An exchange tells of a young wife who cured her husband of staying out late at nights in an original way. Before going to bed she would place two chairs together before the sitting room grate and then hold a lighted match to a cigar until the room had a faint odor of tobacco. Although her husband never said a word to her about noticing anything, three "applications" effected a complete cure.

**TO CURE A COLD IN ONE DAY** take Laxative Bromo Quinine Tablets. Druggists refund money if it fails to cure. E. W. Grove's signature is on each box. 25c.

The seventh educational meeting of Ayr township, was held at the Corner school last Friday evening, and was called to order by the teacher, David Thomas, who appointed Russell Nelson chairman.

The subjects: 1. Value of an Education. 2. Stories as Aids. 3. How to Cultivate the Will, were well discussed by the teachers present.

The literary work was rendered in a manner very creditable to both teacher and pupils. Mr. Cooster gave several selections on his graphophone, which added much to the evening's entertainment.—Olive Kendall, Secretary.

Don't deceive yourself. If you have indigestion take Kodol Dyspepsia Cure. It will relieve you. Rev. W. E. Hocutt, South Mills, N. C., says: "I was troubled with chronic indigestion for several years; whatever I ate seemed to cause heartburn, sour stomach, fluttering of my heart, and general depression of mind and body. My druggist recommended Kodol and it has relieved me. I can now eat anything and sleep soundly at night. Kodol digests what you eat. Sold by Stouteagle Bros."

**The Texas Boom.**  
Fence off the State of Connecticut from the Thames River to the New York line, make the capitol at Hartford the manor house, then place the front gate at New Haven and you will have an estate of about the dimensions of the King ranch, in Hidalgo, Star, and Nueces counties. One million acres and hundreds of thousands of cattle owned by one woman! Ranches containing from 100,000 to 500,000 acres are so numerous as to be almost commonplace.

But it is the breaking up of these vast holdings which is responsible for the sensational development now attracting the attention of all America. One optimistic Texan told me that the cattlemen had tired of silence and longed for company. Maybe they have. It is the jingle of gold, though, which has stirred them. From five to thirty acres of grass, according to the productiveness of the soil, are required to fatten a steer. So long as that steer's selling price pays, above all expenses, 6 per cent. on the market value of the land, there is money in raising it. When the land increases in value, however, there is more money in selling the ranch. The steer is falling behind, and that is why Texas, from San Antonio, Houston, and Galveston to the north to Brownsville on the south, is booming as it never did before. Mere outposts of a few years ago are flourishing young cities now; more towns are springing up, and there are great plantations where the rattle of the mower and the song of the plowman have supplanted the crack of the cowboy's lash and the sighing of the wind in the chaparral. Whither goes the cattleman? To western Texas and the Territories, and eventually into Mexico.—From "The Growth of Southwest Texas," in the America Monthly Review of Reviews for February.

**Failure Due to Inexperience.**  
The man that generally fails in poultry raising is the novice, who begins the raising of poultry on account of the glowing accounts he has seen of the ease with which it is done, and the enormous profits to be made, says an exchange. Millions of men have figured themselves rich on chickens. It merely requires a knowledge of the science of numbers. If a hen lays a hundred eggs a year, and fifty of the chickens are pullets, and they in turn lay a hundred eggs a year, it takes but a little while to figure out enormous returns from a small investment. The unfortunate thing about the problem is that things do not work out in practice as they do on paper. With the beginner in poultry raising, ignorance is the first obstacle, but with many it proves to be so large an obstacle that the attempt to raise poultry is not continued. To successfully raise poultry requires a large amount of knowledge, which must be acquired partly by experience.

**IN SELF DEFENSE.**  
Major Hamm, editor and manager of the Constitutionalist, Eminence, Ky., when he was fiercely attacked, four years ago, by piles, bought a box of Bucklen's Arnica Salve, of which he says: "It cured me in ten days and no trouble since." Quickest healer of burns, sores, cuts and wounds. 25c. at Trout's drug store.

**KNOBVILLE.**  
Those who are on the sick list are reported no better at this writing. David Brubaker, a well known citizen, died at his home near this place Sunday morning. Jacob Frye, of Franklin county, visited friends here last week. Scott Wagner, of Kearney, is visiting his family this week. Wash Glunt spent last Saturday at Fort Littleton. Scott Cline, who has been employed at Mt. Union, returned home last week.

