

THOUGHT SHE WOULD DIE.

Mrs. S. W. Marine of Colorado Springs, began to fear the Worst - Doan's Kidney Pills saved her.

Mrs. Sarah Marine, of 423 St. Ura street, Colorado Springs, Col., President of the Glen Eyrie Club, writes:

I suffered for three years with severe back ache. The doctors told me my kidneys were affected and prescribed medicines for me, but I found that it was only a waste of time and money to take them, and began to fear that I would never get well.

A friend advised me to try Doan's Kidney Pills. Within a week after I began using them I was so much better that I decided to keep up the treatment, and when I had used a little over two boxes I was entirely well. I have now enjoyed the best of health for more than four months, and words can but poorly express my gratitude.

For sale by all dealers. Price 50 cents. Foster-Millburn Co., Buffalo, N. Y.

Fishermen Relented. A Knox county, Me., fisherman found a man pulling his lobster traps.

The man was invited to go ashore and settle the matter in a margin of queenberry, but preferred to take his chances with the law, and was brought to Rockland. Later when it developed that the offender was unable to pay either fine or costs the fisherman who had caused the arrest reached into his own pocket and promptly squared the bill.

IN WOMAN'S REALM

Never Re-tails Children. Never tantalize or ridicule children; never scold or punish them for an accident; never laugh at their mistakes or misfortunes.

Origin of "Dolly." The word "dolly" is taken from the name of a man, the man who made the first dolly. His name was Dolly or Doyley, a respectable warehouse man, whose family had resided in a great old house next to Hadson's, the banker's, since the time of Queen Anne.

Baby's Mosquito Net. A good idea for baby lies in a cover for the coach parasol. This was formed of bobbinets in circular shape with a lace edged ruffle.

"The Bride Can't Cook." Surgeon General Wyatt, of the British army, said in a lecture the other day that when a clergyman engaged in marrying a couple asks whether anyone present knows of any reason why the parties before him should not be joined in matrimony, the objection, "The bride can't cook," ought to be enough to at least postpone the wedding.

Care of the Nails. The cutting of the finger and toe nails requires some attention. They should be trimmed carefully, not down to the quick or too much at the corners.

A Motor Toilet. Along with the toilet kits, and emergency things with which all the big touring cars are supplied, there is now a recognition of madam's needs in the shape of a toilet case, containing all the little necessities the mere man who thought of this innovation deemed essential.

In Shepherd's Plaid. Another very pretty green and blue shepherd's plaid walking gown had a four-gored skirt, with the fullness supplied by small pleats stitched for about three inches below the belt.

Newest Collars. The very newest turn-over collar shows the tendency of all things in dress to be dainty and feminine this season. In place of a linen turn-over the bewitching summer girl wears a turn-over collar of accordion-pleated white mul-edged with a narrow band of butter-colored lace.

Arranging Flowers. The vessel in which you put your flowers has much to do with their effect. Long stemmed ones of stately habit, like the lily, will be spoiled if low vases are used.

A Sachet Covering. Crepe paper as a covering for sachets is one of the latest wrinkles. Silk, chiffon, embroidered linen and the other sheer and delicate materials with which sachets are usually covered sell quickly.

A blue china bowl may be pleasing when filled with yellow roses, but put pink roses into it and you get discord. As a general thing a crystal vase or cut glass bowl will be found more satisfactory than any colored vessel.

A good idea is to be done with beads of jet, pearl and brown glass, applied in dots or rows, or strung round the crowns. Buckles of the same material as the belt are very stylish, or button molds covered in the fabric used, having a tiny pleating surrounding it.

Agnettes will be somewhat worn, but the natural feeling of women who revolt at the cruelty necessary to procuring agnettes results in their being frowned upon by many good dressers. One of the latest novelties is a huge circular cloak of linen in creamy tone, similar to those worn by the Arabs.

Yvone, chenille braid, taffeta and more silk, and in a few models satin, are all to figure in the construction of the winter hats. Nothing, however, will supersede felt, and it looks very much as if the match color idea of the summer is to be carried out in soft, silky felt.

