

J. N. Duval, of Wells Valley, spent last Wednesday night in McCconnellsburg.

Mrs. Lillian Bernhardt is now staying at Altamonte Springs, Florida. On account of yellow fever in Cuba, she had to return to New York from Jamaica.

John Keenbaugh was among the number that called at the News office last Wednesday to advance his subscription. The label on his paper is now marked with a "7."

Maynard Sipes and his sister Mrs. W. H. Staley, of Allegheny, Pa., were called to the home of their parents, Mr. and Mrs. D. V. Sipes last week on account of the illness of their sister Miss Blanche.

HIDES—Jan. Sipes & Sons pay 10, 13, and 16 a pound cash, for beef hides a. their butcher shop in McCconnellsburg, also highest price paid for calf skins, sheep skins and tallow.

The secret of successfully riding the system of a cold is a thorough evacuation of the bowels. Kennedy's Laxative Honey and Tar does this—Liquid Cold Cure, drives all cold out of the system. Best for coughs, croup, etc. Sold by Stouteagle & Bro.

Mrs. J. G. Dell, of Huntingdon, has a flock of chickens which averaged 175 eggs per hen for the entire flock during the year 1905. She kept a daily record of the number of eggs laid and is prepared to show the same to any one who may doubt the statement. A fine record. Where but a few hens are kept together the egg yield will be greater per hen than it will from a flock of 40 or 50 hens.—Orbisoma Dispatch.

Indigestion is easily overcome by the use of Kodol Dyspepsia Cure, because this remedy digests what you eat and gives the stomach a rest—allows it to recuperate and grow strong again. Kodol relieves indigestion, belching of gas, sour stomach, heartburn, etc., and enables the digestive organs to transform all foods into the kind of rich red blood that makes health and strength. Sold by Stouteagle & Bro.

At a very stylish social function given by Mrs. Senator Alexander, on last Monday evening, Senator Alexander announced the marriage engagement of his niece, Miss Mary Scott Sloan, one of McCconnellsburg's most estimable young ladies, with Mr. Thomas Wilson Walker, of Mercersburg, the marriage ceremony to take place at 12 o'clock, noon, on Wednesday, March 28th.

It's Better Than a Letter.

The number of new subscribers added to our list during the holidays just past, has been gratifying to the publisher. Evidently many persons are realizing that no more appropriate gift can be made a friend than a year's subscription to the "News." Joseph W. Bivens, of Exeter, Neb., in a recent letter enclosing a dollar, says, "I don't want to be dropped from your list, for the 'News' is better than a letter, for it comes every week, rain or shine."

Mr. Bivens is pleased with his western home. He lives fifty miles west of Lincoln, on the line of a good railroad, has rural free mail delivery, a telephone in his house, and all the modern farming machinery. He says they mix their farming with cattle raising and hog feeding, and manage to get along at a pretty comfortable gait.

Farms rent for one-third, or for cash at about the same ratio. Shelled corn is worth 31 cents a bushel; oats, 23, and wheat, 68. Hogs sell for \$4 a cwt., cattle from \$2.50 to \$4, and land sells from \$40 to \$80 an acre.

A HARD LOT

of troubles to contend with, spring from a torpid liver and blocked bowels, unless you awaken them to their proper action with Dr. King's New Life Pills; the pleasantest and most effective cure for constipation. They prevent appendicitis and tone up the system. 25c at Trout's drug store.

SAFEST SEAT IN THE TRAIN.

How to Travel With the Least Possibility of Accident.

Timid persons shun the last car, at least for a week or two after reading about some deadly "rear-end" accident; and the first car from fear of a "head-on" collision. They practice the old maxim, "In the middle you will go safest," and stick to the middle of the train. A "scientific" has just demonstrated, after much brow-furrowing calculation, that a seat in the middle of the last car but one is the safest. Thus does science verify, with great parade, the conclusions of the non-learned. Accidents are so diverse and eccentric, however, that the stoical traveler puts more trust in his accident policy than in any doctrine of probabilities. At last the railroad companies are condescending to build steel cars. Human life ought to lengthen as a consequence. It has not escaped cynical observation that the voyager in a Pullman is usually safer than the common herd.—Everybody's Magazine.

MUZZLE OF NO AVAIL.

Man Who Sued Paper Under New Law Loses.

The first suit instituted in Berks county under the "press muzzle" label law, allowing action for "personal suffering," has been decided in favor of the defendant, Thomas D. Richards, a fish dealer, sued the Reading "Herald" for \$1,000 damages for printing an account of his arrest on a charge of larceny.

In his charge to the jury Judge Eddich declared that there is no label in printing a plain statement of fact and during the trial he characterized as absurd, the legislature to the contrary notwithstanding, an attempt to show that the publication resulted in physical suffering.

For coughs and colds no remedy is equal to Kennedy's Laxative Honey and Tar. It is different from all others—better, because it expels all cold from the system by acting as a cathartic on the bowels. Affords immediate relief in croup, coughs, colds, whooping cough, etc. Children love it. Sold by Stouteagle & Bro.
