WEAK HEARTS are caused by indigestion. If you eat a little too much, or if you are subject to attacks of indigestion, the stomach expands—swells, and puts up against the heart. This crowds the heart and shortens the breath. Rapid heart beats and heart disease is the final result. Kodol Dyspepsia Cure digests what you eat, takes the strain off the heart, cures indigestion, dyspepsia, sour stomach and contributes nourishment, strength and health to every organ of the body. Sold at Trout's drug store.

These Ranges are Sold from the Company's Wagons, by Their Traveling Salesmen. Read the following:

In another column appears the advertisement of the St. Louis Wrought Iron Range Company, whose agents are covering this county for the sale of the widely known and justly celebrated ranges manufactured by the company. The testimonials printed in their advertisement, from so many prominent citizens of Green and Washington counties, are sufficient to satisfy all reasonable people that the character of the men now traveling this county is all right, and that their business methods have been entirely satisfactory to their customers. We commend these men to our readers, and the ranges, commend themselves.—Washington Democrat.

Below is the opinion of a number of Waynesburg's business men as to their conduct here: "We the undersigned citizens of Waynesburg, Pa., can freely say that our acquaintance and observation with the Division Superintendent for the Wrought Iron Range Co., St. Louis, Mo., and his corps of salesmen for the past three months, permit us to recommend as being gentlemen, they have manifested push and enterprise in their business, while in our midst, and our well wishes go with them in their new fields of labor."

A man will run as fast as he can to cross a railroad track in front of a train. Then he will watch it till it goes out of sight. Then he will walk leisurely away. He seems to be all right and probably is. That is a man. A woman in a street car will open a satchel and take out a purse, take out a dime and close the purse, open the satchel, put in the purse, close the satchel and lock both ends. Then she will give the dime to the conductor, who will give her a nickel back. Then she will open the satchel and take out the purse, put in the nickel, close the purse, open the satchel and put in the purse, close the satchel and lock both ends. Then she will feel for the buckle at the back of her belt.
