A Train Falls From a Bridge Fifty Feet Into a River Below-Bodles Caught in the Wreckage Were Crushed Until the Stream Was Red With Blood-Railway Guard Caught Robbing the Dead.

Madrid (By Cable).-Fourteen bodies and fifty injured persons have been extricated from the wreck of the Bilbao train which overturned at Nejerilla

According to the latest information oo persons were killed and 100 seriously injured. Many of the latter will die. Of the 300 passengers on the train it is stated that only six escaped unhurt.

The train, which was composed of two engines and sixteen coaches, was crossing the bridge when the couplings between the engines broke. The second engine left the track and fell, followed by the entire train, into the bed of the river. Fortunately the water was low,

The nearest medical attendance was a mile and a half distant, and those passengers who were least injured aided the others and did all possible until the arrival of relief trains bringing nurses, doctors and soldiers from Bilbao.

The train fell fifty feet from the bridge to the river hed, the coaches piling up in a mass of splintered wood and ironwork. The scene is described as horrifying. Many corpses were carried down the stream which was actually reddened with blood. It was found impossible to extricate numbers of the injured who were pinioned under the wreckage. A railway guard was arrested in the act of robbing the dead and narrowly escaped lynching.

Disappointed With Canal Treaty.

The officials at the State Department express disappointment at the language of President Marroquin, of Colombia, in his message to the Colombian Congress in regard to the ratification of the Panama Canal Treaty. It is hardly as vigorous as was expected, but it has not discouraged the friends of the treaty by any means.

At the last Cabinet meeting Secretary Hay stated that he considered the prospects for ratification increasing daily, and the President went to Oyster Bay feeling that before long Colombia would act favorably on the agreement.

Charge d'Affaires Rerron, of the Colombian Legation, feels confident that, despite the election of Senor Valez as president of the Colombian Senate, who is represented as anticanal, the treaty is owing in favor in the Congress. believes that Senor Valez has been misrepresented as to his opposition to the treaty and that he favors the construc-tion of the canal by the United States, but is not satisfied with every feature of the treaty. It has also been learned in Washing-

ton that opposition to the canal and its ownership by the United States have greatly misrepresented the terms of the treaty, leading the credulous Colombia public to believe that Colombia was ceding territory to the United States and giving away its life for a mere bagatelle. Now that the actual terms of the treaty that the actual terms of the treaty are becoming known, a decided change is coming over the people, and a favorable sentiment is spreading among the people, which will undoubtedly have a good effect on the Colombian Congress. The officials here know full well that the South American people act slowly, and are contenting themselves by believing that a change is in progress in Col-bomia, and that in due time the treaty will be ratified.

#### President Will Send Petition.

The President has decided to transmit the Russian government the petition presented to him by the executive council of the B'nai B'rith regarding the treatment of Jews in Russia.

This action was taken after mature consideration. At first it was decided that the petition should not be presented, because it might be resented by the government of Russia and lead to a response that would cause a break in the relations of the two countries. However, the first conclusion has been reconsidered, and by direction of the President the petition will now go forward. What the result will be is problematical.

As indicated in the following note from Secretary Hay to Simon Wolf, the presentation will probably be made to the Russian government through the Inited States charge at St. Petersburg.

The note reads:
"Dear Sir:-The President has concluded to transmit to the Russian government the petition of which you presented him a draft on the 15th of this month. The matter which he had to consider most seriously was whether or not such a proceeding would be to the advantage of your persecuted and outraged coreligionists in Russia. Three Colored Men Lynched at One Time in Georgia.

MURDER WAS SPEEDILY AVENGED.

The Victims of Mob Violence Had Brutully Shot Down a Farmer on Whose Plantation They Had Been Giving a Dance-The Jailer Induced to Open the Prison by a Nicely Planed Ruse.

Albany, Ga. (Special).-Baker county was the scene of a triple lynching about 2 o'clock a. m., when a mob of 50 determined men entered the town of Newton and secured possession of Garfield McCoy, Wiley Anette and George Mc-Kinney, Miller county negroes, who had been arrested and lodged in jail for the murder last Saturday night of F. S. Bullard, a well-known white farmer of the Seventh district of Baker county.

The manner in which the prisoners were obtained is unique. Jailer William Screws, who resides near the jail, was awakened about 12 o'clock by Baliff R. C. Tucker, who said that he had a pris-oner to place in the lockup. The jailer hastily donned his clothes and proceeded to the jail. As soon as he had unlocked the prison doors he was suddenly sur-rounded by a swarm of men with drawn revolvers, who demanded that he unlock the cell in which the Miller county negroes were ledged.

He did as commanded under protest,

and the three negroes were dragged from the jail, the prisoner of Tucker making his escape during the excitement. The appeals for mercy of the three negroes were lost on the mob, who began beating and slapping them with knives as soon as they hal left the door of the jail

The mob lost no time in leaving New ton with the negroes, and when about a mile west of the town the three men were halted, nooses tied about their necks, and, amid the shouts of the mob, the men were strung up. The crowd fired several hundred shots into the swaying bodies, after which they quietly dispersed.
