacher in one of the public schools of Allegheny City, was crossing the Atlantic last summer she dropped a bottle in midocean. The bottle contained a photograph of her seven-year-old niece, Mary Peterson. The address of Miss Linton was also enclosed in the bottle. Last week Miss Linton received a letter from the American Consul in one of the cities in the southern part of France, where a gentleman has found the bottle floating near the beach. The distance between the place where the bottle was dropped and where it was found shows that it had floated about two thousand miles.

Important Decision.

Judges Stove and Collier at Pittsburg have handed down a decision regarding the compulsory education law of 1901 that is of interest to all school boards.—These judges declare that the provisions of that act do not apply to boys over thirteen years who are employed at home, and base their decision on that section of the law which reads as follows: "This act shall not apply to any child between the ages of thirteen and sixteen years who can read and write the English language intelligently and is regularly engaged in any useful employment or service."

THIRTY YEARS OLD.
A Magazine Thirty Years Old—The Christmas (December) Number of the Delinquent is also the 30th Anniversary Number.

To do justice to this number, which for beauty and utility touches the highest mark, it would be necessary to print the entire list of contents. It is sufficient to state that in it the best modern writers and artists are generously represented. The book contains over 230 pages, with 34 full-page illustrations, of which 20 are in two or more colors. The magnitude of this December number, for which 728 tons of paper and six tons of ink have been used, may be understood from the fact that 91 presses running 14 hours a day, have been required to print it; the binding alone of the edition of 915,000 copies representing over 20,000,000 sections which had to be gathered individually by human hands.

The Pride of Heroes.

Local Institute.
There will be a local institute at Laurel Ridge school, Friday evening, December 12th.

All teachers and friends of education are invited to attend.

Report from the Reform School.

State Superintendent of public instruction Schaeffer recommends that the next legislature take such action as will relieve the clash between the compulsory vaccination acts. Some parents, he declares, refuse to permit their children to be vaccinated and as a consequence such children are not permitted to attend the public schools. As vaccination is not compulsory, Dr. Schaeffer suggests something to be done which will not deprive a child of securing an education because its parents are opposed to vaccination. The present school laws make vaccination a requisite to admission to the schools, and the child of school age not vaccinated cannot enter.

Bedford To Have a Sanitarium.
From The Everett Press.

Last week some persons who stand high in the Catholic church came to Bedford for the purpose of buying the Strominger farm, five miles south of Bedford, on which place is located a mineral spring, for the purpose of erecting a sanitarium.
From sources, supposed to know, comes the news that \$75,000 will be expended in the erection of suitable buildings, if the grounds can be secured.
The institution is to be non-sectarian.

Spring Time Hints.
WHEN A LADY GETS READY TO CLEAN HOUSE she generally finds a bed or two hat ought to have a new mattress, springs or pillows.
GOOD MATTRESSES are here in stock from \$3.50 to \$15.00 and to order up to \$30.00. The very cheap kind, that only serve to look at and worry you awhile, you can get elsewhere.
BED SPRINGS, \$2.00 to \$12.00. PILLOWS, 50c to \$2.00. The same remarks apply as to mattresses.
A NEAT CLEAN IRON BED often replaces an old wooden one to great advantage. Makes the room brighter and looks cooler on a hot day or night.
NEW ORIENTAL STRIPE TAPESTRIES at 50c and 75c a yard (double width) make attractive curtains and coverings.
A COUCH SPREAD in same goods, 50 by 108 inches, fringe all around, at \$1.50 is pretty and cheap.
