To Establish Water Power.

A project is now well under way for the establishment of an immense water power on the Raystown branch of the Juniata river, near the well known Juniata Crossings in Bedford county. For several miles west of the Crossings, the river runs east along the base of a high ridge until it reaches the Crossings, it then reverses its course and follows the other side of the ridge for several miles. At a point two miles west of the Crossings, the ridge is about five hundred feet high, and by a survey recently made it was ascertained that by a tunnel only eight hundred feet long through this ridge the river can be reached on the other side of the ridge with a fall of about thirty-five feet, thus affording the greatest water power in this section of the State. A dam five feet high will be constructed across the river, and it is proposed to divert the river from its natural channel and carry all the water through the tunnel. By the tunnel or cut of eight hundred feet, the course of the river will be shortened five miles, and the famous Juniata Crossings will be left high and dry and will lose many of its charms, as it has been famous as a resort for fishermen, for camping parties, and for its well known hostility.

A company has been formed and has already obtained the right of way from Edward Weavering, the owner of the land, and as soon as a charter is secured work will be commenced and pushed to completion, which must be within three years. The object of the company is to furnish power for trolleys, electric light plants, and for all mechanical purposes.

The best safeguard against headache, constipation and liver troubles is DeWitt's Little Early Risers. Keep a vial of these famous little pills in the house and take a dose at bed time when you feel that the stomach and bowels need cleansing. They don't gripe. Sold by Stout eagle & Bro.

Church Consolidation.
Representatives of the Presbyterian church south, United Presbyterian church, Reformed church in the United States, Reformed church in America and the Reformed Presbyterian church will meet at Charlotte, N. C., on March 14th for the purpose of preparing a basis for the federation of the denominations. The various general assemblies and general synods received the report favorably, but in each instance referred it back to the joint committee for more detailed plans.

Newspaper Press a Strong Ally.
"I cannot express too strongly," said the Health Commissioner, "my appreciation of the support I have had from the public press throughout Pennsylvania in educating the parents of our school children to the necessity of protecting their little ones against small pox. With very few exceptions the daily and weekly press of the State have editorially and through their news columns spoken in no uncertain tones in behalf of vaccination."

"I have been able to keep in touch with the effect of this newspaper influence and I know that prejudice has been overcome by it; that in communities where the anti vaccinationists had sown abundant seed, they have failed to reap their harvest because of the splendid fight which the press has made on behalf of public health."

Widow Swindled out of \$500.
Mrs. Zepha Ruthrauff, a widow, who conducts a boarding house on East Market Street, Chambersburg, was swindled out of a sum of money amounting to \$500, during the past week. Newton Weddell and Levi Kaufman were recently employed by the C. V. R. R. as brakemen. They boarded with Mrs. Ruthrauff. Late in February they got into trouble and were discharged. Weddell then represented to Mrs. Ruthrauff that he was negotiating for the purchase of a grocery store in Chambersburg. He wanted to borrow \$500 and said he would give Mrs. Ruthrauff first mortgage on the store. Accordingly, she wrote him a check. He got the money on Monday and the police say immediately left the city, going to Martinsburg, W. Va., where he was arrested, but because of a technicality allowed to go. It was learned that he took a train to Cumberland, and word was sent there to arrest him. He had purchased tickets for the west. Constable Miller joined the prisoners at Cumberland, Tuesday, and awaited extradition papers applied for by District Attorney Long.—Register.

Wire Fence! Wire Fence! Much Cheaper Than Any Style of Wood Fence
Let us figure together. A stick of timber that will square 6 inches and is 164 feet in length, will make 494 feet of lumber, which at \$1.50 a hundred, is worth 75 cents. Now, I can sell you a good wire fence for 32c a rod, which is less than half the cost of a board fence.
The style I sell at 32c is a "bunkem" fence. A witness in court was once asked what kind of fence he had, when he made the reply, "I have a 'bunkem' fence." "What kind of fence is that, thundered the court." "A 'bunkem' fence," answered the witness. "Is a fence that is horse-high, bull-strong, and pig-tight." That is just the kind of fence I sell. The price ranges from 23c to 60c, a rod depending on the style and height.
I also sell the
