North Dakota Letter.

NEW ROCKFORD, N. D., June 28. - As several friends have asked me to write, I send this for publication in the News.

I arrived here at the home of my nephew, George Lake, on the twentieth of April, and found him busy with spring work. He has 270 acres of crop, and the prospect of a good yield is good,

I have often heard of North Dakota being a dry place, out I have found it very wet, and the whole State is in a prosperous condition.

Of course, this has been an unal appearance is far from that of the size of a large cat. The down al appearance is far from that of the size of a large cat. The den machinery to extricate some twine Teast No. 1. Contains 10 acres a drouth stricken state.

have all disappeared and large and the next day drove to Steele die pierced through his hand. He acre. The improvements are a 24houses and barns have taken which is about 44 miles from his spoke to the horses, but when they story weatherboarded House, and a

large two-story house together He will receive a bounty of \$2.50 enough to loosen the tightener on the choice nursery fruit. with a large barn, granary, ma- fer head for them. It was just chine sheds, wind pumps, and fine to see the bounds run; they other necessary outbuildings, all will take about 16 feet at one pured four stitches in the back, and Terms to this purchaser. For fursurrounded by a nice grove of jump. cotton wood trees.

even fitted with a complete sys- county. We went in the morntem of water works and steam ing, taking our dinners with us. heat; all they need is electric and ate in the grove on the north lights to enjoy the modern con, side of the city. In the atternoon veniences of the city.

running all over the country and choirs of the Methodist and Presany one familiar with its use does byterian churches, several se not need to be told how this adds lections by the Steele Band and to the convence of a farmer, as two speaches, which dealt largewell as supplying a means of vis- ly with the growth of the counlong winter evenings.

el; I could agree with both opin- lag. ions and not miss it very much.

the country since I have been this trip we were unfortunate here, and I have seen parts where | enough to break a buggy spring. it would be rather hard to farm; and had to use a fence post. but for the most part, it is gently which we borrowed of a neighrolling and well adapted to the boring farmer, to take the place

without variation; I have seen small tracts of, perhaps, a section around my face for protection. where it would be sandy; these afford excellent pasture as d when then began the return journey. a country is so large they are con- The first day we lost 6 or 8 miles sidered very small.
