We now have all of our winter Underwear in and was fortunate in getting the same one that we handled last year at the same price. Our men's underwear weighs 16 ounces to the shirt, and costs you 43 cents each or 85 cents per suit. These are goods that are sold every year at 50c. The reason we can sell it at this price is that we buy by the case. Last year we bought a 36 dozen case and then we had to order again and we had + dozen to carry over. If you haven't tryed this try it this winter, and the ladies that we mentioned we have showed it to a great many people and they say they have never seen as good one for anything like that price. Don't get it into your head that this is a 25c one selling for 24c, it is not.

#### Clothing! Clothing!

We have made a special effort this year on Clothing. Our sales have been increasing in this line and this certainly will cause any person to work the harder. All that we have space to say is that we can knock them all out, for where we sell once we can sell again. If you want an overcoat we have them. Oh, yes, we forgot to say anything about our boys underwear. It is heavier than ever and only costs the same as before, 24c. Felt window shades 8c: brass rods complete,
