How to Disinfect.

Much of the spread of contagious diseases like small pox, diphtheria, scarlet fever, &c., is the result of carelessness and ignorance.

It is because doctors and undertakers know what to do that makes it possible for them to come in contact with such diseases, and not spread them.

A JUROR AT SCRANTON.

Ex-Treasurer John D. Smith of Emmaville Writes from the City of Scranton.

Ex-Treasurer John D. Smith of Emmaville, who went to Scranton on the 29th ult. as a juror in the U. S. court, writes under date of the 7th: "The ice gorges and ice beds along the Susquehanna were the greatest sights of my life."

"I have found many nice people here. My room is on the corner of Lyndon St. and Washington Ave. One of my room-mates is Alex Dunlap. We went out to the County jail on Saturday and the warden took us all through. There are 143 prisoners. I suppose one-half are awaiting trial. I also visited the Moses Taylor Hospital. It has a nice site. I walked across the Lackawanna river to West Scranton. We went to the Elm Park M. E. church Sabbath morning and evening.

"This morning Alex Dunlap and I took a stroll down to High Park, and upon our return to Main Street we walked into the First National Bank to get some change. I think they do some business, for there were about twenty business windows, besides an office across one end. A cashier brought out an armful of bundles of bank notes—the bunches being as thick as a bill is wide, and he had them piled on his arm like I would a load of stove wood. Another fellow stood outside, looked them over by No. of bunch, and placed them in a strong wooden box with a capacity of about a bushel; but they didn't offer us any. We were pleased with the appearance of the institution, but have not decided to buy it.

"Some think we may have to stay for two or three weeks yet. The board is fine, and if I don't feel any worse than at present, I can stand it all right."

Weak Hearts. Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, putting it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased. Mr. D. Knabe, of Nevada, O., says: "I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodoi Dyspepsia Cure for about two months and it cured me." Kodoi Dyspepsia What You Eat and relieves the stomach of all nervous strain and the heart of all pressure. Bottles only. \$1.00. Size holding 2 1/2 times the full dose, which sells for 50c.
