Teachers Meeting.

The first local institute in Bethel township, was held at Alpine, October 28th. The meeting was called to order by the teacher, Oscar C. Sharpe, and A. M. Bivens was elected chairman.

The institute was well attended—teachers and citizens both taking part in the discussions. A notable feature of the institute was the absence of recitations, which gave more time for the discussion of the following question:

1. Spelling—Its Importance, How Taught. 2. Supplies—Their Use and Abuse. 3. Little Things and Their Importance in and about the School Room. 4. The Personality of the Teacher: a, In the School Room, b, On the Playground; c, In Public Places. 5. The School as a Social Factor.

The teachers present outside of the township were Gilbert Mellett, and Queen Lake, of Belfast; and Miss Lillian Wagner, of West Virginia, who gave some good points in the art of teaching, such as are used in West Virginia.

The next institute in Bethel will be held at Gordon's school November 18th.

Charles Fogley, secretary.

The third local institute of Taylor was held last Friday evening at Waterfall. Institute was opened by the teacher, who acted as chairman. The following questions were thoroughly discussed by the three teachers present:

1. Education: Its Value to the Average Boy or Girl. 2. Duty and Responsibility of the Teacher, Patron and Pupil. 3. How do You Teach Geography?

The program was interspersed with songs, reading and recitations, which were well rendered by the teacher and pupils.

I believe it would be worth while for the teachers of Taylor district to take more interest in the Educational meetings. There were but two of the eight teachers present.

The next local institute will be held at No. 4, November 18th. JOHN WOODCOCK, Secretary.

One Phase of Mexican Etiquette.
Mexican etiquette is peculiar, as is shown by the following quotation from a letter written by a Spanish woman while traveling in that country: "There is one piece of etiquette entirely Mexican, nor can I imagine whence derived, by which it is ordained that all new arrivals, whatever their rank, foreign ministers not excepted, must, in solemn print, give notice to every family of any consideration in the capital that they have arrived and put themselves and their homes at the disposition of the residents, failing in which etiquette the newly arrived family will remain unnoticed and unknown."

ANXIOUS MOMENTS.
Some of the most anxious hours of a mother's life are those when the little ones of the household have the croup. There is no other medicine so effective in this terrible malady as Foley's Honey and Tar. It is a household favorite for throat and lung troubles, and as it contains no opiates or other poisons, it can be safely given. Sold at Trout's drug store.

The Steam Engine.
The steam engine was made perfectly automatic by a lazy boy who was employed to open and close the valves. Desiring to play instead of to work, he tied a string from one part of the machine to another, thus making the engine itself attend to its own business. He was never heard of again, and even his name is unknown, but a perfect engine was the outcome of his laziness.

QUICK ARREST.
J. A. Gullidge, of Verben, Ala., was twice in the hospital from a severe case of piles causing 24 tumors. After doctors and all remedies failed, Bucklen's Arnica Salve quickly arrested further inflammation and cured him. It conquers aches and kills pain. 25c. at Trout's drug store.

Wells Tannery, 19; Enid, 19.
We have before us an extended account of a baseball game between the Wells Tannery team and the Enid team, but the writer does not tell us when it was played nor where. He says that they expect to play again next Saturday. In the game played recently, there does not seem to have been any kick against the umpires, and the teams seemed to hold each other level. Struck out by Alloway, 2; Cutchall, 2; Baumgardner, 7.
