Mrs. Blanche Layton.

Mrs. Blanche Layton, wife of Carey F. Layton, died at her home in Whips Cove, this county, Friday evening, March 3, 1906. Her remains were laid in the cemetery at Jerusalem Christian church on Monday following.—Funeral services were conducted by her pastor, Rev. James R. Logue, who also stood among her many friends and watched her slowly pass away.

Mrs. Layton's maiden name was Blanche McKee, she being the only child of James C. and Mary McKee of the Cove. She was born August 6, 1860, and died March 3, 1906, being 24 years, 6 months, and 27 days.

Mrs. Layton was married to Carey F. Layton four years ago last Christmas, and is survived by her husband and two children—one, a sweet little girl named Rena, three years of age, and the other, an infant son 11 days old.

Mrs. Layton proved herself a kind loving wife, and an affectionate mother, and the people of the Cove deeply sympathize with the bereaved husband and her parents in the loss of their only child. May we all meet in heaven.

Like Finding Money.

Finding health is like finding money—so think those who are sick. When you have a cough, cold sore throat, or chest irritation, better act promptly like W. C. Barber, of Sandy Level, Va. He says: "I had a terrible chest trouble, caused by smoke and coal dust on my lungs; but after finding no relief in other remedies, I was cured by Dr. King's New Discovery for consumption, coughs and colds." Greatest sale of any cough or lung medicine in the world. At Trout's drug store; 50c and \$1.00; guaranteed. Trial bottle free.

NEW GERMANY

Grippe has struck this section and almost every family has it, or has had it—which gives our doctor plenty to do.

The scarlet fever cases are able to be out and no more new cases have appeared.

Hayes and Eddie Bergtresser of Monessen, Pa., were summoned home on account of the serious illness of their sister, Mrs. Mada Witter; she, however, is slowly recovering at this writing.

No. 4 school was closed during the past week on account of grippe getting the better hand of our teacher, Charles Seville.

S. S. Beyer, our lumberman from Eversdale, Pa., is among us again, and busy getting 60,000 feet of poplar lumber hauled to Three Springs station.

Gladys, daughter of Richard Alloway, is well again after a siege of pneumonia.

B. F. Crider, who spent the winter in Philadelphia is home.

Lizzie Watkins and Emory Baith, of Coles Valley, are on the sick list.

Mr. Nathan Barnett, postmaster at Hubelsville, with his wife, was traveling in a spring wagon in Taylor township. Near Isaac Miller's Mr. Barnett took a fainting spell, and while Mrs. Barnett attempted to hold him from falling out the wagon, the horse turned aside throwing both occupants out on the road side, injuring Mr. Barnett—lacerating and bruising him. Dr. Campbell was called, and gave the necessary surgical aid, requiring several stitches in cut in Mr. Barnett's head and face. Being an aged man, Mr. Barnett will not be able to stand many such accidents.

Last Wednesday evening, a few minutes before 6 o'clock, Squire James A. McDonough, of our town, attired like unto a priest, or minister of the gospel, started from his office with a large law book under his arm, which looked like some of Blackstone's writings were to be rehearsed. Lo and behold! he stopped at the mansion house of Jacob Crider, on Rock street, and precisely at 6 o'clock, Mr. Jacob Crider and Mrs. Kate Heeter, both of New Grenada, stepped forth in the presence of the invited friends, when Jimmy tied his first knot—making them man and wife. After this a bountiful supper was served and then came "music by the cantumpians" who furnished long and loud tunes under the captainship of Jacob Black. A general treat was given the boys when all was ended. Many happy returns to the bride and groom.

Squire Jimmy, or "Irish" as the boys call him, says he got along so well with this job that he thinks of advertising for more work of the same kind.

On Monday morning of last week, Emory McClain started horse back for Woodvale, where he was teaching the unexpired term of school of his sister Jessie B. Panter. When part way up the mountain side, his horse stepped in a hole in the road, falling on him breaking the tibia or larger bone in his leg about four inches above the ankle, and fracturing the fibula, or smaller bone in same place. As he was all alone, he in some way, which required a great deal of nerve, managed to mount his horse and endeavored to start to his home in Wells Valley. He had not proceeded far until that big hearted, good Samaritan, A. D. Berkstreser, came along, and seeing his brother "wounded and lying by the wayside" stopped, looked, and had compassion on him, and did not pass by on the other side, but took Emory to his home.—Hence the story of the good Samaritan in reality was practiced. (See Luke 10 : 29-37.) Dr. R. B. Campbell was summoned, and by noon had set the broken bones, and at present Emory is getting along fairly well. He seems to have had luck—his children having just recovered from scarlet fever.

ROOKWOOD POTTERY

esteemed by lovers of the artistic in every clime, specimens purchased for permanent exhibition in the leading Art museums of the World, honored at home and abroad by individuals and national expositions, a distant product of American ceramics, unequalled in Europe and basely imitated in the land of its birth. Every piece of Rookwood is an art creation in itself, no two pieces being alike. The decorators, both men and women, are drawn from the Art Academy of Cincinnati, the home of Rookwood.

Those of you who have not recently seen a representative collection of "Rookwood" will be amazed at the variety of colorings and glazings recently produced. This will be Rookwood week at Ludwig's. Come, you are all invited to see our collection of over 70 pieces among which will be found all of the varieties.

CALIFORNIA

Do you want to live where the climate is mild the year round—where labor is never oppressed by stress of weather, and where animal vitality is never lost by mere conflict with cold?

Do you want to live in a region where the resources are more varied than in any other equal area in the world, where the division of great ranches affords a fine opportunity to get a small farm that will assure you a competence?

Do you want to live where, with a minimum of labor, you can grow profitable crops of grapes and small fruit, oranges, lemons, olives, prunes and almonds, alfalfa and grain, where crops are sure, business is good and capital easily finds profitable investment?

Then go to California, where both health and opportunity await your coming.

The Chicago, Union Pacific and North-Western Line

is the most direct route to the Pacific Coast, and there are two fast through trains daily via this line, over the famous double-track railway between Chicago and the Missouri River. One-way Colonist tickets are on sale daily, March 1 to May 15, at the rate of \$33.00 from Chicago, with correspondingly low rates from all points, give you an unusual chance to make the trip.

These tickets are good on daily and personally conducted excursions, on which a double berth in a Pullman tourist sleeping car from Chicago costs only \$7.00. Round-trip tickets are always on sale from all points at reduced rates via the

Chicago & North-Western, Union Pacific and Southern Pacific Railways.
