HUSTONTOWN. Protracted meeting is still in progress at the M. E. church.

The Presiding Elder of the U. B. church preached to a large congregation on last Sunday morning.

CHARLES DANA GIBSON'S MOST FAMOUS PICTURES.

Ten of His Drawings to Illustrate a Series of Articles in the New York Sunday World.

Every one knows Charles Dana Gibson, the creator of the "Gibson Girl" and other famous pen and ink drawings.

In his chosen field of pen and ink sketches Charles Dana Gibson stands alone. The excellence of his technique, the dryness of his humor, and the depth of his pathos have made him as familiar to the people of Canada, Australia and England as he is to his fellow-countrymen and fellow-townsmen in New York.

The New York World is about to publish a series of articles on pen and ink sketching as exemplified in the work of this great American artist, and by special arrangement with Collier's Weekly has obtained a series of ten of Gibson's pictures which illustrate best his versatile art.

These will be issued as a special art supplement to the Sunday World, beginning next Sunday, Feb. 18. These pictures will be produced in a style never before attempted by any newspaper.

If you are already a reader of the Sunday World, be sure to put in your order in advance to your newsdealer. If not, give your order at once to your regular newsdealer, as the Gibson picture edition is limited. It may be impossible to obtain a copy unless it is despatched in advance.

If you do not read the Sunday World and have no newsdealer handy, send 75 cents to the New York Sunday World, and the big Sunday edition of that paper, with the Gibson pictures on separate sheets, will be sent to you postage free each week for ten weeks.

The Sunday World is the greatest of all Sunday papers. Its twelve-page colored Magazine Section is, in artistic merit and excellence of reading matter, far superior to any of its contemporaries.

All these special features and attractions with the Gibson pictures for ten weeks for 75 cents. Address the Circulation Department, Sunday World, New York City, N. Y. Please send stamps of small denominations.

Guide and Illustrations of the City of New York, Free.

Any of our readers who anticipate taking a trip to New York City, will doubtless be glad to know that they may obtain a Guide and Post Book of the City of New York by applying to Mr. Edward R. Swett, 1709 Broadway, New York City.

The Guide contains specific information of all the points of interest, etc., in the great metropolis; while the Post Book contains handsome half-tone illustrations of the many beautiful buildings, sky-scrapers, etc., and a fine collection of views of Central Park.

The Guide and Post Book will be mailed free, upon application to Mr. Swett.

Knew All About It.

He came into the office, looking greatly worried, says London Tit Bits.

"I wish," said he to the advertising clerk, "to advertise a lost dog, and I want you to put it in big type—the bigger the better—and say I'll give a sovereign for the return of the animal. Now I think of it, you can double the reward, for I've got to have that dog back."

"When was he lost?" inquired the advertising clerk.

"Yesterday. He went away with one of my boys and failed to return."

"Couldn't the boy tell you where he lost the dog?" "No; he was lost with the dog, and I haven't found him yet."

"What!" exclaimed the newspaper man. "You don't mean to say that the boy is lost, and you are only advertising for the return of the dog?"

"Certainly I do. The boy will be returned free of cost, but it takes money to get a dog back. I know all about it. I've lost them both before."

And the newspaper man had accumulated some more knowledge.

Letter to G. A. Harris, McConnellsburg, Pa.

Dear Sir: There are these five ways of badness in paint:

(1) stuffed-out with chalk, or something like that;

(2) barytes, better than chalk, but no covering to it; nobody knows it's there;

(3) bozine in the oil, or water, or other such stuff;

(4) too thin—too much liquid, whatever it is, for the sild;

(5) short measure. Now will you buy by the price per "gallon"?

We furnish our agents with a state chemist's certificate of analysis that tells what's in Devos.

Yours truly, F. W. Benson & Co., P. S.—P. O. Box, Park Station, sells one paint.

Stripping a Razor. "The idea that a razor needs frequent grinding or honing is not in keeping with my experience," said a man who shaves himself. "I have a razor that I got ten years ago which has never been out of my possession, never had any other treatment than stropping, and is to-day the sharpest and best of six. A razor can only be kept in this condition without honing, however, by using a hard strop—that is, one which is rigid instead of flexible and not the kind that makes an arc of a circle when you use it. This latter sort will sharpen a razor for awhile, but it also makes the edge round until at last it ceases to cut. Why do I have six razors? Well, that is to use them in regular turn and give each one of them a rest. I shave every day, which I find the least troublesome method, and if I use the same blade every day it would soon play out. The edge of a razor needs rest, just like every other machine."
