

CURE YOUR KIDNEYS.

When the Back Aches and Water Troubles Set In, Get at the Cause.

Don't make the mistake of believing backache and bladder ills to be local ailments. Get at the cause and cure the kidneys. Use Doan's Kidney Pills which have cured thousands.

Captain S. D. Hunter, of Engine No. 14, Pittsburgh, Pa., Fire Department, and residing at 2729 Wylie avenue, says:

"It was three years ago that I used Doan's Kidney Pills for an attack of kidney trouble that was mostly backache, and they fixed me up fine. There is no mistake about that, and if I should ever be troubled again I would get them first thing, as I know what they are."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y.

Father Was Laid Up.

Arthur Hill and Joseph Schrode of "The Wizard of Oz" company chanced to drop in at a small shooting gallery in Providence last week, where they spent an hour peppering the bull's-eye and winning innumerable cigars. The place was presided over by a pretty girl and a decrepit old man whom she called "Father." As Arthur Hill does not indulge in the pernicious smoking habit, he handed back all the cigars he won for his unerring aim and said to the girl, "Give them to the old man."

The next day Hill and Schrode were strolling past the same place, and they noticed that the girl was on duty alone, but the old man was missing.

"I guess father smoked them," remarked Hill, laconically.

The present population of Great Britain and Ireland is about 42,750,000.

SOME THINGS ARE CHEAPER.

How Specialization in Manufacture Reduces Cost of Production.

When Edison first made the small incandescent electric lamp, consisting of a carbon filament fixed by platinum wires in a pear-shaped glass bulb from which the air had been exhausted, the cost was \$3 each; now there are many million similar lamps of better quality made each year and sold at less than twenty cents each.

Formerly watches were made by hand and were costly luxuries; now they are made by machinery in lots of a thousand at a time and the cost of a new watch that will keep fairly good time is less than the cost of having an expensive watch cleaned.

The same principles apply in all lines of manufacture, and it has been found that reduction in cost of production, due to specialization in manufacture is naturally followed by increased demand, for the simple reason that each successive reduction brings a new class of consumers or purchasers into the market, and a commodity which was regarded as a luxury of the few when the cost was relatively high becomes a necessity of the many when the cost is reduced to a sufficiently low level.

Optical Convention.

An optical convention will be held in London the latter part of May, under the presidency of Dr. R. T. Glazebrook, F. R. S. The object of the convention is to bring into cooperation men interested in optical matters. A sub-committee has been appointed to consider the subjects of papers on optical questions which should be brought before the convention, and suggestions as to subjects for discussion will be welcomed. It has been decided to organize an exhibition, of a scientific character, of instruments manufactured in this country, England, with a view to show the progress recently made, and to stimulate further efforts.

THE KEYSTONE STATE

Latest News of Pennsylvania Told in Short Order.

The Monroe County Mountain Resort Association is trying to secure better railroad facilities between Monroe County and Philadelphia.

Women of Oxford are collecting money to build a public hall.

Mayor McCall, of York, has decided that in case a prisoner is unable or refuses to pay a fine imposed for a misdemeanor, he shall be placed at work upon the city highways.

A syndicate of Philadelphia and Baltimore capitalists has purchased the plants and franchises of the Consumers' Water Company, in Hanover, and the McSherrystown Water Company. The syndicate has also bought several hundred acres of land, gaining control of all the water supplies in that vicinity.

An unexpected flow of gas at the depth of 900 feet in a well in the Dehaven farm, Clarion, was ignited, destroying the derrick and rigging. The loss is \$1000.

Rebecca Laird, of Carlisle, has presented to the Dilworthtown Presbyterian Church a baptismal font, in memory of Mrs. Mary D. Biddle, late of Edgewood, Birmingham Township, and of Lydia Spenser Baird, who died in 1875.

When the grand-mother of 11-year-old Arthur Brozman, of Reading, caught him playing truant she punished him with a broomstick. Thereupon the boy, it is alleged, buried a bar of iron at her and broke her nose. The grand-mother caused the boy's arrest and in preferring charges against him declared that he had forged his mother's name from a local bank. It is said that the boy found his mother's check book, and induced a companion to draw a check for \$150. This was promptly cashed and then he tried again. Further success made him bold and he, it is said, tried a \$5 check, which the cashier refused to honor. His mother would have kept the matter quiet, but the assault on the grand-mother brought the matter to light. The boy will probably be sent to a reformatory.

