### Paper Stockings.

Paper gloves and stockings are now being manufactured in Europe. As to the manner in which the former are made little is known, but the stockings have been carefully examined by ex-perts, and they are loud in their praise of them. Let no one assume, they say, that these stockings, because they are made of paper, will only last a few days, for they will last almost as long as ordinary stockings. The reason, they point out, is because the paper of which they are made was during the process of manufacture rendered into a substance closely resembling wool, and was then woven and otherwise treated as ordinary wool.

It is something to have an influence on the fortunes of mankind; it is greatmore to have influence on their in-liects. Such is the difference betellects. tween men of office and men of genius. petween computed and uncomputed rank.

## COMMERCIAL REVIEW.

#### General Trade Conditions. R. G. Dun & Company's weekly review of trade says:

There is still no indication of the depression in trade and industry that pes-simists predicted would follow the decline in securities. Conservatism was developed by the uncertainty regarding the effect upon financial conditions, but legitimate business is able to secure funds as they are required, and the more cautious progress of business gives promise of greater permanent gain. Weak spots have been disclosed and the technical position strengthened, just as occurred in the stock market. Readjustment after a period of inflation must of necessity bring some losses, yet the outlook is brightened by the re-moval of threatening industrial clouds. Despatches from all sections testify to the liberal distribution of merchandise and the disnosition to prenate for and the disposition to prepare for greater consumption of all the neces-saries of life, while the crops are mak-

ing good progress aside from some cot-ton districts in Texas. "Bradstreet's" says: Wheat, includ-ing flour, exports for the week ending Ing nour, exports for the week ending August 27 aggregate 3,245,056 bushels, against 3,372,789 last week, 5,436,530 this week last year, 6,607,611 in 1901, and 3,248,313 in 1900. For eight weeks of the cereal year they aggregate 25, 073,289 bushels, against 36,776,299 in 1902, and 23,925,919 in 1900. Corn ex-ports for the week aggregate 866 as ports for the week aggregate 866,340 bushels, against 509,495 last week, 115.-150 a year ago, 441.018 in 1901 and 3.717.490 in 1900. For eight weeks of the present cereal year they aggregate 8,325,295 bushels, against 754,659 in 1902, 8,699,021 in 1901, and 28,477,685 in

"Very well, but that's not what I in-

The real heroines of every day are in our homes. Frequently, how-ever, it is a mistaken and useless heroism.

Women seem to listen to every call of duty except the supreme one that tells them to guard their health. How much harder the daily one that tells them to guard their health. How much harder the daily tasks become when some derangement of the female organs makes every movement painful and keeps the nervous system unstrung? Irritability takes the place of happiness and amiability; and weakness and suffering takes the place of health and strength. As long as they can drag themselves around, women continue to work and perform their household duties. They have been led to believe that suffering is necessary because they are women. What a mistake! The use of Lydia E. Pinkham's Vegetable Compound will banish

pain and restore happiness. Don't resort to strong stimulants or nar-cotics when this great strengthening, healing remedy for women is always within fresh.

There is anything in your case about which you would like special advice, write freely to Mrs. Pinkham. No man will see your letter. She can surely help you, for no person in America has such a wide experience in treating female ills as she has had. She has helped hundreds of thousands of women back to health. Her address is Lynn, Mass., and her advice is free. You are very foolish if you do not accept her kind invitation.

### For proof read the symptoms, suffering and cure

recited in the following letters:

"DEAB MRS. PINEHAM :- I wish to express to you the great benefit I have derived from your advice and the use of Lydia E. Pinkham's Vegehave derived from your advice and the use of Lydka E. Pinkham's Vege-table Compound. My trouble was female weakness in its worst form and I was in a very bad condition. I could not perform my household duties, my back ached, I was extremely nervous, and I could not eat or sleep, and the bearing-down pains were terrible. My husband spent hundreds of dollars to get me well, and all the medicine that the doctors prescribed failed to do me any good; I resorted to an operation which the physician said was necessary to restore me to health, but I suffered more after it than I did before; I had hemorrhages of the womb that nothing could seem to stop. "I noticed one of your advertisements and wrote you for advice, I re-ceived your reply and carefully followed all instructions. I immediately began to get stronger, and in two weeks was about the house. I took eight bottles of Lydia E. Pinkham's Vegetable Compound and continued following your advice, and to-day I am a well woman. Your remedies and help are a Godsend to suffering women, and I cannot find words to thank you for what you have done for me."-Miss. LOTTHE V. NAYLOR, 1325 N. J. "Users Mus. PINKHAM:-I write to tell you what Lydin E. Pinks

"DEAR MRS. PINKHAN: -- I write to tell you what Lydin E. Pink-ham's Vegetable Compound has done for me. "I was suffering with falling of the womb and could hardly drag about, but after taking five bottles of Lydia E. Pinkham's Vegetable Com-pound I was completely cured. I am now a well woman and able to do all my work.

"I think your medicine one of the best remedies in the world."- Mms. J. M. LEE, 141 Lyndal St., Newcastle, Pa.

J. M. LEE, 141 Lyndal St., Newcastle, Pa. "Dras Mas. PIRTRAN: --Lydia E. Pinkham's Vegetable Com-pound has done a great deal for me. I suffered so much from falling of the womb and all the troubles connected with it. I doctored for years with doctors and other remedies but received only temporary relief. "I began taking your medicine, and had not taken it long before I was feeling better. My husband said that I should keep right on taking it as long, at it gave me relief from my suffering. as I could not expect to be cured by one or two bottles. I did so and am now able to be on my feet and work hard all day, and go to bed and reat at night. Thanks to your Vegetable Com-pound I am cortainly grateful for the relief it gave me. It is the mother's freat friend. I would not be without it in my house, for when I fast tired or out of sorts I take a few doses and feel all right. "I would recommend your medicine to all tired mothers, and especially to those suffering as I was." -- Mas. R. F. CHAMERE, Benost, Neb.
