King Corn.

The reasonable heat is oppressive to humanity, but it is ripening the corn and adding millions to the wealth of the country in the production of a huge crop of this great cereal.

In the interval the use of corn as a food for man has greatly increased abroad. Some years ago steps were taken by the Federal Government to stimulate the consumption of the cereal in portions of Europe where its value as a foodstuff was scarcely known.

In 1902 as much corn was produced in the United States as in the whole world in 1897. In 1888 our corn crop reached 1,988,000,000 bushels.

Among the corn-producing countries of Europe, Russia, Austria-Hungary and the Danubian States are in the lead. Efforts have been made to make Egypt a great maize-producing region.

It needs but little foresight to tell that when your stomach and liver are badly affected, grave trouble is ahead, unless you take the proper medicine for your disease.

Thomas Amley and wife, of Charlestown, Franklin county, are spending a few days with her sisters Mrs. James and Jesse Carmack.

Robert Fleming, who has been in Altoona, came home Saturday. Maude Fields and Mrs. W. L. Fields have been on the sick list the past week.

Smyth Henry spent the past week with his sister Mrs. James Appleby at Decorum.

Mrs. Carrie Kieth of Robertsdale, spent the past week at her home—N. B. Henry's.

Those who attended the Snade Gap picnic from our town were, J. P. Kerlin and son Arthur, and daughters Edna and Irene, Elsie and Nellie Baker, Bessie Fields, Ada and Lillian Fleming, Harry Wibbe and wife, Harvey Stevens, Cleve Fields, Goldie Winegardner and Brandy, John, Lloyd and David Fleming.

There's proof abundant of it all over the United States. There will soon be proof abundant of it in Fulton county.

WELLS VALLEY.

Enid, August 5.—C. A. Barton is back from Altoona. The examination proved a grand success for the boys and girls of Wells.

Jim Woodcock has gone to Altoona to attend the Methodist picnic.

Hunter Truax and family drove to church in their new wagon. Don Repper is able to be out again.

Mrs. Joe Truax was called home Thursday to see her mother, who is very low with neuralgia of the stomach.

Prof. W. W. Smith, of Emma, is visiting friends at Enid. Ruth Woodcock had a nice visit among friends in Altoona.

Alice Stunkard is suffering from an attack of St. Vitus dance, and Mrs. Mary Lockard is still on the sick list.

This has been a rather unlucky week for some of our people.—John Stunkard had the misfortune to have a horse crippled on Tuesday. While on his way to the Sixmile Run to market the horse stepped on a 20-penny nail that penetrated the hoof so far that it was with the greatest effort that Mr. Stunkard was able to extract it.

John M. Schenck, who had the misfortune to have a horse drop dead in the hayfield from the effects of heat, has purchased another, and has also bought a new hack. Now, boys, John's ready for camp. Get your girls ready.

Miss Marion Edwards and lady friend Miss Ella Lininger, while on their way to visit friends at New Grenada, had a run-away.—The holding-back strap broke. The plucky girls held on to the lines, and kept the horse in the road, without accident to themselves or damage to the buggy.—After the exciting ride which extended from Jack Repper's to Ross Staines' they succeeded in getting control of their horse, and coming to a stop. The horse is said to be some worse for the trip.

H. M. Edwards went to Robertsdale to market last Monday. He took with him his daughter Laura. Having occasion while there to attend to some business, he left the team in the care of his daughter. While Mr. Edwards was absent, a number of children climbed into the wagon, among them a little Italian girl. The noise made by the children caused the horses to start, when the Italian girl's foot was caught between the spokes of one of the wagon wheels, causing her to fall to the ground dislocating one of her knees. Children should not be allowed to climb on market wagons.

GRAVE TROUBLE FORESEEN.

As Uncle Reuben Saw the Game.

Last Wednesday, in the afternoon, the Fort Littleton boys and Hustontown played a game of ball for the championship,—but, alas, the latter were badly whipped. The boys from the hill were first to the bat; three men went down, and it ended that. The boys from the Fort then came in; two of them went down—it seemed a sin. Just then the Prof's strike went far behind. He landed safe on second base, without any trouble or a very hard chase. The catcher then, whose nickname is "Cat," stepped up to the plate and swung his bat; he met the horsehide fair and square—it bounded far up into the air. The bystanders thought the ball was gone, and so was "Cat"—he was coming home. With two men out and the third three strikes they scored six runs without a fight. The boys from the hill then took the field, but the Town boys saw their doom was sealed. We pitched the Dr., with smiles so fair; he slashed and he cut—but he didn't swear. It seemed every time that he came 'round it was one, two, three, and he went down. Fraker had them going from the start; they hit sometimes, but it was far apart. When lanky Hill came to the bat the people cheered and threw up their hats,—the way that horsehide spit the air; it landed far out, safe and fair. There were other features of the game; they were, however, rather tame. And now there's not much more to say—the Fort had the game they all did say,—but, withal, the game was good to see; the score stood exactly 10 to 3.

Consumption Threatened.

C. Unger, 211 Maple St., Champaign, Ill., writes: "I was troubled with a hacking cough for a year and I thought I had consumption. I tried a great many remedies and was under the care of physicians for several months. I used one bottle of Foley's Honey and Tar. It cured me, and I have not been troubled since." Men Past Sixty in Danger.

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate gland. This is both painful and dangerous, and Foley's Kidney Cure should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rock Port, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Cure I feel better than I have for twenty years although I am now 91 years old." Sold by all dealers.

Mr. Stanley Sipes, of Mt. Carroll, Ill., and his sister, Miss Myrtle, of New Castle, Pa., are visiting their parents, Mr. and Mrs. D. V. Sipes.