Last January a dangerous fire broke out at night in a livery stable in the heart of the business district of Harrisburg. The fire baffled the firemen and destroyed the stable and an adjoining building. Charles Schaefer, aged 79, was arrested, charged with setting fire to the stable. It is said he had told of his crime to a friend, who informed the detectives.

A delegation of residents of the Cumberland Valley called on Governor Pennypacker to invite him to participate in the dedication of the monument to soldiers of the Revolutionary war, at Middle Springs, Presbyterian Church, two miles from Shippensburg, on June 1. He promised to be present and make an address.

The strike of the union miners in the Meyersdale district has been declared off, the union having withdrawn its support. The strike has been in progress for sixteen months.

The Bethlehem Steel Company started the erection of three large crucible and open hearth furnaces.

Associate Judge Joseph Wertz, 71 years, of Lewistown, fell in his kitchen and sustained a fracture of the right leg.

John McClurg, of Oxford, a line-man, was working at the top of a thirty-foot pole when it suddenly broke. He fell and was rendered unconscious. Upon being brought to his senses again it was found that despite his fall he was uninjured.

Fifty leaders in the Sterling Colliery, Shamokin, operated by the Philadelphia Coal & Iron Company, went on strike, refusing to pick slate out of chutes before loading coal into wagons.

The college women of Scranton have formed an organization with Mrs. J. M. Wainwright, a Vassar graduate, as president, and Miss Anna Russ of Smith College, secretary. The organization will engage in philanthropic work.

A. D. Hoover, who has been postmaster at Zion's View for ten years, has resigned.

The West Chester branch of the Women's Auxiliary of the Chester County Hospital has elected the following officers: President, Miss Hannah A. Marshall; vice-presidents, Miss Ella Hoopes, Mrs. George Bidden; secretary, Mrs. Alice Shaffer; treasurer, Mrs. F. S. Hickman.

Orders have been issued by Colonel Rufus C. Elder, of the Fifth Regiment, National Guard, to muster out the hospital corps at Altoona and organize a new corps at Bellefonte, where the surgeon, Dr. Albert G. H. Hayes, resides.

D. W. Tyron, cashier of the Spangsbury Bank, which failed in March, has been arrested, charged with embezzlement, on a complaint of W. E. Rice, of Chicago. Rice alleges that he contracted with Tyron for the erection of a chair factory in Spangsbury and paid Tyron \$1500 to be used in conducting the business, but he says, Tyron diverted the money to his own use.

Ten feet below the earth's surface a vein of anthracite coal has been discovered near Ruxey, Blair county. Some of the coal was taken out and burned, and found to be of excellent quality. The extent of the vein has not been ascertained. Much excitement has resulted among the farmers in that locality.

Dison McKenna, a 13-year-old boy of Shickshinny, near Wilkes-Barre, died of hydrophobia. He frother at the mouth, snapped like a dog and suffered intense pain until his death. He was bitten about five weeks ago by a dog which was not then thought to be mad.

John Bygosh is in jail on the charge of blowing up the house of William Millak, in Luzerne Borough. Millak declared at the hearing that he heard a man stumble and swear, and that the voice was that of Bygosh. A few minutes later the house was blown up with dynamite.

The Schuylkill county poor directors have filed a case stated in court to secure an opinion as to whether or not they are to be paid under the new controller act, which fixes a salary of \$1,300 a year. They have been receiving \$2 a day under the old law.

Shortly after he had joined a corps organized at the Lincoln Colliery, Pottsville, to administer first aid to injured miners, James Schreffler was caught between mine cars 24 killed.

Ziba Scott, a widely-known guide and hunter of Springbrook, has been missing since April 5. All of his clothes, and his spectacles, were found near Rattlesnake Pond, half a mile from his home.

Joseph Lamborn, a young man living near Russellville, was found dead in a field where he had been plowing, with a bullet through his brain, and a revolver clenched in his hand. The coroner's jury rendered a verdict of suicide.

COMMERCIAL REVIEW.

