We Regret to Announce

that up to this writing, we have not received a SINGLE ESSAY on our Conococheague watch from any teacher of Fulton county, to whom the offer was made. November 15th, the time fixed for receiving the last essay having gone by, the offer is now closed with regret. The subject being a difficult one upon which to write any extended essay by those unfamiliar with our watch and its name sake "Conococheague," we have therefore decided upon something easier to write. To any reader of this article who sends us before December 15, 1904, the largest list of words, using only the letters in (Conococheague Watch) we will award one of the articles. Should the winner be a lady, the prize will be the Diamond and Opal ring and if a male should win, the prize will be the watch. Now, here is your opportunity. See the prizes at Trout's drug store.
