

Miss Alice Bailey, of Atlanta, Ga., escaped the surgeon's knife, by using Lydia E. Pinkham's Vegetable Compound.

"Dear Mrs. Pinkham:— I wish to express my gratitude for the restored health and happiness Lydia E. Pinkham's Vegetable Compound has brought into my life. I had suffered for three years with terrible pains at the time of menstruation, and did not know what the trouble was until the doctor pronounced it inflammation of the ovaries, and proposed an operation. I felt so weak and sick that I felt sure that I could not survive the operation, and so I told him that I would not undergo it. The following week I read an advertisement in the paper of your Vegetable Compound in such an emergency, and so I decided to try it. Great was my joy to find that I actually improved after taking two bottles, so I kept taking it for ten weeks, and at the end of that time I was cured. I had gained eighteen pounds and was in excellent health, and am now. You surely deserve great success, and you have my very best wishes."—Miss Alice Bailey, 50 North Boulevard, Atlanta, Ga.—\$5000 Fortified if original of above letter proving genuineness cannot be produced.

All sick women would be wise if they would take Lydia E. Pinkham's Vegetable Compound and be well.

Good Things to Eat AND HOW TO PREPARE THEM

Orange Cake.
Cream three tablespoonsful of butter; add gradually one cupful of sugar, two eggs well beaten and half a cupful of milk; mix one and three-fourths cupfuls of sifted flour; add two level spoonfuls of baking powder; add this to the butter and sugar; beat until smooth; bake in greased jelly cake pans ten minutes in a moderate oven; remove, let stand in the pans three minutes, turn out and when cold spread with orange filling.

Stewed Lemon Pudding.
Make a lemon mixture with three tablespoonfuls of lemon juice, grated rind of one lemon, three level tablespoonfuls of butter; cook these for two minutes; add one cup of sugar and three eggs beaten a little; stir until mixture thickens; cool and add one tablespoonful of brandy; spread six slices of stale bread with the lemon mixture and arrange them in a buttered pudding mould; beat two eggs a little; add three tablespoonfuls of sugar, a pinch of salt and one cup of milk; pour this over bread; cover and set in a pan of hot water; bake one hour in a moderate oven.

Quick Muffins.
Beat two eggs separately, add to the yolks one pint of milk, two cupfuls of sifted flour, one teaspoonful of salt and one tablespoonful of melted butter; beat until smooth; then add the whites of the eggs beaten stiff, then two and a half level teaspoonfuls of baking powder; when well mixed bake in greased muffin rings in the oven or in the griddle. It is easier to bake in muffin tins on the griddle because of its heat; if baked in the oven, heat the tin and fill the rings and put quickly into a hot oven; bake twenty minutes; if baked on the griddle turn when risen and set; brown on both sides.

Turkish Soup.
Cook one-fourth cup of well washed rice in one quart of boiling water until tender, about fifteen minutes; pour off the water, and pour over one quart of brown stock and cook until tender; put two cupfuls of stewed and strained tomato in an agate pan add one slice of onion, eight peppercorns, one stalk of celery or a little celery salt and a small bay leaf; cook half an hour; add this to the rice and stock; melt two tablespoonfuls of butter; add one and one-half tablespoonfuls of flour; stir until smooth, then add it to the boiling soup and let cook one minute; rub through a fine sieve; return to the fire; add salt and pepper to season; serve hot.

Lobster Pie.
Cut lobster meat in very small pieces; put one cupful of milk over the fire; melt one tablespoonful of butter; add one level tablespoonful of flour; stir until smooth and add it to the milk, stirring until thickened and boiling; take from the fire; add two tablespoonfuls of bread crumbs, one tablespoonful of chopped parsley, yolks of two hard-boiled eggs rubbed through a strainer, salt and pepper to season; these proportions call for two cupfuls of lobster meat; when opening be careful not to break the body or tail shells; wash and wipe them dry and cut out the under part of shell; join the tails together, fill with the mixture, brush over with beaten egg, spread over buttered crumbs and place in a hot oven until the crumbs are brown; serve hot in the shells and in a border of parsley.