R. G. Dun & Co.'s "Weekly Trade Review" says:

"Good news still predominates in trade and industry. Easter business is of large volume; dry goods, clothing, footwear and all lines of wearing apparel reporting an unusually good demand, and shipping departments are taxed to their full capacity in many cases. The country as a whole is experiencing more settled weather, which is reflected in a better retail distribution of merchandise.

Jobbing trade in goods for Fall delivery is broadening, and there is more inclination to prepare for the future. Manufacturers report less idle machinery, the iron and steel industry leading with an unprecedented output of pig iron, yet consumption is also above all records, for there is no accumulation at the furnaces.

A few labor controversies are threatened, but none are of sufficient magnitude to materially check progress, even if expected settlements are not attained, for the number of hands involved is comparatively small.

Reports are somewhat conflicting as to mercantile collections, but improvement should follow the liberal distribution of funds in starting agricultural work. Treasury shipments of small change to the interior largely exceeding the amount in transit a year ago.

Car blockades are few, owing to the favorable weather, although traffic is very heavy, as shown by railway earnings for the first week of April, 10.9 per cent. larger than last year.

Failures this week numbered 214 in the United States, against 225 last year, and 20 in Canada, compared with 16 a year ago."

"Bradstreet's" says—

Wheat, including flour, exports for the week ending April 13, are 1,292,301 bushels, against 886,017 last week, 1,213,855 this week last year, 2,077,777 in 1903, and 4,118,108 in 1902. Corn, exports for the week are 2,209,767 bushels, against 3,366,347 last week, 583,309 a year ago, 1,677,521 in 1903, and 400,733 in 1902.

WHOLESALE MARKETS.

Baltimore.—FLOUR—Weak and unchanged; receipts, 37,566 barrels.

WHEAT—Dull and firmer; spot contract, 1.09 1/4@1.07 1/4; spot No. 2 red Western, 1.07 1/4@1.07 1/4; April, 1.06 1/4@1.07; May, 1.06 asked; June, 1.01 1/2 asked; July, 87 asked; steamer No. 2 red, 97 1/2@97 3/4; receipts, 7,407 bushels; Southern, by sample, 87 1/2@1.05 1/4; Southern, on grade, 66 1/4@1.06 1/4.

CORN—Firm; spot, 52 1/4@52 3/4; July, 52 1/2@53 1/4; September, 53 1/2@53 3/4; steamer mixed, 48 1/4@48 3/4; receipts, 75,888 bushels; Southern white corn, 49 1/2@52 1/4; Southern yellow corn, 49 1/2@53 1/4.

POTATOES—Weak; Long Island, 1.00@1.00; State and Western, 1.00@1.10; Jersey sweet, 2.00@2.20.

PEANUTS—Steady; fancy hand-picked, 5 1/4@5 1/2; other domestic, 3 1/4@5 1/4.

CABBAGES—Quiet; Florida, per barrel crate, 1.00@2.00.

Live Stock.

New York.—BEEVES—Nothing doing in live cattle; feeling steady. Exports, 24 cattle and 95 sheep.

CALVES—Quiet, but steady. Common to fairly good veals, 4.00@6.50; no prime here; culls, 3.50. City dressed veals, in fair demand, at 7c to 11c per pound; country dressed, at 8c to 9c.

SHEEP AND LAMBS—Sheep very dull; lambs, 10c to 15c lower. Clipped sheep, 4.50 to 5.50; woolled lambs, 5.00 to 8.50; clipped do., at 5.00 to 6.50.

HOGS—Market about steady. Good to prime State hogs, 6.10 to 6.15.

Chicago.—CATTLE—Market steady to 15c lower. Good to prime steers, 6.00@6.65; poor to medium, 4.60@5.75; stockers and feeders, 2.50@5.10; cows, 2.60@3.50; heifers, 3.00@6.00; canners, 1.60@3.00; bulls, 2.50@4.90; calves, 3.00@7.00.

HOGS—Mixed and butchers', 5.45@5.65; good to choice heavy, 5.57 1/2@5.67 1/2; rough heavy, 5.45@5.55; light, 5.45@5.60; bulk of do., 5.35@5.37 1/2.