THE KEYSTONE STATE Latest News of Pennsylvania Told in Short Order.

There are ten cases of diphtheria in Denver, Lancaster county, and the schools have been closed. Mr. and Mrs. Benjamin Mettler Youells, of Easton, celebrated the sixtieth anniversary of their wedding.

W. J. P. Williams, one of the most prominent contractors in the Wilkes-Barre region, and a brother of the late Congressman Morgan B. Williams, was killed at the Henry Coll as he was directing the work of placing it. He has been a mining contractor for over thirty years.

Being overcome by sulphur fumes while his train was going slowly through the Mahanoy tunnel, Engineer Wyld fell from the locomotive. The train proceeded, and the engineer was not missed until the train reached the open air. Members of the crew returned to the tunnel and found Wyld unharmed beside the track.

A bullet striking the forehead of Harry Hess and demanded his pocketbook. When he resisted one of them fired several shots at him, a bullet wounding him in the face. Geo. Bright a short time later was held up by the same robbers, and one of them knocked him down.

A. U. Lesher, of Berwick, has disposed of a mastodon tooth to the National Museum at Washington. The tooth is seven inches long, five inches wide and three inches thick. With another, now the property of Franklin and Marshall college, it was found two years ago in the broken ice of a small creek near Marsh, Lancaster county, by two boys, who gave them to Mr. Lesher.

Attorney General Carson has given an opinion to Superintendent of Public Printing A. N. Pomeroy to the effect that he cannot postpone long the when-year contract for public printing beyond the day fixed by law. Believing that the State printing law is almost obsolete, Mr. Pomeroy has prepared a new law, but he cannot get it through the Legislature by the third Tuesday in January next when the contract must be let.

Mrs. Hughson, of Chicago, whose letter follows, is another woman in high position who owes her health to the use of Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I suffered for several years with general weakness and bearing-down pains, caused by womb trouble. My appetite was stifled, and I would lie awake for hours, and could not sleep, until I seemed more weary in the morning than when I retired. After reading one of your advertisements I decided to try the merits of Lydia E. Pinkham's Vegetable Compound, and I am so glad I did. No one can describe the good it did me. I took three bottles faithfully, and besides building up my general health, it drove all disease and poison out of my body, and made me feel as spry and active as a young girl. Mrs. M. E. Huason, 347 East Ohio St., Chicago, Ill.

Mrs. Pinkham Tells How Ordinary Tasks Produce Displacements. Apparently trifling incidents in women's daily life frequently produce displacements of the womb. A slip on the stairs, lying during menstruation, standing at a counter, running a sewing machine, or attending to the most ordinary tasks may result in displacement, and a train of serious evils is started.

If the slightest trouble appears which you do not understand write to Mrs. Pinkham, at Lynn, Mass., for her advice, and a few timely words from her will show you the right thing to do. This advice costs you nothing, but it may mean life or happiness or both.

Mrs. Leah Stowell, 177 Wellington St., Kingston, Ont., writes: "DEAR MRS. PINKHAM:—You are indeed a godsend to women, and if they all knew what you could do for them, there would be no need of their dragging out miserable lives in agony. I suffered for years with bearing-down pains, womb trouble, nervousness, and excruciating headache, but a few bottles of Lydia E. Pinkham's Vegetable Compound made me feel so new and promising to me. I am light and happy, and I do not know what sickness is, and I now enjoy the best of health. Lydia E. Pinkham's Vegetable Compound can always be relied upon to restore health to women who thus suffer. It is a sovereign cure for the worst forms of female complaints, — that bearing-down feeling, weak back, falling and displacement of the womb, inflammation of the ovaries, and all troubles of the uterus or womb. It dissolves and expels tumors from the uterus in the early stage of development, and checks any tendency to cancerous humors. It subsides excitability, nervous prostration, and tones up the entire female system. Its record of cures is the greatest in the world, and should be relied upon with confidence.
