CHILDREN'S CHATTER

Not seeing any news from our little village in your paper, I concluded to write you. Some say that items are hard to get; good ones are sometimes, but I find that time to write them properly is harder to find than the items.

Our little village is situated nearly two miles northwest of Clear Ridge and a mile and a half from Dublin Mills, and in sight of the Cromwell church. It has a population of about 30, contains one pensioner drawing \$12 a month from Uncle Sam, contains one merchant, one sawmill man, one weaver, three miners, three farmers and no loafers. The first house here was owned by George Wagner, who raised a family of ten children, being twice married, the three sons by the last marriage, purchased land and built houses here and lived for a good number of years. When about a year ago, one of them sold his property and then the others followed, and when the three deeds were made out, it was found that three brothers would still occupy these three homes. The Wagner brothers were named Horace G., William and Orlando. The Ramsey brothers who purchased are Elmer, Taylor and Bruce—all married and have families. Another of the Ramsey boys has purchased land here and built a house which he will occupy soon.

Our little village has a planing mill and a carding mill. The house of Taylor Ramsey was burned the last of April, and he moved into another house close by.

Elmer Ramsey of this place, runs a large business in the store room of the late T. W. Huston at Clear Ridge.

Mike Detwiler moved from here a few weeks ago to a house between Waterfall and New Greendale.

Mrs. Kinne Garver spent a week with her nephew Bart Stevens.

John Gallaher has purchased a very nice little driving horse.

Mrs. Rosenberry, of Franklin county, visited the Ramsey families here for a week or two.

Mike Detwiler, wife and little daughter Annalee, Frank Mort, Sadie Wilson and Ada Fleming spent Sunday here.

Barney Ramsey, the oldest man of our town has been quite poorly under the care of Dr. R. B. Campbell, but is getting well again.

Sheridan Ramsey and family, and H. B. Stevens and lady friend spent the Fourth at Orbisona, and report a good time.

Luther Detwiler, of Altoona, has been here calling on friends for a few days.

EXCURSIONS TO THE WEST

To the Pacific Coast—to California, Oregon, Washington—round-trip, long transit and return limits, liberal stop-over privileges.

The rate is practically on the basis of one fare for the round trip. Of course, if you wish to visit both California and Oregon or Washington, the cost is slightly more.

These reduced rates are in effect on certain dates in months of May to October, inclusive. They apply from all Eastern points via Chicago, St. Louis or Memphis gateways. The Rock Island System will take you up in either Chicago or St. Louis, or at hundreds of other Middle West points and carry you to the Coast in through Standard or Tourist Sleepers with unexcelled Dining Car service. The Rock Island also affords a choice of routes: on the "Scenic" route you can stop off in Colorado—see Salt Lake City—visit Yellowstone National Park; on the "Southern" route you can go via El Paso, thru New Mexico, then "up coast" to San Francisco and on to Portland or Seattle if desired.

In short, these Pacific Coast excursions offer an unusually good chance to see our western country in a comprehensive manner.

If you desire to go only as far as Colorado, there are excursion rates in effect to that section and return, all summer long, specially reduced June 30 to July 4, August 12 and 13, and August 30 to September 4. Extension trips to Ogden or Salt Lake and return at low cost also.

From September 15 to October 31, 1905, one-way tourist or "colonist" tickets will be on sale to California and the Pacific Northwest—about half regular fare.

If interested, send name and address on this coupon, designating which booklet wanted and to what point you plan to go. Name probable date of start also, so we can advise definitely with respect to rates, etc.