SHEEP—Lambs, steady to lower. Good to choice wethers, 5.75@6.15; fair to choice mixed, 4.50@5.65; native lambs, 4.50@7.40.

DANGER IN THE OYSTER.

Succulent Bivalve Prolific Producer of Disease.

There is probably no one article of food, except raw milk, which is so frequently a cause of disease, and sometimes even fatal illness, as is the oyster. The nutritive value of the oyster is very small. It takes fourteen oysters to equal one egg in food value, and more than 250 oysters to equal a single pound of beef in food value. This is due to the fact that the oyster consists chiefly of water, the balance being mostly liver and germs. The oyster lives upon the ooze and slime of the ocean bottom. Typhoid fever, germs, and other disease-producing organisms are tidbits for the oyster, and millions of them are always found in the oyster's stomach and the mucus, or slimy juice, in which the oyster is always bathed.

Another paper recently reports the death of the Dean of Winchester from typhoid fever, as the result of eating oysters at the mayor's banquet in England. The result of this death, according to a wholesale oyster dealer in England, has been the falling off in the consumption of oysters to the extent of 75 per cent; that is, that there is only one oyster eaten now where four were eaten before these facts became public. Oyster merchants and persons engaged in the oyster business generally, in England, are complaining that their business is ruined. Within three or four days after the death of the Dean of Winchester, the oyster trade fell off at Emsworth from five thousand to nothing.

Several similar epidemics have occurred in England, and a few in this country, in which fatal cases of typhoid fever were traced directly to the use of the oyster.

The oyster is a scavenger, and absolutely unfit for human food. The idea that it is more digestible than other foods is in the highest degree absurd. In addition to the germs with which it always abounds, the oyster contains a large amount of uric acid which can not be gotten rid of by boiling, or by any other means.

Poser for the Artist.

"Irish bulls will happen," declared Representative McNary of Massachusetts. "I had a friend, an old Irish contractor, who made a fortune and wanted his portrait painted. He went to the artist and the terms were satisfactory.

"Now, have you any special pose you want?" asked the artist.

"Oh, have that," answered the prospective sitter. "I want myself painted standin' behind a tree."

Cannot Reduce a Rate.

It is stated in Washington that under the Townsend rate bill if a rate is fixed by the commission it cannot be lowered by a railroad. Should an emergency arise calling for a decreased rate the railroads or shippers would have to appeal again to the commission, there being no latitude allowed, whatever the circumstances. Hitherto a maximum rate has been the rule, but no such concession is made under the proposed legislation.

Ivory Congratulations.

A very famous American dentist met the English husband of an American friend of mine with the genial congratulation: "My dear sir, I wish you joy! You have married a first-rate set of teeth."—Fortnightly Review.

Deafness Cannot Be Cured

by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or ringing in the ears, and when it is entirely closed Deafness is the result, and unless inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Nine cases out of ten are cured by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. Cheney & Co., Toledo, O. Sold by Druggists.

English Sheepkeepers.

The upper class in England is sinking; the middle is rising rapidly, and those who belong to the former keep shops in assumed names, while those who belong to the latter endeavor to conceal that they themselves are connected with trade. The conversation of both, however, betrays that they are sheepkeepers.—London Truth.

PT's permanently cured. Softs or nervousness after first day's use of Dr. Kling's Great Nerve-Reliever, a strain of bottle and treatise from Dr. H. H. Kling, Ltd., 301 Arch St., Phila., Pa.

In some of the London schools the boys take lessons in cooking.

Ask Your Dealer For Allen's Foot-Ease.

A powder, it relieves the feet. Cures Corns, Bunions, Swollen, Sore, Hot, Chafed, Aching, Sweating Feet and Itching Nails. Allen's Foot-Ease is sold by all druggists and shoe stores. At all Druggists and Shoe stores, 25 cents. Accept no substitute. Sample mailed FREE. Address, Allen S. Olmsted, LeRoy, N. Y.

The crown forests of Russia comprise 30,000,000 acres belonging to the Czar.

Popular Cars.

The Pope-Hartford and Pope-Tribune gasoline cars and runabouts meet the specific demands of a large class of automobile users. They are simple in construction, free from complications and efficient. Prices from \$500 to \$1600. For finely illustrated catalogues and descriptive matter, address Dept. A, Pope Manufacturing Co., Hartford, Conn.

