Brick for sale at Morton's brick yard at the edge of town.

The scholars of the Three Springs school recently presented their teacher, Austin C. Peck with a nice bible. Mr. Peck in turn treated his pupils liberally to sweet meats, etc. Prof Peck as a teacher is doing good work at the school of that town.—Orbisonia Dispatch.

AN ACT.

To establish county associations of school directors.

Section 1. Be it enacted, &c., That it shall be the duty of each County Superintendent of schools to call together, during the school year beginning June, one thousand nine hundred and three, and annually thereafter, at the county seat, or some other suitable place in the county, all the school directors of the county, for the consideration and discussion of questions pertaining to school administration. These annual meetings shall not be held during the week of the annual county teachers' institute.

Section 2. It shall be the duty of each school director, in each of the districts of each county, to attend each annual meeting of school directors, called by the county superintendent for the purpose of considering and discussing questions pertaining to school administration; and each school director attending such annual convention shall receive mileage at the rate of three cents per mile, to be paid out of the funds of the district which he serves.

Mad Dogs.

One day last week Aaron Richards, just below town, discovered that his dog had unmistakable signs of hydrophobia, and proceeded to kill the dog; but before he succeeded in doing so, the infuriated beast bit Thos. F. Sloan's shepherd dog and two dogs belonging to W. H. Paylor of Ayr township. The Sloan dog was promptly killed, and word sent to Mr. Paylor about the latter's dogs.

WEBSTER MILLS.

Big hogs! high waters! Our enterprising farmer friend Levi Keefer holds the belt for big hogs in this section. One day last week he delivered to butcher Hohman three porkers that tipped the beam at 1990 pounds.—These hogs were not fat, and Mr. Keefer says there was easily frame enough for 1000 pounds each. They were just two years old.

The rains and melting snow have caused our streams to swell and an ice gorge formed on Cove creek about 300 yards long has not been equaled here for years. Our millers are taking advantage of the high waters, and are running night and day, filling back orders for flour and feed.

Harris and Warthen lately purchased a fine new Frick engine which they have attached to their big saw-mill, and the air is fairly darkened by saw dust in the vicinity of Ravensburg, where they are located. Messrs. Mellott and E. W. Hendershot are, also, operating a mill in the neighborhood, and our farmers are finding steady employment hauling lumber to the railroad.

Mr. J. W. Johnston had the misfortune to lose one of his finest horses one day last week; colic is supposed to have been the cause.

I. P. Hendershot showed us quite a curiosity a short time ago. It is a black ball about two inches in diameter, a perfect sphere, solid, but quite light. It was taken by Mr. Hendershot from the throat of a choking cow. On cutting into the ball it is found to be composed entirely of hair.

Walter Sappington has treated himself to a fine new Portland cutter. Any one wishing to purchase a machine of this kind cheap should call on or address the owner soon.

Last Tuesday evening quite a number of Mr. and Mrs. Tobie Glazier's friends dropped in on them by surprise. The evening was pleasantly spent in a social way, with plenty of good things to eat.

In Bed four weeks with La Grippe.

We have received the following letter from Mr. Roy Kemp, of Angola, Ind. "I was in bed four weeks with la grippe and I tried many remedies and spent considerable for treatment with physicians, but I received no relief until I tried Foley's Honey and Tar. Two small bottles of this medicine cured me and now I use it exclusively in my family." Take no substitutes. Sold at Trout's drug store.

NOTICE TO CONTRACTORS.

The school board of Licking Creek township propose building a school house at Saluvia. The board will meet at the above named place on January 30, 1904, at 2 o'clock p. m., for the purpose of letting the contract to the lowest bidder. Will give the contractor plenty of time to do the work.

By order of Board,
BERTE HANN,
Secretary.

Leg Broken.

Humphrey, the fifteen-year-old son of Mr. and Mrs. Austin Carbaugh, had the misfortune, while in Knobsville last Wednesday evening, to slip on the ice and break one of his legs. He was removed to the home of his parents, a physician summoned, and the injured member received the necessary surgical attention; but it will be a good while before Humphrey will be able to move about as actively as before.

Weak Hearts

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate and vital organ becomes diseased. Mr. D. Canale, of Nevada, O., says: "I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me."
Kodol Digests What You Eat and relieves the stomach of all nervous strain and the heart of all pressure.
Bottles only \$1.00 Size holding 2 1/2 times the trial size, which sells for 50c.
Prepared by E. O. DEWITT & CO., CHICAGO.
Sold at Trout's drug store.

MAYE JOHNSTON.

TELL US BEFORE PRESS DAY.

"We supposed you knew it" is what we often hear about some news items just after the paper has gone to press. The public will do well to remember that a newspaperman is not omnipresent or omnipotent. If you expect the local paper to give the doings of the citizens, herald coming events, picture the town's advantages and prosperity, you must cooperate by telling the editor items of news that fall in your way.

A case came to light that for persistent and unmerciful torture has perhaps never been equaled. Joe Golobic of Colusa, Calif. writes: "For 15 years I endured insufferable pain from Rheumatism and nothing relieved me though I tried everything known. I came across Electric Bitters and it's the greatest medicine on earth for that trouble. A few bottles of it completely relieved and cured me." Just as good for Liver and Kidney troubles and general debility. Only 50c. Satisfaction guaranteed by all druggists.

O. O. F., of which her husband was a member, for their tender offices; and, not least, for the generous check which she received at their hands.
