Prof. B. N. Palmer found a turtle last week that had been marked by Dr. M. T. Belden thirty-one years ago.

Our new mail man Mr. Lewis Harris, had quite a thrilling experience on one of his early drives.

While conveying a 300-lb woman from Hancock in the back, and making a distribution of the mail along the routes, the horse became frightened and Mr. Harris and the fair passenger lost their equilibrium (if they had any).

The mail sack, cushions and contents of the lady's satchel, were strewn along the road for a distance of two miles. The strange feature of the case was, that Mr. Harris hooked the umbrella on the back part of the buggy as a sort of parachute to impede the progress of the flying steed.

When he got home he had a distracted look, his hair was disarranged, and his collar and tie gone. He called his friend, B. N. Palmer, aside, related his troubles, and asked him about a life-insurance policy.

Don't talk so loud next time, boys.

The popularity of DeWitt's Witch Hazel Salve, due to its many cures, has caused numerous worthless counterfeits to be placed on the market.
