CONDENSED FOR HURRIED READERS.

Miss Vada R. Lamaster and Mr. James Gift of Markes, Franklin county, spent Sunday with her grandfather, Daniel E. Fore, Esq.

The Salvation Army will hold a festival on the grounds at their new church near Big Cove Tannery, Saturday evening, July 18. There will be some jubilee singing during the evening by army soldiers. Everybody invited.—Proceeds for benefit of the church.

Daniel Drawbaugh, the well-known inventor of Cumberland county, has just completed his invention of a wireless telephone and has disposed of it to a company which proposes to manufacture it on a large scale. Mr. Drawbaugh is 74 years old but is still hale and hearty.

Among the laws enacted at the last session of the State legislature is one which punishes with a fine of \$100 or one year's imprisonment or either or both, at the discretion of the court, any person who shall wilfully destroy, mutilate or injure any tree, vine, flower, grass or ornamental shrub in any cemetery or graveyard in the Commonwealth.

The careless habit of children and many older people of throwing banana peeling on the pavement should be corrected. Every one is aware of the fact that upon stepping on a banana peel it slips from under the foot, causing a fall in a majority of cases. There have been many serious accidents recorded against this seemingly thoughtless act.

A new feed for horses and cattle is being sold. The product is called "molasses grain." It takes the places of corn and oats and wherever used meets with the greatest satisfaction. In York it is fed by nearly every livestockman and they all pronounce it a great success. It is cheaper than oats and does not require as much at a meal.

At the Taylor home, about two miles west of Greencastle, on the Mercersburg pike, while the family was waiting until the storm should pass before they would eat dinner, one of the number, John Taylor, seven-year-old son of Harry Taylor, was struck and instantly killed by lightning last Saturday as he sat on a chair.—Near him was the father, with a younger son on his lap. This child was burned to the extent that its life is despaired of, while the father sustained a severe burn on the arm.

Why does a dog or cat in a church or school, when in session, cause a general laughter? A dog may be seen in a house, in a store, or most any other place and nobody pays any attention to it. But let one be seen in a school or in a church, and it causes a general demoralization and merriment. What is the reason? Of course at such a place a dog is out of place, but why it should cause a general laughter is one of the strange peculiarities of human nature.

George Lewis Gussman, who was honorably recognized by the last session of the legislature for meritorious service while with Co. 1, Ninth Pennsylvania Cavalry, was the guest of W. L. Craig, Scotland, on Monday, and attended the commencement exercises. Mr. Gussman's home is at Newville, Cumberland county. He was captured by the rebels July 9, 1862, at the age of 10 years, 3 months and 19 days. His horse was killed in the engagement.—He was the youngest soldier in the Union cause.—Valley Spirit.

A man having three daughters sent them to the store. To the first one he gave 10 eggs, the second he gave 30 and the third 50 eggs. Each one is to sell a certain amount of their eggs for the same price, and none of them is to buy anything, but still they are each to take home the same amount of money. How much did each take home?

THE FOUNDATION OF HEALTH.

Nourishment is the foundation of health—life—strength. Kodol Dyspepsia Cure is the one great medicine that enables the stomach and digestive organs to digest assimilate and transform all foods into the kind of blood that nourishes the nerves and feeds the tissues. Kodol lays the foundation for health. Nature does the rest. Indigestion, dyspepsia and all disorders of the stomach and digestive organs are cured by the use of Kodol. Sold at Trout's drug store.

FORWARD IS THE WATCHWORD.

Today's Marvels of Progress Become The Commonplace Events of Tomorrow.

Forward! That seems to be the watchword of the world.—How it moves! Half a century ago the pony express was delivering transcontinental mail in San Francisco, that, marvelous to relate, in that day, had left the railroad at the Missouri river only a week before!

Today, strange realization of that remarkable jest, brag or philosophy of Shakespeare where he said: "I'll put a girdle round the earth in forty minutes," a message can now be flashed westward from New York, across the continent, under the Pacific, through the ranks of the teeming millions of Asiatics, over crowded Europe and dashing under the three thousand miles of the troubled Atlantic, arrives at its starting point before an hour has passed.

Even that method, the way of the wire and cable, will seem coarse and crude, cumbersome and old fashioned in a few months. Marconi, that boyish Italian, flashes a spark from an electrical device on the western shore of the Atlantic that conveys intelligence to an operator sitting by another machine in old England. The dreams, the wildest vagaries, of the enthusiasts of last year are the commonplaces of today.

The other day I stood at a telephone receiver away out in the woods, fifteen miles from a railroad, in North Missouri where the Indians' bones have not yet had time to decay in their rounded sepulchres, and heard the music of an Edison phonograph miles further away in the country. It was producing that grand old hymn, "Lead Kindly Light," rendered by a glorious male quartet.

The greatest constructive statesman who ever lived never showed the evidence of mental power displayed by Alexander Graham Bell, who gave us the telephone; by Morse, who gave us the intermittent spark of the telegraph; by Marconi, who spanned the ocean without a wire or by Edison, who has given to the toiling men and women and the little brown-banded children of the farms the luxury of the best music of the world in their own homes. Verily the world moves, and it is toward the light of better days and better times.—Atlantic Courier.

A VERY CLOSE CALL.

"I stuck to my engine, although every joint ached and every nerve was racked with pain," writes C. W. Bellamy, a locomotive fireman of Burlington, Iowa. "I was weak and pale, without any appetite and all run down. As I was about to give up, I got a bottle of Electric Bitters, and after taking it, I felt as well as I ever did in my life." Weak, sickly run down people always gain new life, strength and vigor from their use. Try them. Satisfaction guaranteed by all druggists. Price 50 cents.

MORE EVIDENCES OF OIL AND NATURAL GAS.

A short time ago several gentlemen from Philadelphia being interested in the development of gas and oil in the Tuscarora Valley, original stockholders in the Union Oil and Gas Co., and desiring to personally inspect the grounds upon which the company has been operating, visited the wells. At the first well drilled, near the Union School house, they discovered salt that had flowed from the well, which is considered a sure forerunner of gas and coal oil. They were so favorably impressed with the undoubted evidences of the existence of oil and gas that they trebled their holdings of stock in the Union Oil and Gas Co. The old stockholders are rapidly taking up their allotment of stock under the new plan devised by the company, while applications are being received daily from those desiring to become stockholders. Before long the company will have sufficient capital to sink another well and will not stop short of 2500 feet if satisfactory results are not obtained before that depth is reached.—Port Royal Times.

A SURGICAL OPERATION.

Is always dangerous—do not submit to the surgeon's knife until you have tried DeWitt's Witch Hazel Salve. It will cure when everything else fails—it has done this in thousands of cases. Here is one of them: I suffered from bleeding and protruding piles for twenty years. Was treated by different specialists and used many remedies, but obtained no relief until I used DeWitt's Witch Hazel Salve. Two boxes of this salve cured me eighteen months ago and I have not had a touch of the piles since.—H. H. Tisdale, Summertown, S. C. For blind, bleeding, itching and protruding piles no remedy equals DeWitt's Witch Hazel Salve. Sold at Trout's drug store.

And the applique so new, and the all-over too

To suit the most facetious,

Velvet ribbons shirt waists new.
Brooch pins and shirt waist sets;