Glass houses may soon be made afloat.

Leo's Cure is the best medicine we ever used for all affections of throat and lungs.—W. O. Ernest, Vanburn, Ind., Feb. 10, 1904.

Compulsory education will become general in Cape Colony soon.

BABY'S AWFUL ECZEMA

Face Like Raw Beef—Thought She Would Lose Her Hair—Healed Without a Bleeding—Mother Thanks Cuticura.

"My little girl had eczema very bad when she was ten months old. I thought she would lose her hair, and she had turned bald, and her face was like a piece of raw meat, and very sore. It would bleed when I washed her, and I had to keep cloths on it day and night. There was not a clear spot on her face when I began using Cuticura Soap and Ointment, and now it is completely healed, without a scar or blemish, which is more than I had hoped for. (Signed) Mrs. Rose Ether, 291 Eckford St., Brooklyn, N. Y."

The residence of the proprietor of one of the porcelain factories at Limoges was sacked by strikers.

CUBAN MINISTER TO THE U. S.

Recommends Pe-ru-na

Senor Quesada, Cuban Minister to the United States, is an orator born. In an article in The Outlook for July, 1903, by George Kennan, who had heard Quesada speak at the Esteban Theatre, Matanzas, Cuba, he said: "I have seen many audiences under the spell of eloquent speech and in the grip of strong emotional excitement; but I have rarely witnessed such a scene as at the close of Quesada's eulogy upon the dead patriot, Mari." In a letter to The Peruna Medicine Company, written from Washington, D. C., Senor Quesada says:

"Peruna I can recommend as a very good medicine. It is an excellent strengthening tonic, and it is also an efficacious cure for the almost universal complaint of catarrh."—Gonzalo De Quesada.

Congressman J. H. Rankin, of Alabama, one of the most influential members of the House of Representatives, in a letter written from Washington, D. C., gives his endorsement to the great catarrh remedy, Peruna, in the following words:

"Your Peruna is one of the best medicines I ever tried, and no family should be without your remarkable remedy. As a tonic and cathartic I know of nothing better."—J. H. Rankin.

There is but a single medicine which is a radical specific for catarrh. It is Peruna, which has stood a half century test and cured thousands of cases. If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving full statement of your case and he will gladly send you a new bottle free of charge. Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O. A correspondence held strictly confidential.

PAINFUL PERIODS

Suggestions How to Find Relief from Such Suffering.

While no woman is entirely free from periodical suffering, it does not seem to be the plan of nature that women should suffer so severely. Menstruation is a severe strain on a woman's vitality. If it is painful or irregular something is wrong which should be set right or it will lead to a serious derangement of the whole female organism.

More than fifty thousand women have testified in grateful letters to Mrs. Pinkham that Lydia E. Pinkham's Vegetable Compound overcomes painful and irregular menstruation.

It provides a safe and sure way of escape from distressing and dangerous weaknesses and diseases.

The two following letters tell so convincingly what Lydia E. Pinkham's Vegetable Compound will do for women, they cannot fail to bring hope to thousands of sufferers.

Miss Nellie Holmes of 540 N. Davidson Street, Buffalo, N. Y., writes:

Dear Mrs. Pinkham—

"Your medicine is indeed an ideal medicine for women. I suffered misery for years with painful periods, headache, and bearing-down pains. I consulted two different physicians but failed to get any relief. A friend from the East advised me to try Lydia E. Pinkham's Vegetable Compound, and I did so, and no longer suffer as I did before. My periods are natural; every ache and pain is gone, and my general health is much improved. I advise all women who suffer to take Lydia E. Pinkham's Vegetable Compound."

Mrs. Tillie Hart, of Larimore, N. D., writes:

Dear Mrs. Pinkham—

"I might have been spared many months of suffering and pain had I only known of the efficacy of Lydia E. Pinkham's Vegetable Compound. I have helped thousands. Address Lynn, Mass. Ask Mrs. Pinkham's Advice—A Woman Best Understands a Woman's Ills."

Sinor Garofalo, the Italian criminologist, reckons that throughout Europe 10,000 persons are annually condemned for murder and that only one criminal out of three is brought to justice.
