Traveling is Dangerous. Constant motion jars the kidneys which are kept in place in the body by delicate attachments. This is the reason that travelers, trainmen, street car men, teamsters and all who drive very much, suffer from kidney disease in some form. Foley's Kidney Cure strengthens the kidneys and cures all forms of kidney and bladder disease. Geo. E. Hanson, locomotive engineer, Lima, O., writes, "Constant vibration of the engine caused me a great deal of trouble with my kidneys, and I got no relief until I used Foley's Kidney Cure." Sold by all dealers.

The Next President. Speculating on presidential nominations three or four years in advance is a rather useless diversion, for it often takes but a short time to completely puncture a boom. A few months ago Elihu Root was a favorite in many quarters for the Republican nomination in 1908 and his praises were loudly sung, but already he has been practically eliminated as a possibility because he has plunged into a corporation practice at the bar which will lose him the support of the people who will elect the next president as they selected the last one.

It would be a safe bet that the next Republican nominee and as a matter of course, the next president, will come from the Middle West, from Ohio, Indiana, Illinois, or Iowa. Taft, Foraker, Fairbanks, Cannon and Shaw are already on the field, and while either or all of them, like Root, might soon be eliminated from the equation, the odds are in favor of the presidency going back to the West at the close of Roosevelt's term.—Altoona Gazette.
