A slick game is being worked by a Chicago man. The swindler procures the names of those who have recently died and sends a worthless medicinal preparation to their address by express C. O. D. The relatives of the deceased of course think that the departed one had ordered the medicine and out of respect of the wishes of the dead, readily pay the \$2.85 demanded by express agents, for the delivery of the bottle, which is filled with a preparation composed of much water and a little alcohol.

**Ladies and Children**

Aching for one of our plain gold wedding rings. Relative to our wedding rings we wish to state that, not being entirely satisfied with the statement of the maker that his rings were full 18kt gold, as stamped, we selected one from our tray and sent it to an assayer in New York City. The result of the assay we have on file and are pleased to say that the ring assayed 18kt. We have been selling this maker's rings for 22 years. The newest form of engagement ring is the Tiffany model. All business relations confidential. Shall we mail you our finger gauge?
