WEST DUBLIN.

Last Saturday forenoon, while prying out some stumps with a digging iron Hiram Clevenger had the misfortune to injure his right foot so badly that he can not walk without the use of a cane. The digging iron slipped from its place at the stump and threw Mr. Clevenger's whole weight with that of the iron upon his foot with the above result.

INTO THEIR NEW HOME.

Mr. and Mrs. James Henry Entertained Many of Their Friends Last Friday.

Last Friday was a red letter day in the calendar of our good friends and neighbors, Mr. and Mrs. James Henry, who until that time had enjoyed life on the farm north of town, purchased from the heirs of the late John M. Sloan.

With a view to living a less strenuous life, and preferring to direct his farming operations by a long distance telephone, Mr. Henry proceeded to build for him self a handsome and convenient suburban residence, and on its completion during the past week, celebrated the event in fine style.

By some lucky combination of circumstances, the timely arrival of the birthday anniversary of Mrs. Henry on Friday last, gave an excellent opportunity for them to "rally the clan" for the double purpose of "hanging the crane," and wishing her many, many happy returns of the day. The building and entering a new home is one of the most notable and joyous events in the life of any family—no matter whether the architecture be elegant or modest in style; therefore it was a most fitting occasion for the many neighbors and friends of Mr. and Mrs. Henry to bring their children and congratulations, and so contribute to the success of the house warming.

The dinner was of that good, old fashioned generous kind that suggests enormous reserve stores. The poultry house, the smoke house, and the spring house—the pantry and the cellar each paid rich tribute to the elaborate menu; and the only regret expressed by the lucky participants was that the human appetite has its limitations.

In incidents of the meal were the arriving of messages of regret from those who were detained at home by duties pertaining to the Sunday school convention. Sympathy was expressed for them—they will never know what they missed.

If the man who causes two blades of grass to grow where formerly but one grew is a benefactor, how grandly must he rank who erects a handsome, convenient, up-to-date dwelling with generous water supply and surrounds it with all manner of fruit tempting to the eye and of luscious flavor?

The judgment of Mr. Henry in selecting such an exceptionally fine site for building, is to be commended. The elevation is such as secures the most charming view of an ideal landscape as well as good drainage and perfect ventilation. When completed he will have the luxury of a bathroom and an unlimited supply of water in every part of the house.

To Mr. and Mrs. Henry, the company are indebted for a most enjoyable day in the country in the most delightful month of the year and they wish for them many years in their new quarters.

Furious Fighting.

"For seven years," writes Geo. W. Hoffman, of Harper, Wash., "I had a bitter battle, with chronic stomach and liver trouble, but at last I won, and cured my diseases, by the use of Electric Bitters. I unhesitatingly recommend them to all, and don't intend in the future to be without them in the house. They are certainly a wonderful medicine, to have cured such a bad case as mine." Sold under guarantee to do the same for you, by Trout's the druggist, at 50c a bottle. Try them to-day.

Henry Barmond, wife, and daughter Rue, and William Holl and wife were guests of Michael Knauff's family last Sunday.

To the Pacific Coast--to California, Oregon, Washington--round-trip, long transit and return limits, liberal stop-over privileges.

The rate is practically on the basis of one fare for the round trip. Of course, if you wish to visit both California and Oregon or Washington, the cost is slightly more.

These reduced rates are in effect on certain dates in months of May to October, inclusive. They apply from all Eastern points via Chicago, St. Louis or Memphis gateways. The Rock Island System will take you up in either Chicago or St. Louis, or at hundreds of other Middle West points and carry you to the Coast in through Standard or Tourist Sleepers with unexcelled Dining Car service. The Rock Island also affords a choice of routes; on the "Scenic" route you can stop off in Colorado--see Salt Lake City--visit Yellowstone National Park; on the "Southern" route you can go via El Paso, thru New Mexico, then "up coast" to San Francisco and on to Portland or Seattle if desired.

In short, these Pacific Coast excursions offer an unusually good chance to see our western country in a comprehensive manner.

If you desire to go only as far as Colorado, there are excursion rates in effect to that section and return, all summer long, specially reduced June 30 to July 4, August 12 and 13, and August 30 to September 4. Extension trips to Ogden or Salt Lake and return at low cost also.

From September 15 to October 31, 1905, one-way tourist or "colonist" tickets will be on sale to California and the Pacific Northwest--about half regular fare.

If interested, send name and address on this coupon, designating which booklet wanted and to what point you plan to go. Name probable date of start also, so we can advise definitely with respect to rates, etc.

Send Colorado booklet and rates.
