The Breath of Life.

It's a significant fact that the strongest animal of its size, the gorilla, also has the largest lungs. Powerful lungs means powerful creatures. How to keep the breathing organs right should be man's chiefest study. Like thousands of others, Mrs. Ora A. Stephens, of Port Williams, O., has learned how to do this. She writes: "Three bottles of Dr. King's New Discovery stopped my cough of two years and cured me of what my friends brought consumption. O, it's grand for throat and lung troubles." Guaranteed at Trout's drug store. Price 50c and \$1.00. Trial bottle free.

Finger Cut Off.

On Monday the 20th of February at Grover Cleveland Mellott, son of H. K. Mellott, of Licking Creek township, was engaged at work on his father's saw mill, while repairing something about the saw, which had for the time stopped. The engineer, not knowing that young Mellott was near the saw, started the mill. Unfortunately at the time Mr. Mellott had a hold on the saw, and the index finger of his right hand was caught, cutting it almost off and cutting into the palm of the hand. Dr. McClain was hastily summoned, and, upon examination, decided that the finger would have to be amputated. Dr. Mosser, of this place, was sent for and Dr. McClain, assisted by Dr. Mosser, rendered the necessary surgical operation. At last accounts, the unfortunate man was doing nicely.

Starving to Death.

Because her stomach was so weakened by useless drugging that she could not eat, Mrs. Mary H. Walters, of St. Clair St., Columbus, O., was literally starving to death. She writes: "My stomach was so weak from useless drugs that I could not eat, and my nerves so wrecked that I could not sleep; and not before I was given up to die was I induced to try Electric Bitters; with the wonderful result that improvement began at once, and a complete cure followed." Best health tonic on earth. 50c. Guaranteed at Trout's drug store.

Faith and Works.

Tess—Mr. Gayman, of course, is a notorious flirt, and yet his wife declares she has great faith in him.

Jess—My dear girl, when a society woman speaks of her faith in her husband she simply means faith in his ability to make money for her.—Catholic Standard and Times.

Wire Fence! Wire Fence! Much Cheaper Than Any Style of Wood Fence

Let us figure together. A stick of timber that will square 6 inches and is 104 feet in length, will make 494 feet of lumber, which at \$1.50 a hundred, is worth 75 cents. Now, I can sell you a good wire fence for 32c a rod, which is less than half the cost of a board fence. The style I sell at 32c is a "bunkem" fence. A witness in court was once asked what kind of fence he had, when he made the reply, "I have a 'bunkem' fence." "What kind of fence is that, thundered the court." "A 'bunkem' fence," answered the witness, "is a fence that is horse-high, bull-strong, and pig-tight." That is just the kind of fence I sell. The price ranges from 25c to 60c, a rod depending on the style and height. I also sell the
