STALE BREAD AND SKIMMED MILK.

Rev. Jacob Kurtz Says People Should Eat More Sparingly and Think of Holy Things

The Rev. Jacob Kurtz, known as the "Housetop Preacher" is preaching roofsermons in Waynesboro. He works in the harvest field during the day and preaches in the evening.

Mr. Kurtz says the people eat too much and live too expensively. He declares he is living on 13 cents a day.

His bill of fare is as follows: Milk (skimmed) one pint each meal; costs 7 cent a day. Three slices of stale bread, each half an inch thick, each meal; costs per day 2 cents.

Coffee, half cup each meal, costs per day 1 1/2 cents. Jelly, two tablespoonfuls each meal; costs 1 cent.

This makes a total of 6 1/2 cents a day. But Mr. Kurtz says that the good farmers around Waynesboro compelled him to eat a little more, which costs as follows:

Two eggs, each meal (farm prices) 6 cents a day. One piece of pie, 1 cent.

The last named items he classed as luxuries and says he did not need them.

Mr. Kurtz while he has been preaching around Waynesboro has been cradling wheat, rye and oats, and has been one of four to bind wheat behind a spirited pair of horses and a modern reaper. He declares that he was able to stand the work better than the younger men, who gorged themselves with rich foods and then sold their souls to the devil, cursing because the things did not go right. He says all they needed was to eat sparingly and think of holy things.

Miss Della McCargo, of Narberth, Pa., is visiting here with Mrs. Thomas Clyde, of Philadelphia.

BERRY BREAKS SCHOOL RECORD.

Unprecedentedly Quick Payments, Despite Revenue Board.

When State Treasurer Berry took office he announced that no school funds would be held up for pet banks, but all would be paid as soon as their reports were sent in. This was cheering news for the school directors, and they began to file reports with Superintendent Schaeffer, who notified Mr. Berry, the latter in turn telling the Superintendent to send every district so reporting a warrant, and he would cash it.

The State Treasury alone has the say as to when school funds shall be paid out, regardless of the handicapping State Revenue Board, and up to the present 1400 districts have been paid \$2,600,000.

The school districts of Fulton county all have their money except one or two that have failed to send in their annual report.

It's Emery, Black, Creasy and Green. The Lincoln Republican convention reassembled in Philadelphia on Tuesday, and took off from their ticket Blankenburg, Merrick, and Coray, and substituted the names of Black, Creasy and Green. The Democrats and Independent Republicans now have identically the same ticket, namely, for Governor Lewis Emery, Jr.; Lieutenant Governor, Jeremiah S. Black, a grandson of Judge Jere Black, Fulton county's first President Judge; for Auditor General, William T. Creasy; and for Secretary of Internal affairs, John J. Green, of Philadelphia.

The prohibition people are likely to come into this fusion. The ticket, as it stands, is composed of one Republican and three Democrats. The Independents were willing to do this by giving them the head of the ticket. This is one of the years when voters have less concern for party supremacy, and more interest in honest government. That the government of Pennsylvania has been scandalously rotten, and that the people have been ridden by bosses who had no other thought than fattening themselves and their friends at the public trough, is a fact so notorious, that men all over the State, without regard to previous party affiliation, are uniting to destroy the barnacles that threaten the speedy destruction of the good old ship of state.

THE ROUSS RACKET STORE
A couple weeks ago we made mention of our machine oil, and we are glad we did, for it has saved the farmers some, and made us a little money. We know we are selling just as good (and better) oil at 25c, than others are asking 40 and 50c for. If you have not tried this oil it will be convinced. And this is not the only thing we save you money on.
We have added to our increasing trade White Lead and Kello's pure Linseed Oil. The lead is the Dutchess, and is made by the oil process, and guaranteed to be as good, and better, than most white lead. It comes in 12 1/2, 25 and 50 pound buckets at 7c lb. Every one knows what Kello's Linseed Oil is. We sell it at 50c gal. We also have turpentine, Japan dryer, shellac varnishes, and all colors ground in oil to mix paint.
We were fortunate in getting 4 dozen of those good double bitted axes at 50c.
Surely we have sold a nice lot of granite ware this season, and got a new lot last week. Kettles 10, 12, 18, 24, 30, 35, 38, to 50c. Coffee pots 23 to 35. Milk strainers 12 to 24c. Hurrah! For The I. H. C.

The Gasoline Engine is one of the most useful things a farmer can own. With one of these useful machines he can saw wood, grind feed, shell corn, pump water, and many other things. They are being used in so many places for electric light plants. I have sold two since Jan. 1, 1905, and expect to sell several more before the year is up.
The demand for Pittsburg force is still growing. This is a positive proof that it is all right. I have it on hand, and am selling it right along at the lowest price possible.
The time for fodder twine is coming on, and I have just bought one and a half ton of it. I expect to sell it at a very close margin. See me before you buy.
My space in the paper does not give room to mention all the different kinds of goods I sell; but will name a very few, such as:
Machine oil, 18 to 37 per gal.; Linseed oil, 50c a gallon; Harness oil, 30c, a gallon; Cylinder oil, 35c a gallon; Axle grease, 10 lb., 65c; Collars, Collar pads, Wire, Wire nails, Buggy tire, Horse shoes, White lead, 7 and 7 1/2 c.; Ready-mixed paint, \$1.15 a gallon; Shovels, Hoes, Picks, Trace chains, Halber chains, Fork handles, Pick handles, Hand saws from 40c. to \$2.50; Hay forks, rope and pulleys; Cross-cut saws, from \$1.10 to \$4.00; Single and Double Axes.
