**The Publisher's Claims Sustained**

**UNITED STATES COURT OF CLAIMS**

The Publishers of Webster's International Dictionary allege that it "is, in fact, the popular Unabridged thoroughly re-edited in every detail, and vastly enriched in every part, with the purpose of adapting it to meet the larger and severer requirements of another generation."

We are of the opinion that this allegation most clearly and accurately describes the work that has been accomplished and the result that has been reached. The Dictionary, as it now stands, has been thoroughly re-edited in every detail, has been corrected in every part, and is admirably adapted to meet the larger and severer requirements of a generation which demands more of popular philology than any generation that the world has ever contained.

It is perhaps needless to add that we refer to the dictionary in our judicial work as of the highest authority in accuracy of definition and that in the future as in the past it will be the source of constant reference.

CHARLES C. NOTT, Chief Justice.  
LAWRENCE WELDON, Justice.  
JOHN DAVIS, Justice.
