The pleasant to take and harmless One Minute Cough Cure gives immediate relief in all cases of cough, croup, and lagrippe because it does not pass immediately into the stomach, but takes effect right at the seat of the trouble. It draws out the inflammation, heals and soothes and cures permanently by enabling the lungs to contribute pure life-giving and life-sustaining oxygen to the blood and tissues. Dr. Armstrong of Delta, Tex., prescribes it only and says there is no better cough remedy made. Sold at Trout's drug store.

**Weak Hearts**

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, pulling it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased. Mr. D. Knoble, of Harris, O., writes: "I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kooli Dyspepsia Cure for about four weeks and it cured me."
