FARM FOR SALE.

The undersigned offers his farm at private sale, situated on the turnpike, five miles west of McConnellsburg.

NOT SATISFIED.

A small Kansas boy was called in to view his new born baby brother. He looked it over with dissatisfaction and finally asked: "Mamma, where did this thing come from?" "An angel brought it, Jimmie." "Wuz you awake when he came?" "Certainly, Jimmie." Well, then, mamma, all I've got to say is that you are dead easy. I'd like to see any old angel put off such a looking thing on me. But I reckon we're stuck unless I kin work Johnny Green and trade it sight-unseen for one of his spotted pups."

"Testimony of a Minister."

Rev. Jno. S. Cox, of Wake, Ark. writes, "For 12 years I suffered from yellow jaundice. I consulted a number of physicians and tried all sorts of medicines, but got no relief. Good for Children.

The pleasant to take and harmless One Minute Cough Cure gives immediate relief in all cases of cough, croup, and la grippe because it does not pass immediately into the stomach, but takes effect right at the seat of the trouble. It draws out the inflammation, heals and soothes and cures permanently by enabling the lungs to contribute pure life-giving and life-sustaining oxygen to the blood and tissues.

ALL OVER THE HOUSE.

Points on Furnishing a Bedroom With Crepe Paper.

For the trimmings I would select either red, orange, pink or dark blue, but of course one could use a favorite color. I will begin with the bed, as that is the most prominent part of the room. For pillowshams take two pieces of the paper, each three feet long, and join together by overlapping edges and sewing carefully together. Now take another piece, four feet long, and cut in two lengthwise. Carefully sew these two pieces together, end to end, and then run on to the body part, gathering a little as you go. Always overlap edges when sewing, for the work will not be neat if you do not. When this is finished, sew on to all seams common feather edge braid. This gives a pretty finish and also hides all seams. This will complete the shams. Now for the bedspread. Take five strips five feet long and sew together lengthwise. Finish the seams with the braid and the end of the spread with ruffles of the paper and finish with the braid. Now for the bureau cover. Take a piece one and a half yards long and finish ends with ruffles and braid. A splash may be made by taking one yard of the paper and carefully turning the ends over and sewing the finish with the braid.

Curtains are quite difficult to make, but with a little pains it can be accomplished. Take a piece seven feet long and turn ends and finish with the braid, and then put a narrow ruffle of paper down the front and around the bottom edge and bind with braid. This is one long curtain, and the opposite one is to be made the same, but you must be very careful about putting the ruffle on or you will get it wrong.—Sarah's Mamma in Boston Globe.

Household Hints.

The longer and drier table linen is ironed the better it looks. To clean brass gas fixtures rub them with cut lemons and then wash them off in hot water. A bruise may be prevented from discoloring by immediately applying hot water or a little dry starch moistened with cold water. In boiling eggs hard put them in boiling water ten minutes and then put them in cold water. It will prevent the yolk from coloring. A harmless and cleanly treatment to drive away mice is to saturate a cloth with cayenne pepper in a solution and stuff it into the hole. Dry cayenne thrown about will keep ants and cochranees away.

Perfumed Linen.

Linen should be kept in perfumed drawers. Sachets containing the housewife's favorite scent scattered about the drawer will impart the perfume. Aromatic shavings, leaves and flowers sewed up in bags may be substituted for the sachets. Cedar shavings, cassia buds, powdered saffron, rose leaves, leaves of the rose geranium, branches of lavender and sweet verbenas are all delicious in odor. A few drops of perfume on sheets of white blotting paper will impart a fragrance to linen.

Preserved Plums.

Pour boiling water over the plums, then remove the skin. Make a sirup of one pound of sugar and a teacup of water to each pound of fruit and when boiling hot pour over the plums. Let it remain over night, then drain, boil again, skim and pour over the plums. Let them remain in this another day, then put over the fire in sirup and boil until clear. Remove with skimmer, pack carefully in jars, boil the sirup until thick, pour over the plums and seal.

FOLEY'S HONEY AND TAR

Cures Seld; Prevents Pneumonia. Weak Hearts. Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion.

Are due to indigestion. Ninety-nine of every one hundred people who have heart trouble can remember when it was simple indigestion. It is a scientific fact that all cases of heart disease, not organic, are not only traceable to, but are the direct result of indigestion. All food taken into the stomach which fails of perfect digestion ferments and swells the stomach, puffing it up against the heart. This interferes with the action of the heart, and in the course of time that delicate but vital organ becomes diseased. Mr. D. Kaul, of Nevada, O., says: "I had stomach trouble and was in a bad state as I had heart trouble with it. I took Kodol Dyspepsia Cure for about four months and it cured me. Kodol Digests What You Eat and relieves the stomach of all nervous strain and the heart of all pressure. Bottles only. \$1.00. Size holding 2 1/2 times the trial size, which sells for 50c. Prepared by E. O. Dewitt & Co., CHICAGO. Sold at Trout's drug store."
