The Solid South Broken in the Sweeping Re publicas Tidal Wave and the Unprecedented Majority for Roosevelt and Fairbanks-The Enormous Pigralities Still Rolling

Already past the 2,000,000 mark, President Roosevelt's plurality in the popular vote continues to grow, according to the latest returns.

Pennsylvania leads the list of States with the magnificent plurality of 494,-525. This tremendous record, only a few votes short of the half million

Maryland is very close, with indications that the Democrats will win one presidential elector.

No State except Maryland is in doubt, and unless there are further changes the Electoral College will cast 342 votes for Roosevelt and Fair-banks and 134 for Parker and Davis In Congress there will be a Republican majority of 104, the victorious party holding 245 seats against 141 held by Democrats.

Missouri is also Republican, and as candidates for the seat in the Senate

now held by Mr. Cockrell, Chairman Niedringhaus, Secretary Hitchcock and Cyrus Walbridge, who was defeated for the Governorship by Joseph W Folk, are mentioned.

There is now no further doubt of the re-election of Congressman Joseph W Babcock, of Wisconsin, chairman o the Republican Congressional Cam paign Committee. His plurality is

The Montana Legislature has apparently gone Republican. This in-sures the election of former Senator Thomas Carter to the U. S. Senate.
