**CONDENSED FOR HURRIED READERS**

Isaac N. Watson has in his garden a double row of peas 35 feet in length and the stalks 9 1/2 feet in height, with a crop of busels and bushels of peas.

WANTED—Two good salesmen who can furnish teams—one for Cumberland county and one for Fulton. Good wages paid. Address A. C. 133 S. Main St., Chambersburg, Pa.

"Edwin, am I the first woman you have ever loved?" she suddenly asked him when he was measuring her finger for the ring.

"Yes, Mamie," he blurted out, being somewhat disconcerted; "the others were only girls."

A. R. Bass, of Morgantown, Ind., had to get up ten or twelve times in the night, and had a severe backache and pains in the kidneys. Was cured by Foley's Kidney Cure.

Miss Katie S. Fore and her niece, Miss Ivy G. Lamaster, returned home last Saturday from a three weeks' visit to the St. Louis Exposition, and from a visit among friends in Iowa, Missouri, Illinois and Ohio. They had a very enjoyable time.

A new fly, termed the sawfly, has made its appearance in great numbers in the eastern part of the state and is threatening to destroy the berry crop. The new insect, which closely resembles a fly, has a saw-shaped bill, with which it attacks the stems of the berries, completely severing them from the plant. The farmers are at a loss to get means for fighting and destroying this insect.

At the tenth annual session of the Bedford county Sunday School Association, recently held in Everett, Miss Maud Baumgardner of Wells Tannery was, among the county officers, elected Primary Superintendent, and was also appointed Delegate-at-Large to represent the Bedford county Sunday School Association in the State Convention to be held in Pittsburg next October.

"Remember this," said the primary school teacher, "a plural subject takes a plural verb—a girls, a boy is, girls are, boys are. Now, do you understand?" Every hand was raised in assent.

In these days of great progress and wonderful discoveries, when will the man come who will find a way to graft lemons on sugar beets and thus furnish us a supply of ready made lemonade? Or when will that man arise who will graft strawberries on milkweeds and thus grow strawberries and cream? Or when will that fellow come forth who has skill enough to change the odor of the onion to the perfume of the rose? All these men will be great, but greater will be that man who will graft an egg plant to a gooseberry and thus raise an unlimited number of geese.

WHEN OTHER MEDICINES HAVE FAILED take Foley's Kidney Cure. It has cured when everything else has disappointed. Sold at Trout's Drug Store.

**Fair at Clear Ridge.**

The citizens of Clear Ridge are making active preparations to have the biggest time in the history of their town on Saturday and Sunday evening July 30th. Able speakers will be present, and there will be more fun than you can shake a stick at—big races, sack races, watermelon and pie contests, base ball, day-light fireworks, and lots of other things too numerous to mention. Take a day off and be on hand. Whatever they make above-paying expenses will go toward the Clear Ridge Cornet Band.

**Branches For Twenty Years.**

Mrs. Minerva Smith, of Danville, Ill., writes: "I had bronchitis for twenty years and never got relief until I used Foley's Honey and Tar which is a sure cure." Sold at Trout's Drug Store.

**Treat Your Kidneys for Rheumatism.**

When you are suffering from rheumatism, the kidneys must be attended to at once so that they will eliminate the uric acid from the blood. Foley's Kidney Cure is the most effective remedy for this purpose. R. T. Hopkins, of Polar, Wis., says, "After unsuccessfully doctoring three years for rheumatism with the best doctors, I tried Foley's Kidney Cure and it cured me. I cannot speak too highly of this great medicine." Sold at Trout's Drug Store.

**PHILADELPHIA.**

July 6.—In glancing over the columns of the Fulton County News, which I have read with great interest every week since I left Fulton county last September, I noticed several items concerning 4th of July, so I shall write a few words concerning the day here. Promptly at twelve o'clock Sunday night the City was one continuous noise from the report of fire works of all kinds lasting until late Monday night, causing the street to be almost covered in places with paper. The display of fire works at night was something grand, as it was a lovely evening.

At ten o'clock a. m. I attended services in Independence Square on 6th and Chestnut Sts., where about 5000 had assembled. The first was the tolling of the bell on the State House 128 times. My mind recalled the history of July 4, 1776, when they debated the subject of independence and the poem flashed in mind.

There was tumult in the city, in that quaint old Quaker town, and the streets were rife with people pacing restless up and down, etc.

So at Liberty Cradle I spent my first Fourth. If it were not for the space it would take, I should like to give you a detailed description of what occurred.

I have been at a great many of the places of interest since I came here during my spare time—have been at many of the parks of the city which are full of interest and beauty.

I am attending the Philadelphia College of Horology situated on corner of Broad and Somerset Streets, a very beautiful part of the city and it is the best college of this kind in existence, being up to date in all its branches consisting of the watch, optical, jewelry and engraving departments, having the best instructions that can be secured, the finest of the line; so will say to any one thinking of attending a college of this kind, write Prof. F. W. Schuler, our principal before selecting a college; and to-day there is the greatest demand for good watch makers that ever was known—far beyond supply.

There has been more business done or exercised in the manufacture of time pieces than any other piece of mechanism in existence, and as time progresses it will require more skill to repair time pieces as there are being more kinds put on the market each year, being more complicated. I passed examination in optics some time ago, and am now looking forward to the time when I will complete my course in all branches of the college.