**A Big Excitement.**  
Say, come to town on February 22nd, Washington's Birthday, and see what is going on here. There will be scenes to make every one think of colonial times.

At 2 o'clock, p. m. there will be a Fantastic Parade. Efforts are being made to make this the best parade of the kind that you have ever seen. The Hobo Band will lead the procession. Everybody is invited to take part in the parade. We would like to see a good representation from the adjoining townships in the parade. A prize will be given for the best outfit in line.

In the evening, chicken-swat-lop, ice-cream, and cake will be on the market. Come, everybody. See and be seen.

**A MYSTERY SOLVED.**  
"How to keep off periodic attacks of biliousness and habitual constipation was a mystery that Dr. King's New Life Pills solved for me," writes John N. Pleasant of Magnolia, Ind. The only pills that are guaranteed to give perfect satisfaction to everybody or money refunded. Only 25c at Trout's drug store.

**Weak Points in a Horse.**

The weak points of a horse can better be discovered while standing than while moving. If he is sound he will stand firmly and squarely on his limbs without moving any of them, with legs plump and naturally poised. If one foot is thrown forward with the toe pointing to the ground and the weight taken from it, disease may be suspected, or at least tenderness, which is a precursor of disease. If the horse stands with his feet apart or straddles with the hind legs, there is weakness in the loins and the kidneys are deranged. Heavy pulling bends the knees. Bluish or milky cast eyes in horses indicate moon blindness or something else. A bad tempered horse keeps his ears thrown back. A kicking horse is apt to have scarred knees. A stumbling horse has blemished knees. When the skin is rough and hard, and does not move easily and smoothly to the touch, the horse is a heavy eater and his digestion is bad. Never buy a horse whose respiratory organs are at all impaired. Place your ear at the side of the heart, and if a wheezing is heard, it is an indication of trouble—let him go.

**Kodol Dyspepsia Cure**  
Digests what you eat.

**A GUARANTEED CURE FOR PILES.**  
Itching, blind, bleeding or protruding piles. Druggists refund money if Pazo Ointment fails to cure any case, no matter of how long standing, in 6 to 14 days.—First application gives ease and rest. 50c. If your druggist hasn't it send 50c in stamps and it will be forwarded post-paid by Paris Medicine Co., St. Louis, Mo.

**The Old Time Home Remedies.**  
"Grandmother's way of curing a cold seems to have been forgotten," said a physician who had attended hundreds of throat cases. "The idea in colds and sore throat is to keep the throat lubricated. Onion syrup was the standard remedy for hoarseness, and for severe croup the dear ladies gave us a mixture of vinegar, butter and honey until we were sick at the stomach—then the cure effected itself. Vinegar, pepper and salt was the standard remedy for sore throat, with plenty of pepper. Then there was the stocking about the neck, and the wet towel cure—never known to fail. The unctuous camphor and lard, well rubbed in was standard remedy. Just a case of keeping the fauces well oiled, and many a doctor's bill saved. There's no reason why a child should die of croup. An application of camphor and lard or oil to throat and chest will check the most threatening symptoms."

All old-time cough syrups blind the bowels. This is wrong. A new idea was advanced two years ago in Kennedy's Laxative Honey and Tar. This remedy acts on the mucous membranes of the throat and lungs and loosens the bowels at the same time. It expels all cold from the system. It clears the throat, strengthens the mucous membrane, relieves coughs, colds, croup, whooping cough, etc. Sold by Stouteagle Bros.

## Wire Fence! Wire Fence! Much Cheaper Than

Any Style of Wood Fence

Let us figure together. A stick of timber that will square 6 inches and is 164 feet in length, will make 494 feet of lumber, which at \$1.50 a hundred, is worth 75 cents. Now, I can sell you a good wire fence for 25c a rod, which is less than half the cost of a board fence. The style I sell at 25c is a "bunkem" fence. A witness in court was once asked what kind of fence he had, when he made the reply, "I have a 'bunkem' fence." "What kind of fence is that, thundered the court." "A 'bunkem' fence," answered the witness, "is a fence that is horse-high, bull-strong, and pig-tight." That is just the kind of fence I sell. The price ranges from 25c to 60c, a rod depending on the style and height. I also sell the