Hint for the Housekeeper

A slate with pencil attached by a string should hang in every kitchen, to aid the memory of the housewife. The candles for your entertainment will burn slowly and steadily through the evening if they are kept on ice all day.

Pickle bottles and jars that smell of onions will be quite sweet and odorous after being left out of doors for three or four days filled with sand or garden mould.

For marks made on painted woodwork by matches, try rubbing first with a slice of lemon, then with whitening, and in a few moments wash with warm soapsuds.

Frequent washing with soap will lim the surface of a mirror. The occasional use of alcohol is recommended, but for frequent washing, damp newspaper with a polishing with ammonia skin will keep mirrors and glassware in good condition.

The clothes used in waxing floors or polishing furniture should be kept in a covered crock as long as clean, then instead of letting them accumulate in closet or store room, burn them immediately, since vegetable oils are so liable to spontaneous combustion.

The objection to brass or iron beds that draughts are noticeable is overcome by the use of dainty curtains at the head. In hospitals squares of heavy plume tied by tapes at the corners to the uprights of the bed, are stender weekly with the other bed linen.

Have a small wide-mouthed jar in the bath-room to hold the odds and ends of soap, and when three-fourths full, fill the jar with boiling water, add the juice of a lemon and a teaspoonful of glycerin, and you will have a pleasant "jelly" with which to whiten and soften the hands.

COMMERCIAL REVIEW.

R. G. Dun & Co.'s weekly review of trade says: In addition to the interruption of a holiday, trade and transportation have again suffered because of severe weather, and much outdoor work was forced to await more favorable conditions. Development of Spring trade is naturally slow, but this may be fully made up as the season advances. Business proceeds on a basis that promises immunity from the excesses that precipitated the recent setback. Manufacturing plants are gradually restoring idle machinery, and there is more disposition to anticipate future requirements.

Liabilities of commercial failures reported for February aggregated \$10,136,166, of which \$2,732,478 were in manufacturing, \$4,299,235 in trading, and \$3,104,453 in other commercial lines. Failures this week numbered 240 in the United States, against 211 last year, and 22 in Canada, compared with 28 a year ago.

Bradstreet's says: It is still too early to report upon the winter wheat situation, but advices so far received from the Southwest are hardly encouraging, absence of snow covering or lack of moisture being reported in Missouri, Oklahoma and Kansas. New record prices for the year and the highest, in fact, since May, 1898, were reached in wheat the past week, the market, though irregular, closing near the top, cash wheat and the May option moving together partly on war talk, but largely on reported continued eager demand for good milling wheat. Flour prices reflect the strength, and corn and oats have sympathized, as have also nearly all kinds of provisions, except eggs, which have broken sharply. The advance of pork to the highest point being helped by small receipts.

THEY ALL WANTED SARDINES.

When First Boxes of This Delicacy Reached Morocco Court.

If the Sultan of Morocco, Muley Abdel-Aziz, loves his throne, it perhaps might be due to the discontent of his subjects seeing him adopt so precipitately European manners and habits. The sultan disregards this danger, however, and when he wants a thing European he must have it at once.

One night there was a rattle noise in front of the residence of an Englishman inhabiting Morocco. Immediately the soldiers of the palace struck the door violently, exclaiming: "Daba! Daba! (quick! quick!). The master wants all the sardines you have in your house!"

The Englishman was not a sardine merchant, but handed over what few boxes he had, and learned later that only a few hours before a foreign minister had presented to the sultan a few boxes of sardines, which were opened in the harem and partaken of by all the inmates.

Such a sudden frenzy was created for them that on the morrow a special rakkas was dispatched to Tangier, with orders to bring all the sardines in the place.—New York Tribune.

Floating Theater.
A new river vessel has been built for use as a floating theater. The seating capacity is for 1,000 people, and there are boxes for the elite and a pit for the orchestra. In addition, the vessel is sufficiently large to admit of numerous sleeping rooms for the actors, the deckhands and all those connected with either the show or the boat. The entire force numbers forty.

