

**A TRULY IDEAL WIFE**

**HER HUSBAND'S BEST HELPER**

**Vigorous Health Is the Great Source of Power to Inspire and Encourage—All Women Should Seek It.**

One of the most noted, successful and richest men of this country, in a recent article, has said, "Whatever I am and whatever success I have attained in this world I owe all to my wife. From the day I first knew her she has been an inspiration, and the greatest help-mate of my life."

Mrs. Bessie Ansley

To be such a successful wife, to retain the love and admiration of her husband, to inspire him to make the most of himself, should be a woman's constant study. If a woman finds that her energies are flagging, that she gets easily tired, dark shadows appear under her eyes, she has backache, headaches, bearing-down pains, nervousness, irregularities of the blood, she should start at once to build up her system by a tonic with specific powers, such as Lydia E. Pinkham's Vegetable Compound.

Following we publish by request a letter from a young wife:

"Ever since my child was born I have suffered, as I hope few women ever have, with inflammation, female weakness, bearing-down pains, backache and wretched headaches. It affected my stomach so I could not enjoy my meals, and half my time was spent in bed. Lydia E. Pinkham's Vegetable Compound made me a well woman, and I feel so grateful that I am glad to write and tell you of my marvellous recovery. It brought me health, new life and vitality." Mrs. Bessie Ansley, 671 South 10th Street, Tacoma, Wash.

What Lydia E. Pinkham's Vegetable Compound did for Mrs. Ansley it will do for every sick and ailing woman. If you have symptoms you don't understand, write to Mrs. E. Pinkham, daughter-in-law of Lydia E. Pinkham, at Lynn, Mass. Her advice is free and always helpful.

**DOCTOR CURED OF ECZEMA.**  
Maryland Physician Cures Himself—Dr. Fisher Says: "Cuticura Remedies." My face was afflicted with eczema in the year 1892. I used the Cuticura Remedies and was entirely cured. I am a practicing physician, and very often prescribe Cuticura Resolvent and Cuticura Soap in cases of eczema, and they have cured where other formulas have failed. I am not in the habit of endorsing patent medicines, but when I find remedies possessing true merit, such as the Cuticura Remedies, I am broad-minded enough to proclaim their virtues to the world. I have been practicing medicine for sixteen years, and must say I find your Remedies A No. 1. You are at liberty to publish this letter. M. D. Fisher, M. D., Big Pool, Md., May 21, 1903.

**R. G. Dun & Company's "Weekly Review of Trade" Says:**  
No change appears in the business situation, weather conditions favoring out door work, but causing accumulation of heavyweight wearing apparel. Reports from the Northwest are favorable, but most other sections have found bargains sales necessary to reduce stocks of Winter goods. Rubber mills have reduced time to five days a week, and lumbering operations are seriously retarded by lack of snow and soft ground. Otherwise news of the week is satisfactory, especially as regards the manufacture and distribution of Spring goods.  
Produce for Fall are also ordered freely, notably, in the footwear industry, and shipments of boots and shoes from Boston for the month thus far eclipse all previous records, which is especially significant when viewed in the light of the rapid growth of the industry in other sections.  
Iron and steel plants have made steady progress, and the manufacturing consumption of fuel is heavy, but household demand for anthracite coal reflects the mild temperature that has prevailed.  
Failures this week numbered 344 in the United States, against 305 last year, and 49 in Canada, compared with 45 a year ago.

**Was Fast Drifting Into the Fatal Stage of Kidney Sickness.**  
Dr. Melvin M. Page, Optician Co., Erie, Pa., writes: "Taking too many iced drinks in New York in 1895 sent me home with a terrible attack of kidney trouble. I had acute congestion, sharp pain in the back, headaches and attacks of dizziness. My eyes gave out, and with the languor and sleeplessness of the disease upon me I wasted from 194 to 122 pounds. At the time I started using Dr. Don's Kidney Pills an abscess was forming on my right kidney. The trouble was quickly checked, however, and the treatment cured me, so that I have been well since 1306 and weigh 188 pounds."

"No," replied the marshal, "only of his cigarettes. You can't smoke 'em on this depot platform."  
"Well, you direct me to where I may smoke in peace?"  
"Yes," replied the marshal, "I'm pretty certain from the looks of you that you'll smoke hereafter, but I won't guarantee the peace when the smoke rises!"—Atlanta Constitution.

**Beware of Ointments For Catarrh That Contain Mercury.**  
Mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians, as the damage they will do is tenfold to the good you can possibly derive from them. Dr. J. C. Ayer's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, O., contains no mercury, and is taken internally, acting directly upon the blood and mucous surfaces of the system. It is a safe and reliable remedy, and is taken internally, and made in Toledo, Ohio, by F. J. Cheney & Co., Prescription free.  
Sold by Druggists; price, 75c. per bottle. Take Hall's Family Pills for constipation.

**NOT QUITE THE USUAL STORY.**  
Wanderer Had Net Returned to Enrich Native Town.  
It was Old Home week, and the returned sons and grandsons had been telling with more or less pride of the changes time had wrought for them. At last Edward Jameson spoke:  
"I went away from here twenty years ago a poor young man with only one solitary dollar in my pocket. I walked the four miles from my father's farm to the station, and there I begged a ride to Boston on a freight car. Last night I drove into town behind a spirited pair of horses, and my purse—guess how much my purse holds in money to-day, besides a large check," and Mr. Jameson looked about him with a brilliant smile.  
"Fifty dollars!"  
"Seventy-five!"  
"A hundred!" shouted the boys, filled with admiration.  
"No," said Mr. Jameson, drawing a large flat purse from his pocket when the clamor had subsided, "none of you have guessed right. When I had paid the twenty-five cents to Oazy Boggs for my refreshing drive in the coach I had, besides my trunk check (which I retained for financial reasons), exactly four cents. I have come back my friends, to stay. Any little jobs of sawing and splitting will be gratefully received."—Youth's Companion.

**Willie's Dream of Papa.**

**Willie (very seriously):**—"Papa, had a strange dream this morning."  
**Papa:**—"Indeed! What was it?"  
**Willie:**—"I dreamed, papa, that I died and went to heaven; and when St. Peter met me at the gate, instead of showing me the way to the golden street, as I expected, he took me out into a large field, and in the middle of the field there was a ladder reaching away up into the sky and out of sight. Then St. Peter told me that heaven was at the top, and that in order to get there I must take the big piece of chalk he gave me and slowly climb the ladder, writing on each rung some sin I had committed."  
**Papa (laying down his newspaper):**—"And did you finally reach heaven, my son?"  
**Willie:**—"No, papa; for just as I was trying to think of something to write on the second rung I looked up and saw you coming down."  
**Papa:**—"And what was I coming down for?"  
**Willie:**—"That's what I asked you, and you told me you were coming for more chalk."—Judge's Magazine of Feb.

**New Bullet for French Army.**  
A new type of bullet, known as the "D," is being served to the French infantry. This projectile consists of a cigar-shaped cylinder of bronze, instead of lead, and is cased with nickel. On being fired it revolves at the rate of 3,500 turns a second during its flight. At 800 yards it will penetrate the equivalent bullet and resistance of six men, standing one behind the other.
