Verge of Bright's Disease .-A guick Cure That Lasted. CASE NO. 30,611.-C. E. Boles, dealer in grain and feed, 505 South Water street, Akron, O., made the following statement in 1896; he said; "Even since the Civil War I have had attacks of kidney and bladder trouble, decidedly worse during the last two or three years. Although I consulted physicians, some of whom told me I was verging on Bright's disease, and I was continually using standard remedies, the excruciating aching just across the kidneys, which radiated to the shoulder blades, still existed. As might be expected when my kidneys were in a disturbed condition, there was a distressing and inconvenient difficulty with the action of the kidney secretions. A box of Doan's Kidney Pills, procured at Lamparter & Co.'s drug store, brought such a decided change within a week that I continued the treatment. The last attack, and it was particularly aggravated, disappeared."

## Three Years After.

Mr. Boles says in 1809: "In the spring of 1896 I made a public statement of my experience with Donn's Kidney Pills. This remedy cured me of a terrible aching in the kidneys, in the small of my back, in the muscles of the shoulder blades, and in the limbs. During the years that have gone by I can conscientiously say there have been no recurrences of my old trouble. My confidence in Doan's Kldney Pills is stronger than over, not only from my personal experience, but from the experience of many others in Altron which have come to my notice.

A FREE TRIAL of this great kidney medicine which cured Mr. Boles will be mailed on application to any part of the United States. Address Foster-Milburn Co., Buffalo, N. Y. For sale by all druggists, price 50 cents per box.

A good way to prevent buttons com-ing off boots is to make a hole in the kid large enough for the eye of each button, then take a sound shoestring and pass it through every button, fastening the string at each end.

Coughs "My wife had a deep-seated cough for three years. I purchased two bottles of Ayer's Cherry Pectoral, large size, and it cured her com-pletely." J. H. Burge, Macon, Col.

Probably you know of cough medicines that relieve little coughs, all coughs, except deep ones!

The medicine that has been curing the worst of deep coughs for sixty years is Ayer's Cherry Pectoral.

### Saving the Child.

"'If a person swallows poison by ac-cident or purposely, instead of break-ing out into incoherent and multitudexclamations, despatch some one for the doctor.

"That sounds sensible," said Jones, as he read the above advice aloud to his wife one evening. Then he read:as he read the above advice aloud to his wife one evening. Then he read:--"Meanwhile run to the kitchen, get half a glass of water, put into it a tea-spoonful of sait and as much mustard, catch a firm hold of the person's nose, and then down with the misture." "There, my dear." said Jones to his wife. "You'd better bear that in mind in case one of the children should ac-cidentally get hold of poison and I shouldn't be at home. But you women fly right off the handle at the very time you ought to be self-possessed and

you ought to be self-possessed and have all your wits about you."

The very next day the servant came running up-stairs and gasped out,— "Oh, ma'am! Oh. Mr. Jones! The baby! He's swallowed half a bottle of loddynum, and—" "Good gracious!" shouted Jones,

"Good gracions!" should Jones, jumping three feet into the air and yelling like a hooligan. "The child'll be dead in ten minutes. What are we going to do? Run for the doctor! Get some of the neighbors in! Are we all going to sit here and see the child die? We must have help! Help! Murder! Can't you think of something to do? Here, what'd I read the other day? I told you to remember it. It said half a glass of salt to a teaspoon of water and a cup of mustard, didn't said haif a glass of shif to a teaspoon of water and a cup of mustard, didn't it? My word! has the child got to die while we all sit here doing noth-ing? Give him warm water and soda! Run your finger down his throat! Do something! Put your head out of the window and yell for help!" And while he was doing so himself, and a crowd was collecting in front of

and a crowd was collecting in front of the house, Mrs. Jones, who had said not a word, discovered that the child had swallowed nothing but a teaspoonful of vanilla extract.

#### Size of the Foot.

A well proportioned foot should be s long as the ulna, of chief bone of the orearm-that is, from the small head of the bone to be seen at the wrist to the point of the elbow should be the ength of the foot. Where the forearm is too short the foot will be found to be also too short; where this is too long the foot will be too long. Most people are surprised that the foot should be as long as the forearm, and are inclined to dispute the fact till they prove it by experiment; but an ex-periment will easily show that a straight line drawn from one point to another will appear a great deal longer than the same space filled by a line divided into curves.

worry about my little ones. Sec I got up after a few days, and let the girl go. I had noticed that she had sores on her face, hands and arms, but I paid no attention to that intil Charlie, my youngest, began to pick and scratch himself. He was then ten months old, and the girl had paid more attention to him than to any of the others. Charlie was fretful and cross, but as he was cutting teeth, I didn't think much of that Even when a rash broke out on his face I wasn't frightened, because everybody knows that that is quite common with teething babies. Sev-eral of my others had it when little. and I thought nothing about it. But the rash on Charlie's poor

little face spread to his neck, chest, and back. I had never seen anything quite like it before. The skin rose in little lumps, and matter came out. My baby's skin was hot, and how he did suffer ! He wouldn't eat, and night after night I walked the floor with him, weak as I was. Often I had to stop because I felt faint and my back throbbed with pain. But the worst pain of all was to see my poor little boy burning with those nasty sores.

with those nasty sores. "I believed he had caught some disease from the girl, but some of the neighbors said he had eczema, and that is not catching, they told me. Yes, I gave him medicine, and put salves and things on him. I don't think they were all useless. Once in a while the itching seemed to let up a bit, but there was not much change for the better until a lady across the street asked me why I didn't try the Cuticura Remedies. I told her I had no faith in those things you read about in the papers. She said she didn't want me to go She said she didn't want me to go on faith nor even to spend any money at first. She gave me some Cuticura Ointment-I think the box was about half full — and a piece of Cuticura Soap. I followed sudden, mind you. Little by little, but so surely. Charlie and I both got more peace by day, and I both sleep by night. The sores sort of dried up and went away. I shall never forget one blessed night when I went to bed with Charlie beside me, as soon as I got the supper dishes out of the way and the older children undressed ; when I woke up the sun was streaming in. For the first time in six months I had slept through the night without a break.

"Yes, that fat little boy by the window is Charlie, and his skin is as white as a snow flake, thanks to the Cuticura Remedies. I think everybody should know about the Soap and also the Ointment, and if it is going to help other mothers with sick babies, go ahead and pub-liah what I have told you." MRS. HELÉNA RATH.

The agonizing, itching, and burning of the skin as in eczema; the frightful scaling, as in psoriasis; the loss of hair, and crusting of the scalp, as in scalled head; the facial disfigurements, as in pimples and ringworm ; the awful suffering of infants, and anxiety of worn-out parents, as in milk crust, tetter and salt rheum,-all demand a remedy of almost superhuman virtues to successfully cope with them. That Cuticura Soap, Ointment, and Resolvent are such stands proven beyond all doubt. No statement is made regarding them that is not justified by the strongest evidence. The purity and sweetness, the power to afford immediate relief, the certainty of speedy and permanent cure, the absolute safety and great economy have made them the standard skin cures, blood purifiers and humour remedies of the civilized world.

CUTIOURA REMEDIES are sold throughout the civilized world. PRICES: Cutioura Resolution, 500, per bottle (in the form of Chocolate Coated Pills, 250, per vial of 60); Cutiour Ointment, 500, per bottle (in the form of Chocolate Coated Pills, 250, per vial of 60); Cutiour Oithe Biood, Skin, and Scalp, and How to Cure Taem, "64 pages 200 Disarces, with Hustrations Testimonials and Directions in all languages, including Japanese and Chinese.
