The Population of the Earth is 1,400,000,000. One Million Die Annually of Catarrh.

ALL over the world Peruna is known and used for catarrhal diseases. The Peruna Girl has traveled round the globe. Her face is familiar everywhere that civilization reaches.

Universally Praised.

From Africa to Greenland, from Manchuria to Patagonia, the face of the Peruna girl is familiar and the praise of Peruna as a catarrh remedy are heard.

Successful in North and South.

Peruna crossed the Equator several years ago, to find in the Southern Hemisphere the same triumphant success that has marked its career in the Northern Hemisphere.

A Standard.

Peruna is a standard catarrh remedy the world over.

It cures catarrh by eradicating it from the system.

Permanent Cure.

It obviates the necessity of all local treatment and its relief is of permanent character.

Without a Peep.

No other remedy has so completely dominated the whole earth as Peruna.

In Every Tongue.

In all languages its glowing testimonials are written.

In all climes the demands for Peruna increase.

PERUNA has been introduced in CANADA, MEXICO, WEST INDIES, AUSTRALIA, AFRICA, AND THE ORIENT.

An Extensive Laboratory.

To supply this remedy to the whole world takes to the utmost one of the best laboratories in the United States.

A Word From Australia.

Walter H. Woodward, Bomadier Royal Australian Artillery, Hobart, Tasmania, writes:

"I suffered for several years with a distressing condition of the head and throat, caused by catarrhal conditions.

"My head and nostrils were stopped up most of the time and there was a discharge, and my sense of smell was affected badly.

"After two weeks' use of Peruna I found this condition quite changed, and so I continued to use this remarkable medicine for over a month.

"I am very glad to say that at the end of that time I was cured and felt in fine health generally, and am pleased to give Peruna my truest endorsement."

Let Common Sense Decide

Do you honestly believe, that coffee sold loose (in bulk), exposed to dust, germs and insects, passing through many hands (some of them not over-clean), "blended," you don't know how or by whom, is fit for your use? Of course you don't. But

LION COFFEE

is another story. The green berries, selected by keen judges at the plantation, are skillfully roasted at our factories, where precautions you would not dream of are taken to secure perfect cleanliness, flavor, strength and uniformity.

From the time the coffee leaves the factory no hand touches it till it is opened in your kitchen.

This has made LION COFFEE the LEADER OF ALL PACKAGE COFFEES. Millions of American Homes welcome LION COFFEE daily. There is no stronger proof of merit than continued and increasing popularity. "Quality survives all opposition."

DISFIGURED BY ECZEMA

Wonderful Change in a Night—In a Month. Face Was Clear as Ever—Another Cure by Cuticura.

"I had eczema on the face for five months, during which time I was in the care of physicians. My face was so disfigured I could not go out, and it was going from bad to worse. A friend recommended Cuticura. The first night after I washed my face with Cuticura Soap, and used Cuticura Ointment and Resolvent, it changed wonderfully. From that day I was able to go out, and in a month the treatment had removed all scales and scabs, and my face was as clear as ever. (Signed) T. J. Smith, 37 Stagg Street, Brooklyn, N. Y."

The U. S. Dept. of Agriculture gives to Salzer's Oats its highest endorsement. Salzer's New National Oats yielded in 1904 from 120 to 300 bu. per acre in 30 different States, and you, Mr. Farmer, can beat this in 1905, if you will.

Speltz or Emmer, above illustrated, gives 80 bushels grain and four tons hay per acre. It's wonderful. Salzer's cereals are pedigree seeds, bred up through careful selection to big yields.

Salzer's Boardless Burley yielded 121 bu. Salzer's Home Baking Corn... 320 bu. Speltz and Macaroni Wheat... 80 bu. Salzer's Victoria Rape... 60,000 lbs. Salzer's Tennessee Soybean... 100,000 lbs. Salzer's Billion Dollar Grass... 60,000 bu. Salzer's Pedigree Potatoes... 1,000 bu.

Now, such yields pay and you can have them, Mr. Farmer, in 1905.

make it the most widely chosen of all leavening agents. During this year 16,145,114 pounds have been sold (many orders coming in for car-load shipments), which is the largest business for a single factory in the world. This is only the inevitable result of the original Good Luck plan—to furnish the best baking powder in the world at the lowest price—to cents a pound.

Good Luck is the best because it is purest, because it produces the lightest, whitest, sweetest of baking. These results are due to its unequalled leavening force, to the fact that it contains no adulteration whatever. It is the most economical because it takes less to do the work than any other baking powder. If your dealer doesn't sell Good Luck let us know, and we'll see that you are supplied at once.

Up and Down With the Bishop.

Bishop Dudley of Kentucky was much addicted to sport, especially for liking to hunt and fish. Once, when on a shooting trip, the bishop chanced to fall in with an old mountaineer, who, according to Representative Ollie James, took a great fancy to his new acquaintance, whom he did not in the least suspect was a bishop. When Bishop Dudley was preparing for his return home he invited the old man to visit Louisville, so that he might hear him preach.

"Preach," gasped the old mountaineer. "What, you preach? Kin you preach as well as you kin shoot?"

"Much better," responded the bishop, smilingly. "Be sure and come some Sunday. I'll see that you get a good seat in front."

The old man availed himself of the invitation thus extended. At the conclusion of the service he quickly sought out his friend, the bishop, and grasped him by the hand.

"Mr. Bishop," he cried enthusiastically, "I don't know much about your creeds and dogmatics, but I riz and sot with you every time!"

THE SIMPLE LIFE

Ways That Are Pleasant and Paths That Are Peace.

It is the simple life that gives length of days, serenity of mind and body and tranquility of soul.

Simple hopes and ambitions, bounded by the desire to do good to one's neighbors, simple pleasures, habits, food and drink.

Men die long before their time because they try to crowd too much into their experiences—they climb too high and fall too hard. A wise woman writes of the good that a simple diet has done her:

"I have been using Grape-Nuts for about six months. I began rather sparingly, until I acquired such a liking for it that for the last three months I have depended upon it almost entirely for my diet, eating nothing else whatever but Grape-Nuts for breakfast and supper, and I believe I could eat it for dinner with fruit and be satisfied without other food, and feel much better and have more strength to do my household work."

"When I began the use of Grape-Nuts I was thin and weak, my muscles were so soft that I was not able to do any work. I weighed only 108 pounds. Nothing that I ate did me any good. I was going down hill rapidly, was nervous and irascible, with no ambition for anything. My condition improved rapidly after I began to eat Grape-Nuts food. It made me feel like a new woman; my muscles got solid, my figure rounded out, my weight increased to 128 pounds in a few weeks, my nerves grew steady and my mind better and clearer. My friends tell me they haven't seen me look so well for years."

"I consider Grape-Nuts the best food on the market, and shall never go back to meats and white bread again." Name given by Postum Co., Battle Creek, Mich.
