Myrtle Stouteagle and Rhoda Lake had a pleasant trip over Sunday. Saturday morning they started from McConnellsburg, driving across the mountain to Loudon, thence by way of Richmond they went to Fannettsburg and remained until Monday in the home of Mrs. Laura McCormick. Returning they came home by way of Burnt Cabins.—Mrs. McCormick was formerly Miss Laura Gordon, a well known school teacher of this county.

Everything is in the name when it comes to Witch Hazel Salve. E. C. DeWitt & Co., of Chicago, discovered some years ago how to make a salve from Witch Hazel that is a specific for piles. For blind, bleeding, itching and protruding piles, eczema, cuts, burns, bruises and all skin diseases DeWitt's Salve has no equal. This has given rise to numerous worthless counterfeits. Ask for DeWitt's—the genuine. Sold by Stouteagle & Bro.

Feet Swollen to Immense Size.

"I had kidney trouble, so bad that I could not work," says J. J. Cox, of Valley View, Ky., "my feet were swollen to immense size and I was confined to my bed and physicians were unable to give me any relief. My doctor finally prescribed Foley's Kidney Cure which made a well man of me." Sold by all dealers.

SHOOTING AFFRAY.

Andy Neuroth at Mercersburg, Shot Last Evening by His Son-in-law.

Andrew Neuroth was shot in the hip by a .38 calibre revolver in the hands of his son-in-law, James Brinkley, at their home in Mercersburg, between 6 and 7 o'clock last evening. The ball struck the femur an inch below the hip joint and glanced downward causing a painful wound.

Mr. Neuroth and his son-in-law own and live in a double house, and it seems that the domestic relations between the two families have not been most cordial. The shooting is said to have occurred during a quarrel. No arrest had been made this morning yet.

WILL OPPOSE VACCINATION.

Society Forming in Chambersburg to Fight New Rules. Have Counsel Engaged.

Since the article on the subject of vaccination of the public schools as found on the first page of the "News" was put in type, we learn that the measure is meeting with much opposition. The following from yesterday's Chambersburg Public Opinion shows something of the attitude the citizens of our neighboring town are taking.

The Opinion says:

"There is in course of formation in Chambersburg an anti-vaccination society, the purpose of which will be to oppose the pronouncement of the state health department calling for the vaccination of all school children, according to the law of 1905, as set forth in the recent circular letter of the State Health Commissioner Dixon and seconded by a vote of the public school teachers of Chambersburg. It is altogether likely that there will be a test case in the local courts and that some interesting developments will.

"Dr. John L. Weaver, the well-known neurologist, has taken the initiative in the society and already has secured the names of a number of heads of families who have signified their intentions of becoming members. Dr. Weaver will continue his missionary work and later in the week there will be a public meeting at which the organization of the anti-vaccinationists will be brought about.

"In the meantime Dr. Weaver has employed private counsel to instruct on the law in the case. The constitutionality of the law is the point in question.

"The order for vaccination has been pretty generally discussed over town and there is no doubt but that there is a decided sentiment against it in many quarters. A number of parents have emphatically declared that their children shall not be vaccinated, no matter if they be compelled to remain away from school because of the fact. One man said that, should his child be kept away from school, he would prosecute the school board for depriving the little one of educational advantages secured to it under the constitution.

"The new law does not only apply to public schools, as many people believe, but to "Sabbath Schools, select, private and parochial schools." It means that Sunday school superintendents or teachers who allow unvaccinated children to attend, are amenable to the law.

"Very interesting developments are expected in Chambersburg."

Use of Both Hands.

We should form the habit of using each of our hands in turn in our one handed activities. In a few months we might attain to fair ambidexterity, in a few years to the full use of each hand. For this object the best exercise is writing with the neglected hand. If a man learned to write well with either hand almost all the other unimannal graces would be added to him. There are many other unimannal activities in which, by changing the hand employed in them, we might cultivate ambidexterity, as in carrying a stick or umbrella, in fencing with a foil, in counting money, in changing our watch pocket from side to side, in changing the parting of our hair, in the use of a spoon in taking soup, in domestic carpentry and in many other usual activities.—Sir James Saw-

Doctors Could not Help Her.

"I had kidney trouble for years," writes Mrs. Raymond Conner, of Shelton, Wash., "and the doctors could not help me. I tried Foley's Kidney Cure, and the very first dose gave me relief and I am now cured. I cannot say too much for Foley's Kidney Cure. Sold by all dealers.

Thirteen School Teachers.

Tod township does not lay any claim to being the whole of Fulton county not even to being the largest township. The fact is, Tod is one of the smallest townships in the county, but she is not without her distinguishing marks. Just now she is walking around with a chip on her shoulder challenging any other township in the county to show a better record for turning out school teachers. Besides having enough good material to fill her own five schools, she furnishes eight teachers to help her neighbors out, as follows: Russell Nelson, to Ayr; Minnie E. Mock, to Franklin; Zoe and Jessie Mason, and Bessie Morton, to Bethel; Amos Peightel to Taylor; Blanche Morton, to Brush Creek, and W. Don Morton, high school in Wells.

"A cold or cough nearly always produces constipation—the water all runs to the eyes, nose and throat instead of passing out of the system through the liver and kidneys. For the want of moisture the bowels become dry and hard." Kennedy's Laxative Honey and Tar is the original Laxative Cough Syrup. It meets and corrects the above conditions, by acting as a pleasant cathartic on the bowels—expels all colds from the system and cures all coughs, croup, whooping cough, lagrippe bronchitis, etc. Sold by Stouteagle & Bro.

Superintendent Chas. E. Barton went with his family over to Newport, Pa., yesterday, where Mrs. Barton, with the children, will visit in the home of her parents, and Mr. Barton will return in a day or two, and begin his school visitations.