On the steamer which tows the floating theater, besides the boiler and engines, there is a complete electric light plant, besides a kitchen and dining room. The boat starts at Pittsburg and visits the towns along the Monongahela river. Next it returns and goes down the Ohio to the Kanawha, thence to Cairo and later up the Illinois river to LaSalle. Then after going back to the Mississippi, the boat slowly makes its way in the direction of New Orleans.

Took Pledge Over His Dog.
John Popowski of Akron took the pledge over the body of his dog, as he was released from the central station, where he had been confined over Sunday for intoxication, says a Cleveland (Ohio) dispatch to the Philadelphia Telegraph.

When Popowski was arrested the dog followed him to the police station remaining outside the door and howling for its master during Sunday. It lay down on the snow Sunday night and was frozen to death.

When Popowski was released yesterday morning he thought the dog would be waiting for him. He went outside the door and whistled, but the dog did not come. Then he found the frozen body.

"It was all my fault," he exclaimed. "It was the drink that did it. Poor little Sport! As long as I live I will ever touch another drop."

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure the local ailment, pronounced it a curable disease and therefore required constitutional treatment. Hall's Catarrh Cure, created by J. C. Kenyon & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and nervous system of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address F. J. CARR & Co., Toledo, O.

HOW TWO BEAUTIFUL WOMEN ESCAPED DREAD CATARRH BY USE OF PE-RU-NA.

Catarrh Robs Women of Health and Beauty. Per-una Makes Women Healthy and Beautiful.

Miss Amanda Johnson.

"I write to tell you how much Per-una benefited me. For a number of years I had pain in my head around my eyes, and I thought it was because my eyes needed treatment, so I went to an oculist and had glasses fitted to my eyes and wore them for some time, but felt no relief whatever. In fact, I felt worse than before, and came to the conclusion that the trouble was not with my eyes, but with my head and that it must be catarrh. As so many of my friends had used Per-una with benefit for this trouble, I thought I would try it. I was not sorry that I did so, for in a short time I began to improve, and in four weeks my eyes were in splendid condition, my general health was much improved and all the catarrh of the head was gone. I was glad to get rid of this trouble, and am glad to endorse such a good medicine as Per-una."—Miss Amanda Johnson.

Miss Flora Hauser, 1032 S. New Jersey street, Indianapolis, Ind., writes: "I think I must have been troubled with catarrh ever since I was very young, aggravated each time I caught a cold. This did not prove sufficiently serious to be noxious until last winter. Then my head and nose were so stopped up that I felt I must do something. Per-una was recommended to me by a friend. I used it for four weeks, and found to my relief that it cured me. I have not had a bit of trouble since. My head is clear, and I can safely affirm that Per-una cured me."—Miss Flora Hauser.

Hundreds of Women Cured by Per-una of Annoying Catarrh.
DR. HARTMAN has probably done more than any other physician toward popularizing a means of escape from the facial deformities, such as watery eyes, twisted nose, offensive breath, dry cracked lips, due to the ravaging effects of catarrh. He has made chronic catarrh a life-long study. His remedy, popularly known as Per-una, is the most famous remedy for catarrh in existence.

Probably there is not a man or woman, boy or girl, within the bounds of the United States that has not heard of Per-una. By far the largest majority have used Per-una.

The multitude of people that have been cured of chronic catarrh by using Per-una can never be known.

Miss Flora Hauser.

Many a girl has regained her faded beauty, many a mother has lengthened the days of her comely appearance by using Per-una. Per-una produces clean mucous membranes, the basis of facial symmetry and a perfect complexion.

The women have not been slow to discover that a course of Per-una will do more for restoring youth and beauty than all the devices known to science.

While it is true that Per-una cures catarrh wherever located, yet it is advisable for everyone to use Per-una as a preventive and not wait until catarrh has fastened itself in some part of the system.

Per-una acts quickly and beneficially on the inflamed mucous membranes lining the different organs of the body. Thus it will cure catarrh wherever located. If you do not derive prompt and satisfactory results from the use of Per-una, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.
